**Handbook of the Bombay Presidency: With an Account of Bombay City** Princeton Review  
A Zen poem is nothing other than an expression of the enlightened mind, a handful of simple words that disappear beneath the moment of insight to which it bears witness. Poetry has been an essential aid to Zen Buddhist practice from the dawn of Zen—and Zen has also had a profound influence on the secular poetry of the countries in which it has flourished. Here, two of America ’ s most renowned poets and translators provide an overview of Zen poetry from China and Japan in all its rich variety, from the earliest days to the twentieth century. Included are works by Lao Tzu, Han Shan, Li Po, Dogen Kigen, Saigyō, Bashō, Chiao Jan, Yuan Mei, Ryōkan, and many others. Hamill and Seaton provide illuminating introductions to the Chinese and Japanese sections that set the poets and their work in historical and philosophical context. Short biographies of the poets are also included.

Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations?For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and

workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets?- Are restricted from traveling outside their villages?- Have no legal right to own land or property?- Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?- Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?- Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights?Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

"Printer's ink is the greatest explosive."?Lawrence Ferlinghetti Lawrence Ferlinghetti founded the City Lights publishing house sixty years ago in 1955, launching the press with his now legendary Pocket Poets Series. First in the series was Pictures of the Gone World?the only book of his own poems that Ferlinghetti would ever publish at City Lights. Within a year, he had brought out two more volumes, translations by Kenneth Rexroth and then poems by Kenneth Patchen. But it was the success and scandal of number four, Howl & Other Poems by Allen Ginsberg (1956), that put City Lights on the map, positioning the Pocket Poets Series at the forefront of the literary counterculture. A landmark sixtieth anniversary retrospective, this edition is a must-have collection, an invaluable distillation of the energetic, iconoclastic, and still fresh body of work represented in the ongoing series. Ferlinghetti has selected three poems from each of the sixty volumes, including the work of Ginsberg, Jack Kerouac, Gregory Corso, Pier Paolo Pasolini, Andrei Voznesensky, Vladimir Mayakovsky, Julio Cort á zar, Frank O'Hara, Marie Ponsot, Denise Levertov, Diane di Prima, Robert Duncan, Phillip Lamantia, Malcolm Lowry, and many more of the Pocket Poets Series innovative, influential, and often groundbreaking American and international poets. Ferlinghetti provides a fresh introduction that looks back at the inspiration for the series, why certain poets were included, and who were the ones that got away. His behind-the-scenes, personal anecdotes provide priceless insights that shed new light on his vision and his editorial practices at a time when the Pocket Poets Series was shaping the contours of poetry's avant-garde.

In commemoration of the one-hundredth anniversary of his birth, Ansel Adams at 100 presents an intriguing new look at this distinguished photographer's work. The legendary curator John Szarkowski, director emeritus of the Department of Photography at New York's Museum of Modern Art, has painstakingly selected what he considers Adams' finest work and has attempted to find the single best photographic print of each. Szarkowski writes that "Ansel Adams at 100 is the product of a thorough review of work that Adams, at various times in his career, considered important. It includes many photographs that will be unfamiliar to lovers of Adams' work, and a substantial number that will be new to Adams scholars. The book is an attempt to identify that work on which Adams' claim as an

important modern artist must rest." Ansel Adams at 100-the highly acclaimed international exhibition and the book, with Szarkowski's incisive critical essay-is the first serious effort since Adams' death in 1984 to reevaluate his achievement as an artist. The exhibition prints, drawn from important public and private collections, have been meticulously reproduced in tritone to create the splendid plates in this edition, faithfully rendering the nuances of the original prints. Ansel Adams at 100 is destined to be the definitive book on this great American artist. John Szarkowski is director emeritus of the Department of Photography, The Museum of Modern Art, New York. He is the author of such classic works as Looking at Photographs, The Photographer's Eye, Photography Until Now, and Atget, as well as several books of his own photographs, including the recently reissued The Idea of Louis Sullivan.
