#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean

into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

"A voraciously readable page-turner of a novel."--Cory Doctorow "A razor-smart sci-fi corporate noir nightmare. Dare to Know is what happens when Willy Loman sees through the Matrix."--Daniel Kraus, co-author of *The Shape of Water* This mind-bending and emotional speculative thriller is set in a world where the exact moment of your death can be predicted--for a price. Our narrator is the most talented salesperson at Dare to Know, an enigmatic company that has developed the technology to predict anyone's death down to the second.

Divorced, estranged from his sons, and broke, he's driven to violate the cardinal rule of the business by forecasting his own death day. The problem: his prediction says he died twenty-three minutes ago. The only person who can confirm its accuracy is Julia, the woman he loved and lost during his rise up the ranks of Dare to Know. As he travels across the country to see her, he's forced to confront his past, the choices he's made, and the terrifying truth about the company he works for. Wildly ambitious and highly immersive, this thought-provoking thriller explores the destructive power of knowledge and collapses the boundaries between reality, myth, and conspiracy as it races toward its shocking conclusion.

When my father passed away, I was at the age of sixteen. I knew nothing about life experiences or how to deal with different issues. The only thing we were allowed to do was go to school and church. We had no friends because we were not allowed to. We were very sheltered and withdrawn from society.
