An accidental dog swap unleashes an unexpected love match in this new romantic comedy from New York Times bestselling author Julia London. Carly Kennedy's life is in a spiral. She is drowning in work, her divorced parents are going through their midlife crises, and somehow Carly's sister convinces her to foster Baxter--a basset hound rescue with a bad case of the blues. When Carly comes home late from work one day to discover that the

dog walker has accidentally switched out Baxter for another perkier, friendlier basset hound, she has reached the end of her leash. When Max Sheffington finds a depressed male basset hound in place of his cheerful Hazel, he is bewildered. But when cute, fiery Carly arrives on his doorstep, he is intrigued. He was expecting the dog walker, not a pretty woman with firm ideas about dog discipline. And Carly was not expecting a handsome, bespectacled man to be feeding her dog mac and cheese. Baxter is besotted with Hazel, and Carly realizes she may have found the key to her puppy's happiness. For his sake, she starts to spend more time with Hazel and Max, until she begins to understand

the appeal of falling for your polar opposite.

NEW YORK TIMES

BESTSELLER • A worthy

heir to Isak Dinesen and Beryl Markham, Alexandra Fuller shares visceral memories of her childhood in Africa, and of her headstrong, unforgettable mother. "This is not a book you read just once, but a tale of terrible beauty to get lost in over and over."—Newsweek "By turns mischievous and openhearted, earthy and soaring . . . hair-raising, horrific, and thrilling."—The New Yorker Though it is a diary of an unruly life in an often inhospitable place, *Don't Let's Go to the Dogs Tonight* is suffused with Fuller's endearing ability to find laughter, even when there is little to celebrate. Fuller's debut is unsentimental and unflinching but always captivating. In wry and sometimes hilarious prose, she stares down disaster and looks back with rage and love at the life of an extraordinary family in an extraordinary time. From 1972 to 1990, Alexandra Fuller—known to friends and family as Bobo—grew up on several farms in southern and central Africa. Her father joined up on the side of the white government in the Rhodesian civil war, and was often away fighting against the powerful black guerilla factions. Her mother, in turn, flung herself at their African life and its rugged farm work with the same passion and maniacal energy she brought to everything else. Though she loved her children, she was no hand-holder and had little tolerance for neediness. She nurtured her daughters in other ways: She taught them, by example, to be resilient and self-sufficient, to have strong wills and strong opinions, and to embrace life wholeheartedly, despite and because of difficult circumstances. And she instilled in Bobo, particularly, a love of reading and of storytelling that proved to be her salvation. Alexandra Fuller writes poignantly about a girl becoming a woman and a writer against a backdrop of unrest, not just in her country but in her home. But *Don't Let's Go to the Dogs Tonight* is more than a survivor's story. It is the story of one woman's unbreakable bond with a continent and the people who inhabit it, a portrait lovingly realized and deeply felt. Praise for *Don't Let's Go to the Dogs Tonight* "Riveting . . . [full of] humor and compassion."—O: The Oprah Magazine "The incredible story of an incredible childhood."—The Providence Journal [Dog on it](#) Ten Speed Press—Get the only separation anxiety training resource you'll ever need Does your dog freak out when you leave? The Power of the Dog Houghton Mifflin

The uplifting story of two unlikely mountaineers: a man in late middle age and a fearless pint-sized pup who, together, scale

Colorado's highest peaks. By the time life had finished hitting Rick Crandall from all sides, he was at

the lowest point of his life, both personally and professionally. Depressed to find himself facing

a mid-late-life age crisis and watching his finances crumble as the tech industry bubble burst, he

hopes his future isn't headed downhill. It was at this critical juncture in their new marriage

that his wife Pamela made an astute and life-changing suggestion: "Let's get a dog." So

begins the story of Emme, a 200-pound Saint Bernard trapped in the body of 5-pound Australian

terrier puppy. Soon, Emme and Rick hit the hiking trails around Aspen, Colorado. While she is

groomed to be a show dog, it's soon obvious that her heart is in the hills and with Rick, who

decides to add more challenging hikes to the mix. Before long, they are scaling Colorado's "fourteeners," peaks with

altitudes of over 14,000 feet. On one magical day, Emme climbs to the top of four "fourteeners," a quarter of the sixteen such peaks she will complete during her life without once being carried on a trail or on the rocks on the way to a summit. In mountaineering Rick realizes he has found—in his late sixties—his life's new passion. This is where Emme has led him—out of the abyss and to the top of the mountain. She was never really walking behind: she was nudging him along until he found his stride. Even after Rick understood the glory of climbing, it was Emme still doing the leading, until Rick learned how to lead himself.

Notes from the Dog

HarperCollins

As an unabashed dog lover, Alexandra Horowitz is naturally curious about what her dog thinks and what she knows. As a cognitive scientist she is intent on understanding the minds of animals who cannot say what they know or feel. This is a fresh look at the world of dogs -- from the dog's point of view. The book introduces the reader to the science of the dog -- their perceptual and cognitive Abilities -- and uses that introduction to draw a picture of what it might be like to be a dog. It answers questions no other dog book can -- such as: What is a dog's sense of time? Does she miss me? Want

friends? Know when she's been bad? Horowitz's journey, and the insights she uncovered from studying her own dog, Pumpernickel, allowed her to understand her dog better, and appreciate her more through that understanding. The reader will be able to do the same with their own dog. This is not another dog training book. Instead, *Inside of a Dog* will allow dog owners to look at their pets' behaviour in a different, and revealing light, enabling them to understand their dogs and enjoy their relationship even more.

Now an award-winning Netflix film by Jane Campion, starring Benedict Cumberbatch and Kirsten Dunst: Thomas Savage's acclaimed Western is "a pitch-perfect evocation of time and place" (Boston Globe) for fans of *East of Eden* and *Brokeback Mountain*. Set in the wide-open spaces of the American West, *The Power of the Dog* is a stunning story of domestic tyranny, brutal masculinity, and thrilling defiance from one of the most powerful and distinctive voices in American literature. The novel tells the story of two brothers — one magnetic but cruel, the other gentle and quiet — and of the mother and son whose arrival on the brothers' ranch shatters an already tenuous peace. From

the novel's startling first paragraph to its very last word, Thomas Savage's voice — and the intense passion of his characters — holds readers in thrall. "Gripping and powerful...A work of literary art." —Annie Proulx, from her afterword

What's Wrong with Pauly?

Little, Brown

Eric knows better than anyone that having a puppy can take a lot of work. As the (mostly) responsible owner of a big, shaggy dog named Ugly, Eric has basically mastered the art of dog training. At least, he thought he had. When Ugly gets into a series of mishaps, including the theft of a roast chicken and a bedroom decorated with slimy duck poop, Eric's family is less than pleased. It's clear Eric and Ugly still have some work to do. So Eric comes up with a genius plan—get Ugly a job! That way, he won't have time to get into trouble. But it's not as easy as Eric thinks...
