Since 9/11 security surveillance and access to personal information by government and their agencies has increased and become, in some people's eyes, more intrusive and unacceptably controlling and monitoring. To understand the full range and potential impact of these changes it is necessary to look across a very wide spectrum of data and opinion. This is not a subject that simply looking at the media can provide a balanced view of; there are many international agencies and organizations, academic institutions, experts and other knowledgeable individuals with valid and informed views who can contribute to the debate. A humorous guide to seducing, satisfying, and loving the only man you'll ever need In an act of generosity, Adrian Colesberry has written an exquisitely detailed guidebook to ensure that every reader knows precisely how to please him-in bed and beyond. Brimming with self-indulgent and incredibly bawdy humor, *How to Make Love to Adrian Colesberry* is a humorous sexual memoir disguised as a manual on Colesberry's pet peeves, favorite positions, and surefire ways to turn on your man (aka Adrian Colesberry). Recounting dozens of annoying peccadilloes and helpful tips gleaned from his experiences with former lovers, Colesberry covers all stages of the court-and-conquer-Adrian-Colesberry process. Beginning with how to attract Colesberry, he later progresses to foreplay and finally the full monty, revealing his own erratic, often unerotic sexual history along the way. A pitch-perfect parody that spares no detail, *How to Make Love to Adrian Colesberry* is a hilarious and filthy new entrant into the fratire genre.
