Jacobs is a hard-
headed wolf shifter,

people's feelings.
Everything changed
when he met
Samantha. He knew
she was his mate the
moment he laid eyes
on her in the
elevator of his

he's going to pull
out all the stops to
make her trust him

Romance

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living.

When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit

within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have

become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys ' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Allison Brennan's Cold as Ice, FBI Agent Lucy Kincaid must get into the head of a psychopath to save her

family, and herself Two years ago, FBI Agent Lucy Kincaid put psychopath Elise Hansen Hunt in juvenile detention for her role in an organized crime syndicate. Now eighteen, Elise has been released with a clean slate, and plans to take her revenge by making Lucy's life hell. The plot begins with Lucy's husband Sean Rogan, who has been arrested for a murder he most certainly did not commit. Lucy is determined to prove Sean's

innocence, but is warned off the case by her boss. As she calls in reinforcements, she learns that Sean's brother Kane is missing in Mexico, her partner Nate Dunning has been arrested for possession of cocaine, and her friend Brad Donnelly has been kidnapped outside DEA headquarters. Lucy realizes that Elise doesn't have the resources or patience to execute such a devious plan. Did Elise's father orchestrate everything from prison? Or is there someone

even more calculating seeking revenge on Lucy by hurting the people she loves? One thing is certain: if Lucy doesn't find the answers fast, Sean will die. *Paris By Starlight* Createspace Independent Publishing Platform It's a summer internship. In his newest heart-pounding suspense novel, #1 New York Times bestselling author Terry Goodkind introduces the world to his most unforgettable and deadly character yet. Angela Constantine is a girl born broken. When Angela was young, before she came to realize she had a rare ability, she was a rather ordinary girl. At least, that was what everyone said. But Angela is anything but ordinary. The daughter of a meth addict,

she is convinced she was born a freak. Haunted by an abusive childhood, she was forced to become a woman far too soon. And in the process, she became more. Angela Constantine has a secret life. Angela juggles multiple jobs to live a secluded life in a cabin in the mountains. But she also lives a secret life, right under everyone's noses. Because her family's bloodline carries the ability to recognize killers, she adopts a solitary, violent existence in service of her own, personal mission in life. When Angela unexpectedly finds herself the prey of a group of international terrorists, she is the only one who knows the truth of what they are about to do. She might look like an unlikely hero. She might also be our only hope. Angela Constantine is . . .The Girl in the Moon.
