Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic

machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes “Big Sam Was My Friend,” “Eyes of Dust,” “World of the Myth,” “Lonelyache,” Hugo Award finalist “Delusion for a Dragon Slayer,” and Hugo and Nebula Award finalist “Pretty Maggie Moneyeyes.”

The Complete Concordance to Shakspeare Createspace Independent Publishing Platform

The result of years of research by its authors, this discography strives to identify and trace the recorded development of the musical style now known as western swing from its early years through World War II.

The style developed from the Texas string band tradition, growing from a fiddle and guitar duo into full swing band groups, and along the way, it drew from and absorbed a variety of other musical styles, thus making it one of the most diverse genres in American music. Through exhaustive research and interviews, Ginell and Coffey have provided the most complete and comprehensive listing of pre-War western swing and hot string band recordings to date.

I watch. I study. I prowl. I hunt. I always go in with a plan. A set of rules for myself. I don't take unnecessary risks. That's how I've been able to evade capture all these years. But there's something about this girl that is different than the others. When I finally meet her, the rules become a blur. And I break the most important one of all--I take her with me. ----- It's just my imagination--that feeling of being watched. That those icy eyes-- a vivid turquoise with a distinct golden fleck--aren't watching me. It's just stress. I am the person everyone relies on. Maybe that's why I haven't been feeling so content with my life lately. Why I dream those eyes belong to someone who can

tear me away from all of my responsibilities. But these are just shameful fantasies, never meant to breach reality. Then one night, the dream comes true, only it's a horrific nightmare. Now, I only have one task: survival. 124k words. Trigger warning: If you need one, this is really not the book for you.

"Repeatedly surprising and genuinely chilling." - E. Lockhart, bestselling author of We Were Liars and Genuine Fraud From the acclaimed author of The Leaving comes a new psychological thriller that challenges our trust in the electronic devices we keep close. Eden, Eli, Marwan, and Ilanka barely know each other beyond having a class or two together. But when they are all summoned via messaging app to an empty classroom after school, they find a small cube sitting on a desk. Its sides light up with rules for them: Do not tell anyone about the device. Never leave the device unattended. And then, Take me with you . . . or else. At first they think it's some kind of prank or a social experiment orchestrated by the school administration. Still, they follow its instructions until the newly-formed group starts to splinter. Nobody has time for these games--their lives are complicated enough. But the device seems increasingly invested in the private details of their lives. And disobeying its rules has scary--even life-threatening--consequences . . . This timely thriller probes our dependence on personal technology and challenges the notion that our devices are keeping us connected. The truth may very well be the opposite.

Please Take Me for a Walk is a
celebration of dogs and kids and
community. The book stars a very
persuasive pup pleading with his
best friend—the reader!—to take
him for a walk. He recounts all the
fun things they can see and do:
chase squirrels in the yard, greet
neighbors on their block, visit the
shopkeepers downtown, swing by
the schoolyard, and then run and
play in the park. The dog run at the
park is filled with all kinds of
amazing purebreds and mutts, and
our puppy wants them all to see
"my best friend and me." Susan Gal
uses this story of a dog's best walk
ever to catalog all the favorite
places in a child's world. She starts
in the house and the yard, then
widens her scope to the block, the
neighborhood, downtown, and the
park. And she captures the magical
way the people of a community
can be brought together through
their pets. The dog's enthusiastic
voice and eagerness to go out
walking will resonate with any dog
owner. And Susan Gal's artwork is
so enticing and adorable it will
have even confirmed cat lovers
heading for the pound! Happy
walking, everyone!

"Song of Myself" is a poem by
Walt Whitman that is
included in his work Leaves of
Grass. It has been credited as
"representing the core of
Whitman's poetic vision".

The poem was first published

without sections as the first of
twelve untitled poems in the
first (1855) edition of Leaves
of Grass. The first edition was
published by Whitman at his
own expense. In 1856 it was
called "A Poem of Walt
Whitman, an American" and
in 1860 it was simply termed
"Walt Whitman." Walter
"Walt" Whitman (1819 –
1892) was an American poet,
essayist and journalist. His
work was very controversial in
its time, particularly his poetry
collection Leaves of Grass,
which was described as
obscene for its overt sexuality.
