My purpose in  
this summary is  
to introduce  
myself and my  
character. Thank  
you in advance  
for taking the  
time to read my  
story. I come  
from a strict

family background  
of fifteen children.  
When my father  
passed away, I  
was at the age of  
sixteen. I knew  
nothing about life  
experiences or  
how to deal with  
different issues.  
The only thing we  
were allowed to  
do was go to  
school and  
church. We had no  
friends because  
we were not  
allowed to. We  
were very  
sheltered and  
withdrawn from  
society.

Leadership  
is not about

courage to  
develop that

When we dare

with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start.

bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-

---

owned businesses to nonprofits, civic organizations, and Fortune 500 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these unlearning questions in that the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring*
