Taking Sides: Clashing Views on Controversial Issues in Health and Society, 6th edition, is a debate-style reader designed to introduce students to controversies in health science and personal health. The readings, which represent the arguments of leading health care professionals, policymakers,

and social commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. For each issue, the editor provides a concise introduction and postscript summary. The introduction sets the stage for the debate as it is argued in the "yes" and "no" readings, and the postscript briefly reviews the opposing views and suggests additional readings on the controversial issue under discussion. By requiring students to analyze opposing viewpoints and reach considered judgments, Taking Sides actively develops students' critical thinking skills. For years, south Dallas has been ruled by a corrupt caste of politicians who espouse populist rhetoric. Growing fat and rich while their constituents wallow in crime and poverty. Jebediah Shaw never wanted to make the city his home. It had never been more than a place to rest between wars. And now, working in that dark area between government and private business, he's given an impossible task. To keep a man alive that everyone, including himself, has a reason to

want dead while choosing sides in a Civil War no one even knows is happening. At the beginning of the end of the American empire, at the edge of what was and what will be, he knows in the end all a man has, all he has any control over, is his word and his work. He will do whatever it takes to complete his mission. Dallas, may never be the same. Great Trainers Make It Happen McGraw-Hill/Dushkin

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!

There are many challenges that children with Asperger's syndrome (AS) will have to overcome to reach their highest potential. In order to help them progress in constructive ways, those who care for and about these children often need to make changes too, sometimes difficult ones. Stuck provides a roadmap for understanding and addressing the complexities of AS, especially the presence of obsessive-compulsive behaviors (OCBs) that so frequently complicate basic functioning for both the child and others involved in their lives. The more knowledge and skills that caregivers can gain about these issues the better. Whether you are a parent, an educator, or a healthcare professional that wants to increase their awareness about Asperger's syndrome and obsessive-compulsive behaviors, you can benefit from the useful concepts and practical, action-oriented activities presented throughout this book.
