confined to a special medical bed, where I was not allowed to sit up, but required to remain on my back 24/7. This is the story of my search for peace and sanity during that claustrophobic confinement, which subsequently led to a deeper understanding and alignment of my internal, eternal wellbeing." Author Ashley Lyn Olson "There has never been a more important time for healthcare to fully understand the patient experience and this book gave me greater insight into the journey. Along with some entertaining moments, the author's expressive reflections illuminate deeper themes that connect us all. Specifically, healthcare professionals and patients would all benefit from looking through the lens of her unique perspective." Allan "AJ" Johnson, MPT, Physical Therapist, Children's Hospital Director "As a person with a disability, I am in awe of Ashley's ability to choose light over darkness and embrace beauty in all aspects of life, no matter how difficult the circumstances. Her creativity and positive mind are articulated throughout the book, teaching us that our perception can lead us from adversity to a magnificent, spiritual path of appreciation." Wendy Crawford, Co-founder of RawBeautyProject.com "Ms. Olson's journey, as lovingly and humorously recounted in *Confined to Align*, artfully juxtaposes her rising and falling suffering with the beauty she finds in poetry, a joy list ("the smell of dirt"), a fleeting but necessary friendship (with Lola), and blissful slivers of nature. In these things she finds redemption, and her humanity becomes our own. Any physician or health care practitioner reading Ms. Olson's work will discover boundless empathy and compassion for themselves and the patients whom they serve." Jerome Bothe Deck MD, General Medicine "Ashley's blend of poetry, diary entries and reflection immerses the reader in her world. Her positivity and thoughtful approach provide a helpful template for any struggling with adversity." Ian Ruder, Editor, New Mobility; United Spinal Association "When one is paralyzed from a spinal cord injury it is so much more than just about not being able to walk. In

Ashley's raw and intimate account of some of the other debilitating consequences of being paralyzed, we are taken on a journey that is simultaneously painful and up-lifting. What is thrown her way could have easily sent her into dark despair and been a depressing read, but instead we see a fierce, tenacious woman that is both samurai and mermaid (in her words), dive deep into her spirituality and choose to take control of her life. Her poetry is easily accessible and serves as a chiffon curtain to soften the harsh reality of her days in the hospital. The reader is left feeling confident that Ashley's life will be rich with possibilities. She's my rockstar!" Bonnie Lewkowicz, Founder, Access Northern California; Co-Founder, Dancer, AXIS Dance Company "In a time when we have all experienced isolation Ashley Olson recounts a slice of her life's journey when illness and isolation could have broken her. Instead through journal entries and poetry Ashley finds moments of hope and joy in unlikely places. This book can help others with spinal cord injury and/or disability embrace a different outlook when faced with long hospital stays and recovery. Additionally, we can all learn to look introspectively and take the time to get to know ourselves. Reveca Torres, www.BACKBONESONLINE.com

It's Kind of a Cheesy Love Story AEJ Creative Works

Ashley Fox has known three things since age twelve: she was an excellent seamstress, what her wedding would look like, and that she'd never leave the island of Getaway Bay. Now, at age 35, she's been right about two of them, at least. With an ill parent to take care of and her trusty sewing machine, Ash loves living in Getaway Bay and owning her own custom wedding dress shop. But the husband and wedding she's always dreamed of? Those seem like they're never going to happen for her. When her best friend and

beach running partner, Burke Lawson, asks her for a favor she says yes. If she'd have known he was going to ask her to be his girlfriend-for-a-night because his father insists he "settle down" before turning over the multi-billion dollar flower company to him, Ash might have said no. Might have. She's had a crush on Burke for a while, but he's never been serious about anyone. Ever. She knows it's part self-preservation and part façade, but she has no idea how much she's willing to jeopardize in their friendship for a shot at something more. Burke has never told anyone about his past heart-crushing relationship, but he suspects Ash knows. She goes along with his player persona, but when he can't stop thinking about having her as his girlfriend for more than one day, he wonders if he can take this fake relationship into something real. And when he accidentally blurts that they're engaged? They become an island scandal. Can Burke and Ash find a way to navigate a romance when they've only ever been friends?

The direct-to-consumer business model has transformed how people seek out goods and services from music to mortgages. So what happens now that the revolution has come for healthcare? While consumers have begun to insist on healthcare that is as convenient and personalized as nearly every other good or service they purchase, most healthcare provider organizations, physicians, and insurance companies remain woefully unprepared to meet this demand. Choice Matters is the healthcare sector's guide to understanding and delivering the brand of consumer-centered care that is an imperative for the Zocdoc age. Drawing on the authors' diverse backgrounds in medicine, business, and public policy, this practically-oriented resource offers an on-the-ground introduction for clinicians and managers to better understand:

- The differences between healthcare and other consumer-driven markets
- What factors are most important for consumers in seeking care providers
- How consumers make decisions about healthcare
- The system-wide effects of increased consumer choice in healthcare
- The important distinction between patients and consumers

By celebrating the possibilities inherent to consumer-centered healthcare, Choice Matters offers a refreshing, empirically informed take on how healthcare in the United States can flourish, not wither, in the new economy.

NATIONAL BESTSELLER • Provocative and illuminating essays from women at the forefront of the climate movement who are harnessing truth, courage, and solutions to lead humanity forward. “A powerful read that fills one with, dare I say . . . hope?”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SMITHSONIAN MAGAZINE

There is a renaissance blooming in the climate movement: leadership that is more characteristically feminine and more faithfully feminist, rooted in compassion, connection, creativity, and collaboration. While it's clear that women and girls are vital voices and agents of change for this planet, they are too often missing from the proverbial table. More than a problem of bias, it's a dynamic that sets us up for failure. To change everything, we need everyone. *All We Can Save* illuminates the expertise and insights of dozens of diverse women leading on climate in the United States—scientists, journalists, farmers, lawyers, teachers, activists, innovators, wonks, and designers, across generations, geographies, and race—and aims to advance a more representative, nuanced, and solution-oriented public conversation on the climate crisis. These women offer a spectrum of ideas and insights for how we can rapidly, radically reshape society. Intermixing essays with poetry and art, this book is both a balm and a guide for knowing and holding what has been done to the world, while bolstering our resolve never to give up on one another or our collective future. We must summon truth, courage, and solutions to turn away from the brink and toward life-giving possibility. Curated by two climate leaders, the book is a collection and celebration of visionaries who are leading us on a path toward all we can save. New York Times and USA Today bestseller! New York Times bestselling author Maureen Johnson delivers the witty and pulse-pounding conclusion to the Truly Devious series as Stevie Bell solves the mystery that has haunted Ellingham Academy for over 75 years. Ellingham Academy must be cursed. Three people are now dead. One, a victim of either a prank gone wrong or a murder. Another, dead by misadventure. And now, an accident in Burlington has claimed another life. All three in the wrong place at the wrong time. All at the exact moment of Stevie's greatest triumph . . . She knows who Truly Devious is. She's solved it. The greatest case of the century. At least, she thinks she has. With this latest tragedy, it's hard to concentrate on the past. Not only has someone died in town, but David disappeared of his own free will and is up to something. Stevie is sure that somehow—somehow—all these things connect. The three deaths in the present. The deaths in the past. The missing Alice Ellingham and the missing David Eastman. Somewhere in this place of riddles and puzzles there must be answers. Then another accident occurs as a massive storm heads toward Vermont. This is too much for the parents and administrators. Ellingham Academy is evacuated. Obviously, it's time for Stevie to do something stupid. It's time to stay on the mountain and face the storm—and a murderer. In the tantalizing finale to the Truly Devious trilogy, New York Times bestselling author Maureen Johnson expertly tangles her dual narrative threads and

ignites an explosive end for all who've walked through Ellingham Academy. Praise for the Truly Devious series: "Readers, hang tight: there's one more round to come, and if the signs are right, it'll be to die for." —Publishers Weekly (starred review) "The Agatha Christie-like ecosystem pairs with lacerating contemporary wit, and alternating past and present scenes makes for a multilayered, modern detective story." —New York Times Book Review "Remember the first time reading Harry Potter and knowing it was special? There's that same sense of magic in the introduction of teen Sherlock-in-training Stevie Bell." —USA Today (four stars) "Be still, my Agatha-Christie-loving beating heart." —Bustle

Choice Matters Dundurn

Through the inspirational, wise, and informative stories of the residents, either in their own words or based on interviews, and environmental photographs of each, this book focuses on various residents of long-term care facilities and especially on the positive facets of their life, their thoughts, and their feelings. The only issue that reaches the media about nursing homes is the negative and unfortunate events that sometimes occur, but there is so much more to the story. Most people are afraid of long-term care homes because they recognize that it is the last phase in their life - it is the step before death. But some people have years from the time they enter the home until they die. This book shows how many men and women make the best of their situation - often leaving a positive legacy for family and friends - and how these can be fulfilling and quality years.
