'There's a saying that all roads lead to Ankh-Morpork. And it's wrong. All roads lead away from Ankh-Morpork, but sometimes people just walk along the wrong way.' Ankh-Morpork! City of One Thousand Surprises (according to the famous publication by the Guild of Merchants)! Snuff Harper Collins The new Discworld novel, the 40th in the series, sees the Disc's first train come steaming into town. Change is afoot in Ankh-Morpork. Discworld's first steam engine has arrived, and once again Moist von

Lipwig finds himself with a new and challenging job. Thud! Harper Collins " [Pratchett 's] books are almost always better than they have to be, and Going Postal is no exception, full of nimble wordplay, devious plotting and outrageous situations, but always grounded in an astute understanding of human nature. " — San Francisco Chronicle The 33rd installment in acclaimed New York Times bestselling author Sir Terry Pratchett's Discworld series, a splendid send-up of government, the

postal system, and everything that lies in between. Suddenly, condemned arch-swindler Moist von Lipwig found himself with a noose around his neck and dropping through a trapdoor into . . . a government job? By all rights, Moist should be meeting his maker rather than being offered a position as Postmaster by Lord Vetinari, supreme ruler of Ankh-Morpork. Getting the moribund Postal Service up and running again, however, may prove an impossible task, what with literally mountains of decades-old undelivered mail

clogging every nook and cranny of the broken-down post office. Worse still, Moist could swear the mail is talking to him. Worst of all, it means taking on the gargantuan, greedy Grand Trunk clacks communication monopoly and its bloodthirsty piratical headman. But if the bold and undoable are what's called for, Moist's the man for the job—to move the mail, continue breathing, get the girl, and specially deliver that invaluable commodity that every being, human or otherwise requires: hope. The Discworld novels can be read in any order but Going

Postal is the first book in the Moist von Lipwig series. Going Postal National Geographic Books Commander Sam Vimes must solve the murder of one dwarf or see the Battle of Koom Valley reenacted right outside his office. Going Postal Harper Collins For every Terry Pratchett fan, an absolute must-have, giftable book—favorite quotations from his beloved Discworld canon. Gleaned from more than two decades' worth of Discworld tales,

here is an essential compendium of insightful musings, witty commentary, and sagacious observations by New York Times bestselling author Terry Pratchett, compiled by Pratchett expert Stephen Briggs. • In the bathtub of history the truth is harder to hold than the soap, and much more difficult to find...

- All assassins had a full-length mirror in their rooms, because it would be a terrible insult to anyone to kill them when you were badly dressed. Filled with wonderful bon

mots, double entendres, not to mention breathtaking insights, *The Wit and Wisdom of Discworld* is a compendium of the wittiest, pithiest, and wisest quotations from Terry Pratchett's madcap universe—a place that looks, sounds, and smells suspiciously like our own.

“ Pratchett has created an alternate universe full of trolls, dwarfs, wizards, and other fantasy elements, and he uses that universe to reflect on our own culture with

entertaining and gloriously funny results. It's an accomplishment nothing short of magical. ” —Chicago Tribune
Tiffany Aching Complete Collection Harper Collins
Commander Sam Vimes of the Ankh-Morpork City Watch is having some time off. Apparently. But crime doesn't take a break -- it's a truth universally acknowledged that a policeman on holiday would barely have time to open his suitcase before he finds his first corpse. In the seemingly peaceful countryside, Vimes

discovers much more than a body in the wardrobe. For the local nobles are hiding a deep, dark secret. There are many, many bodies -- and an ancient atrocity more terrible than murder. Vimes is out of his jurisdiction, out of his depth and out of his mind. But never out of ideas. Where there is a crime there must be a punishment. They say that in the end all sins are forgiven. This might be the exception...
Making Money
Random House
'Just because you can't explain it, doesn't mean it's a miracle.' In the

beginning was the Word. And the Word was: 'Hey, you!' This is the Discworld, after all, and religion is a controversial business. Everyone has their own opinion, and indeed their own gods, of every shape and size, and all elbowing for space at the top. In such a competitive environment, it's certainly not helpful to be reduced to appearing in the form of a tortoise, a manifestation far below god-like status in anyone's book. In such instances, you need an acolyte, and fast: for the Great God Om, Brutha the novice is the Chosen One — or at least the only One available. He wants peace and justice and brotherly love. He also wants the Inquisition to stop torturing him now, please... Now adapted into graphic novel form with new artwork by Ray Friesen. The Carpet People Random House "Start with Douglas Adams' s comic science fiction (A Hitchhiker' s Guide to the Galaxy) and J.R.R. Tolkien' s alternative worlds, mix in James Ellroy' s gritty realism and Jonathan Swift' s unflinching satire and, if you' re lucky, you' ll get something like Terry Pratchett' s Thud! " —Wall Street Journal City Watch

Commander Sam Vimes must solve the murder of a prominent dwarf or watch as Discworld is plunged into a bloody civil war in Terry Pratchett' s delightful Discworld satire, a brilliant tale of prejudice, ancient feuds, and tender fatherhood. Long, long ago, in a gods-forsaken hellhole called Koom Valley, trolls and dwarfs met in bloody combat. Centuries later, each side still views the other with simmering animosity that has been heightened of late because of one Grag Hamcrusher. The influential dwarf

has been fomenting unrest among a section of Ankh-Morpork ' s citizenry—a volatile situation made far worse when the petite provocateur is discovered bashed to death . . . with a troll club lying conveniently nearby. If he doesn ' t solve the murder of just one dwarf, Commander Sam Vimes of Ankh-Morpork City Watch is going to see it fought again, right outside his office. But more than one corpse is waiting for Vimes in the eerie, summoning darkness of a labyrinthine mine network being secretly excavated beneath Ankh-Morpork ' s streets. With war-drums beating ever louder, Vimes must unravel every clue, outwit every assassin,

and brave any darkness to find the solution. And the darkness is following him, pulling him deep into the muck and mire of superstition, hatred, and fear—and perhaps all the way to Koom Valley itself. Until six o ' clock every day, when without fail, the Commander goes home to read *Where ' s My Cow?*, with accompanying farmyard noises, to his little boy. Because there are some things you must do. The Discworld novels can be read in any order but *Thud!* is the 7th book in the City Watch collection and the 34th Discworld book. The City Watch collection in order: *Guards! Guards!* *Men at Arms* *Feet of Clay* *Jingo* *The Fifth Elephant* *Night*

Watch *Thud!* *Snuff* *Making Money* *Random House* They say there are only two things you can count on ... But that was before DEATH started pondering the existential. Of course, the last thing anyone needs is a squeamish Grim Reaper and soon his Discworld bosses have sent him off with best wishes and a well-earned gold watch. Now DEATH is having the time of his life, finding greener pastures where he can put his scythe to a whole new use. But like every cutback in an important public service, DEATH's demise

<p>soon leads to chaos and unrest -- literally, for those whose time was supposed to be up, like Windle Poons. The oldest geezer in the entire faculty of Unseen University -- home of magic, wizardry, and big dinners -- Windle was looking forward to a wonderful afterlife, not this boring been-there-done-that routine. To get the fresh start he deserves, Windle and the rest of Ankh-Morpork's undead and underemployed set off to find DEATH and save the world for the living (and everybody else, of course). Terry Pratchett's Discworld</p>	<p>Colouring Book Harper Collins This collection includes all five Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series, including the final Discworld novel, The Shepherd's Crown. The Wee Free Men: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very unusual help: the local Nac Mac Feegle—aka the Wee Free Men. A Hat Full of Sky: Tiffany Aching is</p>	<p>ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! Indeed, there is. . . . Wintersmith: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. I Shall Wear Midnight: As the witch of the Chalk, Tiffany Aching</p>
---	--	---

performs the distinctly unglamorous work of caring for the needy. But someone—or something—is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root, for if she falls, the whole Chalk falls with her. . . . The Shepherd's Crown: Deep in the Chalk, something is stirring. The owls and the foxes can sense it, and Tiffany Aching feels it in her boots. An old enemy is gathering strength. This is a time of endings and beginnings, old

friends and new, a blurring of edges and a shifting of power. Now Tiffany stands between the light and the dark, the good and the bad. There will be a reckoning. . . . Split Heirs Gollancz “ A lively outing, complete with sly shout-outs to Jane Austen and gritty police procedurals. ” —Publishers Weekly (starred review) In Terry Pratchett ' s delightful New York Times bestselling tale of crime, class, prejudice, and punishment, Commander Sam Vimes of the Ankh-Morpork City Watch is on vacation. But this is

Discworld, where nothing goes as planned—and hilarious adventure ensues. It is a truth universally acknowledged that a policeman taking a holiday would barely have had time to open his suitcase before he finds his first corpse. At long last, Lady Sybil has lured her husband, Sam Vimes, on a well-deserved and long-overdue holiday. But for the commander of the City Watch, a vacation in the country is anything but relaxing. The balls, the teas, the muck—not to mention all that fresh air and birdsong—are more

than a bit taxing on a cynical city-born and -bred copper. The policeman is back on familiar ground when a body is found—the first of many, many corpses—and an ancient crime more terrible than murder is uncovered. Out of his jurisdiction, out of his element, and out of bacon sandwiches (thanks to his well-meaning wife)—Sam must rely on his copper ’ s instincts, guile, and Ankh-Morpork street smarts to see justice done. As he sets off on the chase, though, he must remember to watch where he steps. . . . This is the countryside, after

all, and the streets most definitely are not paved with gold. The Discworld novels can be read in any order, but Snuff is the 8th book in the City Watch collection and the 39th Discworld book. The City Watch series in order: Guards! Guards! Men at Arms Feet of Clay Jingo The Fifth Element Night Watch Thud! Snuff Raising Steam Harper Collins Why we all deserve a life worth living and a death worth dying for ‘ Most men don ’ t fear death. They fear those things — the knife, the

shipwreck, the illness, the bomb — which precede, by microseconds if you ’ re lucky, and many years if you ’ re not, the moment of death. ’ When Terry Pratchett was diagnosed with Alzheimer ’ s in his fifties he was angry - not with death but with the disease that would take him there, and with the suffering disease can cause when we are not allowed to put an end to it. In this essay, broadcast to millions as the BBC Richard Dimbleby Lecture 2010 and

<p>previously only available as part of A Slip of the Keyboard, he argues for our right to choose - our right to a good life, and a good death too.</p> <p><u>Death and Friends, A Discworld Journal</u></p> <p>Good Press</p> <p>NAMED AS ONE OF THE BBC'S 100 MOST INSPIRING NOVELS 'It was octarine, the colour of magic. It was alive and glowing and vibrant and it was the undisputed pigment of the imagination . . .'</p> <p>Somewhere</p>	<p>between thought and reality exists the Discworld, a magical world not totally unlike our own. Except for the fact that it travels through space on the shoulders of four giant elephants who in turn stand on the shell of an astronomically huge star turtle, of course. Rincewind is the world's worst wizard who has just been handed a very important job: to look after the world's first tourist, upon whose survival rests the peace and prosperity of the land.</p> <p>Unfortunately,</p>	<p>their journey across the Disc includes facing robbers, monsters, mercenaries, and Death himself. And the whole thing's just a game of the gods that might send them over the edge . . .</p> <p>'If you've never read a Discworld novel, what's the matter with you?' --	---	---

Discworld is a creative, mind-bending mash-up of fiction and fact, that offers a wizard ' s-eye view of our world that will forever change how you look at the universe. Can Unseen University ' s eccentric wizards and orangutan Librarian possibly shed any useful light on hard, rational Earthly science? In the course of an exciting experiment, the wizards of Discworld have accidentally created a new universe. Within this universe is a planet that they name Roundworld. Roundworld is, of course, Earth, and the universe is our

own. As the wizards watch their creation grow, Terry Pratchett and acclaimed science writers Ian Stewart and Jack Cohen use Discworld to examine science from the outside. Interwoven with the Pratchett ' s original story are entertaining, enlightening chapters which explain key scientific principles such as the Big Bang theory and the evolution of life on earth, as well as great moments in the history of science. Eric Random House Fifteen-year-old Tiffany Aching, the witch of the Chalk, seeks her

place amid a troublesome populace and tries to control the ill-behaved, six-inch-high Wee Free Men who follow her as she faces an ancient evil that agitates against witches. The Wit and Wisdom of Discworld Harper Collins “ Delightful. . . logically illogical as only Terry Pratchett can write. ” —Anne McCaffrey Will the most unlikely hero in all of Discworld save the universe once again . . . or has his luck finally run out in this wildly

funny installment in Sir Terry Pratchett's internationally bestselling series, a hilarious mix of magic, mayhem, and Luggage. Once upon a time, there was an eighth son of an eighth son who was, of course, a wizard. As if that wasn't complicated enough, said wizard then had seven sons. And then he had an eighth son—a wizard squared (that's all the math, really)—who, of course, was a source of magic, a sourcerer. Unseen University, the most magical establishment on the Discworld, has finally got its wish: the emergence of a wizard more powerful than they've ever seen. But be careful what you wish for . . . As the drastic consequences of sourcery begin to unfold, it's up to one unlikely wizard to save them. Rincewind has survived a string of misadventures, including falling off the edge of the world—which is no mean feat when it's flying through space on the back of a turtle and held up by four elephants. Now, he must take the University's most precious artifact, the very embodiment of magic itself, and deliver it halfway across the Disc to prevent a mathematically blessed sourcerer from leading the wizards to dominate all of Discworld. Can Rincewind and his tiny band, including the carnivorous Luggage, stave off the Apocalypse? The Discworld novels can be read in any order, but Sourcery is the 3rd
