Condom Nation U of Minnesota Press

The small chunk of North America enclosed within the state boundaries of Connecticut and Rhode Island includes parts of at least six former continents, microcontinents, and volcanic island chains, each with its own geologic history. *Roadside Geology of Connecticut and Rhode Island* introduces readers to the sequence of mountain-building collisions that welded the pieces of land together and to the subsequent upwelling of magma that nearly broke them apart again. Twenty road guides, complete with maps, photographs, and diagrams, locate and interpret the rocks and landforms visible from the state's highways and at nearby parks and historic sites. Readers will discover stretched pebbles at Purgatory Chasm, folded marble at Kent Falls State Park, Eubrontes footprints at Dinosaur State Park, and glacial moraines protruding from the waters of Long Island and Block Island Sounds.

Merriam-Webster's Rhyming Dictionary Apress

More than 2600 species of tiger beetles are found all over the world. In North America there are 116 species of tiger beetle, divided into 153 geographically distinct races. Detailed studies of their natural history, population dynamics, communities, patterns of worldwide species richness, and taxonomy of particular subgroups have produced much information. Tiger beetles are among the most widely investigated groups of insects, especially in terms of their ecology and geographic distribution. The first edition of *A Field Guide to the Tiger Beetles of the United States and Canada*, published in 2005, has served as a field and natural-history guide to all known species of tiger beetles found in North America above the Mexican border. The 2nd edition is a pleasant and comprehensible handbook of the identification, distribution, natural history, and habitat details of the 116 species of tiger beetles in North America. The updated handbook provides new information including observations of seasonality, range extensions and biology, a newly developed list of common names, and twenty-five artistically pleasing identification color plates. The second edition of *A Field Guide to the Tiger Beetles of the United States and Canada* provides essential information to recognize and easily identify tiger beetles for established naturalists and outdoor enthusiasts alike.

Anagram Solver Lexington Books

Originally published in 1960, *The Dictionary of American Slang* is widely regarded as the standard in its field. Expanded and completely updated, this third edition contains more than 19,000 terms of representing the variety and vigor of American slang, from the most widely acceptable to the taboo, and covering all periods of American history -- from the gypsies, soldiers, railroad workers and cowboys of the 19th century to more modern spawning grounds such as the rock 'n' roll world, the corporate sector, African-Americans, gays and lesbians and many more. Intimately connected with the fringes of our culture and responding with vigilance to new developments in technology, slang is the fastest changing part of our language. This new edition considers the subcultures that have emerged in the wake of the past decade's technological and communication advances, including the advent of computer usage at home and in the workplace and the explosion of the Internet and the World Wide Web. With more than 2,000 new terms, the Lexicon of the '90s is recorded here in definitive detail. Like previous editions, this edition features pronunciation guides, word origins, examples of appropriate usage as well as a helpful highlighting system that lets you know which terms should be used with caution, and never in polite company. Both as important archive of the way America is really talking and a lot of fun to read, *The Dictionary of American Slang* will prove to be an invaluable companion in keeping up with the dauntingly jargon-filled, quickly evolving language

of today.

Working the Land Merriam-Webster

Describes the manual, Bibliographic Formats and Standards, 2nd. ed., a revised guide to machine-readable cataloging records in the WorldCat. Describes conventions. Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, *Anagram Solver* includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

The Big Trivia Quiz Book Prometheus Books

As a director, writer, and producer, Christopher Nolan has substantially impacted contemporary cinema through avant garde films, such as *Following* and *Memento*, and his contribution to wider pop culture with his *Dark Knight* trilogy. His latest film, *Interstellar*, delivered the same visual qualities and complex, thought-provoking plotlines his audience anticipates. *The Philosophy of Christopher Nolan* collects sixteen essays, written by professional philosophers and film theorists, discussing themes such as self-identity and self-destruction, moral choice and moral doubt, the nature of truth and its value, whether we can trust our perceptions of what 's "real," the political psychology of heroes and villains, and what it means to be a "viewer" of Nolan 's films. Whether his protagonists are squashing themselves like a bug, struggling to create an identity and moral purpose for themselves, suffering from their own duplicitous plots, donning a mask that both strikes fear and reveals their true nature, or having to weigh the lives of those they love against the greater good, there are no simple solutions to the questions Nolan 's films provoke; exploring these questions yields its own reward.

Collected Papers on English Legal History London : Foulis

Put your general knowledge to the test, and impress your family and friends with your astonishing brainpower and trivia genius. Command Control for Toy Trains Scarecrow Press

Mysterious cold spots, disembodied voices, and smoky apparitions are just a few of the ghostly goings-on gathered by journalist Jason Offutt in his trek across Missouri. Visiting public places such as Civil War battlefields, university halls, and infamous mansions, Offutt draws from hundreds of interviews in his search for restless spirits. A serious but witty look at Missouri's place in the ghostly realm, this book brings together history, folklore, and just enough mystery to intrigue the skeptics and delight the believers.

Dictionary of Historical Terms Collins Reference

Clive Cussler and Dirk Pitt Revealed Springer Science & Business Media

Over the last forty years, Sir John Baker has written on most aspects of English legal history, and this collection of his writings includes many papers that have been widely cited. Providing points of reference and foundations for further research, the papers cover the legal profession, the inns of court and chancery, legal education, legal institutions, legal literature, legal antiquities, public law and individual liberty, criminal justice, private law (including contract, tort and restitution) and legal history in general. An introduction traces the development of some of the research represented by the papers, and cross-references and new endnotes have been added. A full bibliography of the author's works is also included.

Parallax Checkmark Books
