Brown has taught us
what it means to dare
greatly, rise strong,
and brave the
wilderness. Now, based
on new research
conducted with
leaders, change
makers, and culture
shifters, she's
showing us how to put
those ideas into
practice so we can

step up and lead. Don't do good work. But miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart!* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to

culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders

and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are

100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

Emmeline Pankhurst was

perhaps the most influential woman of the twentieth century. Today her name is synonymous with the 'votes for women' campaign and she is remembered as the most brave and inspirational suffrage leader in history. In this absorbing account of her life both before and after the campaign for women's suffrage, June Purvis documents her early political work, her active role within the suffrage movement and her role as a wife and mother within her family.

This fascinating full-length biography of Emmeline Pankhurst, the first for nearly seventy years, draws upon new approaches to feminist biography to place her within the context of her family and friends. It is based upon an unrivalled range of primary sources, including personal interviews with her surviving family.

Kiss Me If You Dare (Patricia Amble Mystery Book #3) Christian Faith Publishing, Inc.

The closing paragraphs of this book were written in the late summer of 1914,

when the armies of every great power in Europe called upon their citizens, and the citizens of their colonies, to mobilised for savage, unsparing, barbarous warfare against one another, against small and unaggressive nations, against helpless women and children, and against civilisation itself. How mild, by comparison with the despatches in the daily newspapers, will seem this chronicle of women's militant struggle against political and social injustice in one small corner of Europe. Yet, let it stand as it was written, with peace—so-called, and civilisation, and orderly government as the background for heroism such as the world has seldom witnessed. The militancy of men, through all the centuries, has drenched the world with blood, and for these deeds of horror and destruction men have been rewarded with monuments, with great songs and epics. Yet, the militancy of women has harmed no human life save the lives of those who fought the battle of righteousness. Time alone has revealed what reward has been allotted to the women. In the black hour that struck in Europe, the men, indeed Governments, turned to their women and called on them to take up the work of keeping civilisation alive. Through all the harvest fields, in orchards and vineyards, women garnered food to send to the front, as well as for the children left fatherless by war. In the cities the women kept open the shops, drove trucks and trams, and operated machines in the factories which made clothing and the munitions for the impending battle ahead and altogether attended to a multitude of tasks to keep the wheels of commerce turning. At the first alarm

of war, the militants proclaimed a truce, which was answered half-heartedly by Reginald McKenna, the Home Secretary ' s announcement that all suffrage prisoners would be released who gave an undertaking "not to commit further crimes or outrages." A few days later, no doubt influenced by representations made to the Government by men and women of every political persuasion, Mr. McKenna announced in the House of Commons that it was the intention of the Government, to release unconditionally, all suffrage prisoners. So ended, for a short time, the war of women against men – until the clash of arms ceases. Then once more women will take up the arms they so generously laid down. " There can be no real peace in the world until woman, the mother half of the human family, are given liberty in the councils of

the world " – Emmeline Pankhurst. YESTERDAY ' S BOOKS FOR TODAY ' S CHARITIES 10% of the profit from the sale of this book will be donated to charity.

The wondrous Aimee Bender conjures the lush and moving story of a girl whose magical gift is really a devastating curse. On the eve of her ninth birthday, unassuming Rose Edelstein, a girl at the periphery of schoolyard games and her distracted

parents' attention, bites into her mother's homemade lemon-chocolate cake and discovers she has a magical gift: she can taste her mother's emotions in the cake. She discovers this gift to her horror, for her mother—her cheerful, good-with-crafts, can-do mother—tastes of despair and desperation. Suddenly, and for the rest of her life, food becomes a peril and a threat to Rose. The curse her gift has bestowed is the secret knowledge all families keep hidden—her mother's life outside the home, her father's detachment, her brother's clash with the world. Yet as Rose grows up she learns to harness her gift and becomes aware that there are secrets even her

taste buds cannot discern. *The Particular Sadness of Lemon Cake* is a luminous tale about the enormous difficulty of loving someone fully when you know too much about them. It is heartbreaking and funny, wise and sad, and confirms Aimee Bender's place as "a writer who makes you grateful for the very existence of language" (San Francisco Chronicle). **BONUS:** This edition includes an excerpt from Aimee Bender's *The Color Master*. *Duchess If You Dare* Abela Publishing Ltd *Reach for the Stars* is the memoir of the twenty-first century mystic Mark Janssen. Here he describes his earliest memories of

conversations in his crib with God, Mary, Jesus and angels and saints. Originally from a small rural town in the Upper Midwest, Mark was raised in a traditional Catholic family. This book talks about how he was strongly discouraged from pursuing the development of his unfolding mystical abilities even as a small child. It was from his maternal grandmother that he learned he was descended from many generations of mystics. She taught and encouraged Mark to always be in contact with the angels. His grandmother instructed him to always listen to them and to God. Here we read how the author grew into adulthood with the spiritual guidance of his

guardian angel St. Michael the Archangel. With Michael's assistance, Mark learned about many different sorts of angels, good and evil. Unexpectedly, while still in high school, Michael and the angels worked with him on his first exorcism. We read about Mark's surprise that others around him did not communicate with God, angels and demons. How he saw the spirits of those buried in the cemetery behind his childhood home. How Mark carried his mystical gifts with him into adulthood. We read about his experiences as an ordinary member of society and during his time as a Benedictine monk. Along with using the gifts we normally associate with psychics,

Mark has found himself performing spirit clearings, exorcisms and healings. He has spoken to people one on one and in large groups about his experiences as a mystic. Mark Janssen has written *Reach for the Stars* to assure others that their paths through life are always with the love and companionship of their guardian angels. As a mystic child he was greatly blessed to have his grandmother to support him. He wishes to offer that same reassurance to children and adults. His belief is that we can all see God and our guardian angels. This is one man's story of how it came to be for him. *Once a Week* Routledge
