The Astrological Imagination Llewellyn Worldwide Limited
Synthesis & Counseling in AstrologyUniversity of Hawaii Press
iUniverse
We like to think we are sensible beings who base our actions on conscious decisions. The fact is, all of us are subject to the occasional irrational impulse, the "wild hair" that surprises us and those around us. Usually, this is not a big problem -- in fact, it can act as a safety valve for our creative abilities and a check against unnecessary self-restriction. But it's not so healthy when we find ourselves driven by compulsions and obsessions that seem to take over our lives and consume our attention and energy. How can we discover the origins of these forces? Can we turn them into something constructive? Astrology provides a key to these questions in the quindecile. This newly researched 165-degree aspect of hidden driving forces is thoroughly explored in these pages by an experienced astrologer and mental health professional. Numerous chart examples support the analysis of the quindecile in natal, transit, progressed, and synastry horoscopes. A full set of delineations and interpretations lets you quickly add this illuminating factor to your understanding of any chart. In these pages, you will explore: * The psychological dynamics of obsession-compulsion * Planetary dynamics by sign, element, and triplicity * The quindecile in natals, progressions, transits, and synastry * A full reference section of interpretations and delineations * Numerous chart examples of well-known people You will find that The Quindecile not only points out the nature of inner compulsions, but also suggests ways to transform them into constructive, creative activities and projects. The New Way to Learn Astrology Visible Ink Press
Shows you how an experienced astrologer works on a horoscope to arrive at meaningful insights, step-by-step.
Synthesis & Counseling in Astrology Llewellyn Publications
Once you understand the astrological chart, it's time to bring order and clarity to your consultations with clients. Renowned astrologer Noel Tyl explores astrological interpretation as an art form. Emphasizing the horoscope as a reflection of an individual, he demonstrates how to transform astrological data into a vivid personality portrait. Tyl's thoughtful discussion includes peregrine planets, the lunar nodal axis, midpoints, aspects, and how they relate to the evolving life reality of an individual. Tyl also provides a cohesive, effective format for meeting with clients. Actual case studies of the author's consultations-including dialogue and natal chart-highlight sharp astrological interpretation and the nuances of this delicate person-to-person interaction.
Llewellyn's Complete Book of Astrology Synthesis & Counseling in Astrology
Teachings and techniques from the foremost astrologer of our era.
Signs of Mental Illness University of Hawaii Press
There are thousands of highly practical and often entertaining astrology books freely available to consumers who have become familiar with the basic parameters of astrology. The authors of these books, and most other astrologers, analyze only the "ten planets"--the sun and the nine planets of our solar system. Author William Noah asserts that this simple method is insufficient because the energy of mankind is not solely captured in the planets. Noah's all-inclusive work serves as a tutorial and reference for the world of asteroids and planets. Of the thousands of asteroids in the universe, Noah has selected twenty key asteroids that are the most relevant to the events, experiences, encounters, and future possibilities of the astrology-interested public. Noah's comprehensive work includes: Charts with meaning and symbolism of zodiac signs and houses Lists of planetary symbolism and meaning Alignment of chart interpretation with the complementary astro-mythic energy characterization of triangular Grand Trine formations depicting the meaning and permanent effect for life momentum Natal charts for every president of the United States Natal charts for popular American celebrities The "Astrology of America" goes beyond analysis of the planets to prepare horoscopes by introducing preselected asteroids into the astrological mix. Noah believes his use of these asteroids, along with planetary placement, builds a framework that identifies the surest way to reach success and meaning in life.
Vocational Profiling Llewellyn Worldwide Limited
Learn how to determine and interpret the essential

personality traits indicated by the birth chart.
Interpreting a horoscope effectively and determining an individual ' s primary qualities, strengths, and weaknesses requires skill in collecting and organizing astrological information. The Art of Chart Interpretation presents a practical system for amateur and professional astrologers confused by the many details of the birth chart. With clarity and insight, Tracy Marks provides a comprehensive method for collecting and evaluating astrological data. Her step-by-step techniques and worksheets aid astrology students in developing their abilities to analyze and synthesize the many facets of the chart and to grasp the essential features of the personality.
Analysis and Prediction Llewellyn Worldwide
Astrology isn't just a science, it's a human science. The purpose for astrology isn't to simply collect numbers and determine their meanings, it's to use that information to give guidance in life. You can learn the science of chart interpretation through books, DVDs, and practice. Learning how to give a consultation with a client, however, is a skill that can turn a so-so astrologer into a great astrologer. This skill is what you'll learn on Guides for Consultation, the fifth volume of Noel Tyl's Masterwork Series of DVDs. The key to giving a good astrological consultation goes beyond knowing what a chart means. Rather, as Tyl says, it's about "understanding and appreciating and applauding and supporting the human being." This DVD shows you exactly how to do that, bringing the focus of your consultation back to the individual rather than the chart. One of the important aspects of astrological consultation is developing ways to inform clients of important information without having the client reject what you're telling him or her due to fears or being overwhelmed. That is one of the skills you'll learn in this private lesson from the master of astrology. When you master this skill you'll be able to give readings that clients will describe as having inestimable value. You'll help them learn to change their minds when necessary and at the appropriate time.
Medical Astrology Llewellyn Worldwide Limited
This book illustrates the power of astrology to facilitate emotional healing, aid the lives of couples and families, guide career development, and promote focus and purpose in daily life. Astrology ' s Higher Octaves combines therapeutic astrology, the astrological study of relationships, vocational astrology, archetypal psychology, dreamwork, and the synthesis of astrology and music. Through detailed examples, readers learn to refine their interpretive skills and to practice astrology as a vital catalyst for both inner and outer works, a way to achieve integration. Influenced by Jung ' s interest in astrology and dream analysis, Greg Bogart, PhD, presents a potent technique for combining astrology and dreams, where parallels and synchronicities between dream imagery and planetary symbolism amplify the truthful messages both convey, showing clear steps forward for transformation at crucial transitions. He illustrates how vocational astrology, informed by career counseling theory, helps us choose optimal occupational paths and fosters strategic timing and steady accomplishment in the realm of work. Readers also learn about diurnal astrology, which enhances the enjoyment of daily tasks and activities, sharpening our sense of purpose and time management skills. The book concludes with the spiritual value of astrology, a practice that refines us vibrationally in a manner analogous to music so that over the course of life we can discover and express distinctive tones. Recognition of the potentials shown in the birth chart prepares us for gradual sculpting of the life until it becomes a reflection of our celestial ideal. By unifying astrology with psychotherapy, vocational counseling, and dream interpretation, Astrology ' s Higher Octaves expands the celestial art ' s range of social influence and teaches us to extend the ray of consciousness in many directions simultaneously.
Midpoints Llewellyn Worldwide
The scientific, historic, and popular basis behind the ancient art of astrology is explored in this comprehensive reference. The guide also includes a table of astrological glyphs and abbreviations, a section

on casting a chart, and a chapter that explains and interprets every planet in every house and sign.
Noel Tyl's Guide to Astrological Consultation Nicolas-Hays, Inc.
Six expert astrologers solve mysteries in Western history using rectification to capture the lives of six geniuses who influenced the arts, sciences and government.
Astrology of the Famed Llewellyn Worldwide
For many astrologers, the thought of doing a rectification can be terrifying. Rectification is the art and science of determining a nativity when the birth date, time, and/or location are unknown. Why can this be terrifying? Because astrologers will make determinations and give advice based on that discovered horoscope. If you perform a rectification--a must for people who don't have all of their birth information--and don't have the right version of the rectified chart, the information you provide your client may be decidedly wrong. Give a client inaccurate advice because your rectification was incorrect and the decisions and choices your client makes could be...well, let's not go there. Instead, just consider what could happen and you'll see why some astrologers won't touch rectification, even though it's a vital skill. Leave it to Noel Tyl to boldly go where other astrologers fear to tread! In Rectification, the sixth volume of his Masterwork Series of DVDs, Tyl reveals the skills that will help you get over any fears you might have of the rectification process. As is typical in Tyl's technique, the method goes beyond merely looking at numbers. Here he shows you how to use your logic, your wits, and your perceptions to make valid rectified charts, resulting in accurate astrological interpretations and predictions. If you've been afraid of doing rectifications, or simply haven't done them before, this DVD will bring you the insights that will allow you to take your astrological skills to a higher level. This DVD is a must for anyone who is a professional astrologer, who wants to become a professional, or simply wants to advance their astrological knowledge and skill.
Astrology of Intimacy, Sexuality & Relationship Llewellyn Publications
In this indispensable astrology book, Noel Tyl presents the definitive study of astrology's most accurate prediction system. The first major presentation of Solar Arc theory and practice in the English language, this book offers the entire application spectrum of Solar Arcs, dramatized in numerous case studies. Tyl explains the theory behind Solar Arcs from their inception in ancient times to their present-day articulation in rich, psychodynamic natal analyses. He also focuses on their quintessential importance to modern rectification methodology, the divining of unknown birth times. Finally, he shows you how to maximize computer software support to produce definitive results. Learn the developmental history of the Solar Arc method Identify important development times in anyone's life, at a glance Explore the timing power of Tertiary Progressions Follow step-by-step rectification methods Use the 100-year Quick Glance Ephemeris Acquire knowledge of 1,130 possible Natal and Solar Arc Midpoint pictures Solar Arcs reveals the immense power of today's fastest growing astrological method. Written for the advancing student and the professional astrologer, Noel Tyl's work will transform the way you practice astrology.
