Take Me Tomorrow Simon and Schuster Carlos Fr í as, an award-winning journalist and the American-born son of Cuban exiles, grew up hearing about his parents' homeland only in parables. Their Cuba, the one they left behind four decades ago, was ethereal. It existed, for him, only in their anecdotes, and in the family that remained in Cuba -- merely ghosts on the other end of a telephone. Until Fidel Castro fell ill. Sent to Cuba by his newspaper as the country began closing to foreign journalists in August 2006, Fr í as begins the secret journey of a lifetime -- twelve days in the land of his parents. That experience led to this evocative, spectacular, and unforgettable memoir. Take Me With You is written through the unique eyes of a first-generation Cuban-American seeing the forbidden country of his ancestry for the first time. Take Me With You provides a fresh view of Cuba, devoid of overt political commentary, focusing instead on the gritty, tangible lives of the people living in Castro's Cuba. Fr í as takes in the island nation of today and attempts to reconstruct what the past was like for his parents, retracing their footsteps, searching for his roots, and discovering his history. The book creates lasting and unexpected ripples within his family on both sides of the Florida Straits -- and on the author himself. Sam Weller's budget of recitations K.A. Linde Inc. Take Me with You Black Swan

During the spring of my fourteenth year, I ran away from home. On a cold night in early February, I disappeared into a Kansas snowstorm. My family lived outside Kansas City. For much of our time together, Dad preached at Edwardsville Christian Church. We lived in the parsonage, a two-bedroom box just south of the railroad tracks separating the white and black parts of town. As the Civil Rights movement heated up, Mom crossed the tracks whenever she could. For that, and for other indiscernible reasons, Dad beat her. My story begins during America's Civil Rights movement, a time when my family fell apart and my future became a struggle between parents and ways of life. Much of my struggle took place within my father's house. In running away, I found a new life. But I wasn't alone. My journey also marked a rebirth for mom and for Jefferson Jackson, the black Baptist preacher who became my father and who raised me. Together, we lived in hiding and in poverty. From that beginning, I've risen to the highest levels of international charity, serving as senior vice president of World Vision U.S. and vice president of PATH before joining Global Impact as CEO. *Take Me with You* delivers a first-person narrative of a boy who found his future by running away. My childhood and escape from abuse has influenced my present work and driven a personal inspiration to leave a lasting mark on humanity. Today, as the CEO and President of Global Impact, I've made a career of trying to stop cycles of abuse, racism, and inequality. I'm the sum of my story, this memoir rooted in love, faith, and moral courage. *Take Me with You* is one boy's story about choosing love, forgiveness, and the charity within—and about choosing to be positive.

*Take Me with You* is a call to action to help those in need, especially children. As the statistics reveal, there is an alarming need both in the United States and throughout the world:

- In 2013, 14.7 million children under the age of 18 were in poverty in the America
- More than one in three African American children live in food-insecure households
- Today, nearly 18,000 children under age 5 will die of mostly preventable causes, such as diarrhea, malaria, and pneumonia. This translates to more than 6.5 million per year
- Globally, nearly half of under five deaths are attributable to undernutrition
- Globally, 51 million under-five-year-olds were wasted (malnourished) and 17 million were severely wasted in 2013
- 4 in 10 children fail to meet minimum learning standards worldwide
- Each year, between 2000 through the present, there have been at least 10 million children under age 18 who had lost either one or both parents to AIDS
- In 2013, 4 in 5 deaths due to malaria were in children under five

I hope that my story will inspire you and encourage you to do whatever you can to change a life for the better. All children—whether in the United States or in third-world countries—deserve to have a fighting chance in life. You have the choice to live your life in a way that will change another person's life for the better, and maybe transform your own along the way. Go ahead, make your mark.

One educator's story detailing a cross-Canada run to inspire students and teachers to get outside and experience the benefits and beauty of nature. You'd think starting a non-profit organization aimed at getting young people to spend less time in front of screens and more time outside would be difficult enough. But with a decrepit support vehicle housing two dogs that despised each other, a good friend who left after five months, a lot of peanut butter, and a hope to inspire thousands of students, Colin Harris decided to start this journey by running 7600 kilometres, the equivalent of 181 marathons, across Canada. And to ensure this was a truly Canadian venture, he started in the bleak and snowy month of January. *Take Me Outside* is Colin's story of spending nine months running from St. John's, Newfoundland, to Victoria, British Columbia, visiting over 80 schools along the way to engage with 20,000 students about the importance of spending time outside learning, playing, and exploring in the Canadian landscape. With one of the biggest and best backyards in the world, people across Canada are spending the vast majority of their time inside. Yet, our identity as Canadians has always been rooted in our relationship with the outdoors. This wildly entertaining book not only recounts what it's like to run across the world's second-largest country but also implores readers of all ages to reignite their connection with the natural world.

"Repeatedly surprising and genuinely chilling." - E. Lockhart, bestselling author of *We Were Liars* and *Genuine Fraud* From the acclaimed author of *The Leaving* comes a new psychological thriller that challenges our trust in the electronic devices we keep close. Eden, Eli, Marwan, and Ilanka barely know each other beyond having a class or two together. Its sides light up with rules for them: Do not tell anyone about the device. Never leave the device unattended. And then, Take me with you . . . or else. At first they think it's some kind of prank or a social experiment orchestrated

by the school administration. Still, they follow its instructions until the newly-formed group starts to splinter. Nobody has time for these games--their lives are complicated enough. But the device seems increasingly invested in the private details of their lives. And disobeying its rules has scary--even life-threatening--consequences.

. . This timely thriller probes our dependence on personal technology and challenges the notion that our devices are keeping us connected. The truth may very well be the opposite.
