Taking Sides: Clashing Views on Controversial Issues in Health and Society, 6th edition, is a debate-style reader designed to introduce students to controversies in health science and personal health. The readings, which represent the arguments of leading health care professionals, policymakers, and social commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. For each issue, the editor provides a concise introduction and postscript summary. The introduction sets the stage for the debate as it is argued in the "yes" and "no" readings, and the postscript briefly reviews the opposing views and suggests additional readings on the controversial issue under discussion. By requiring students to analyze opposing viewpoints and reach considered judgments, Taking Sides actively develops students' critical thinking skills. It is this development of critical thinking skills that is the ultimate purpose of each of the volumes in the widely acclaimed Taking Sides program. Book jacket.

Lee Christmas gets drunk and falls asleep at the throttle of his locomotive, plowing straight into an oncoming train. Blacklisted from the railroad and his marriage in tatters, he flees New Orleans on a steamer bound for the tropics. In Honduras, he begins a quiet new life. But trouble has a way of finding Christmas. With unrest sweeping the countryside, he's kidnapped by bandits. Soon, he finds himself taking sides in an all-out civil war-as leader of the rebellion. MERCENARY is the story of the USA's most famous soldier of fortune: the hard-drinking drifter who changed the fate of a nation. Praise for MERCENARY: "Highly recommended to readers of adventure fiction and history, as well as anyone interested in American adventurism and meddling in Latin America." - Michael Wallace, Wall Street Journal and USA Today bestselling author. "Lee Christmas led a roaring life on and off the battlefield. Gaughran's great, fast-paced read keeps you right alongside all his exploits." - Richard Sutton, author of The Red Gate. Keywords: Historical fiction | Literary fiction | Biographical fiction | Adventure novel | Central America | Latin America | Honduras | New Orleans | Lee Christmas | History

"Outstanding. A great entry point for the developer and investor." - Brian Calle, Orange County Register
"Combines the experience of the authors to give a unique perspective on the important EB-5 program which drives capital formation and jobs across our country." - Congressman Jared Polis
Whether you are a foreign investor seeking a United States green card or a domestic developer sourcing capital for your latest project, the United States EB-5 visa program offers unique opportunity. In an industry known to be difficult to understand, The EB-5 Handbook breaks down the EB-5 program into its simple basics-investment, economic growth, and green cards. In The EB-5 Handbook, investors and developers alike will learn the essentials of the program, the benefits it can offer, and how to get started on their EB-5 journey with sections uniquely tailored to each party. Ali Jahangiri of EB5 Investors Magazine has brought together an all-star team of experts from nearly every segment of the industry. The authors - Jeff Champion, Linda He, David Hirson, Linda Lau, Dawn Lurie, Joseph McCarthy, Al Rattan, Reid Thomas, John Tishler, Kyle Walker, and Kevin Wright - and the editors - Elizabeth Peng and Cletus Weber - all have an established history of success working with EB-5 investors and developers. The EB-5 Handbook is the first book of its kind to bring together such a diverse group of authors to increase transparency and knowledge of the EB-5 program.

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!

The Little Poetry Book of Savannah Celenic Earth Publications

In the steamy jungles of West Africa, a Marine Reconnaissance platoon races against time to save the lives of American citizens caught in a bloody civil war. One recon team arrives at a mission only to find they are too late. The missionaries had been burned to death while strung up crucifix style. Realizing that the rebels intend to kill all of the missionaries in the region, the Marines race through the jungle in an attempt to beat the rebels to another nearby mission before they can kill the missionaries there. The Marines arrive just in time to see the guerrillas enter the mission compound and begin killing mission workers. The recon team opens fire and the situation escalates. They successfully push the rebels back into the jungle. Gathering the mission workers, including the mission's doctor, Ellen McKenzie, they flee into the jungle. While on the run, the hospital corpsman, Sean Austin, finds himself struggling with his feelings for the young missionary doctor. Traveling day and night they arrive at the platoon's harbor site. While waiting for helicopters to evacuate the Americans to a waiting ship, the group stumbles onto a large underground crypt left by an ancient civilization. A tropical hurricane forces the Americans to take shelter within the crypt; they discover it is actually a portal to another world. Transported to the middle of a lopsided battle, the group is forced to choose sides and fight against a huge medieval army. Once the great battle is over, the reality of this new world leaves the sojourners from earth conflicted and searching for answers about reality, God, and eternity. Sean is particularly conflicted about his life as a prodigal and his attraction to Dr. McKenzie. Into the Breach is a war of ideals, a war between living a good life and living an obedient life. Liam Morgan takes the reader through adventure after adventure while unraveling our calling, not to be right, but to be obedient.

There are many challenges that children with Asperger's syndrome (AS) will have to overcome to reach their highest potential. In order to help them progress in constructive ways, those who care for and about these children often need to make changes too, sometimes difficult ones. Stuck provides a roadmap for understanding and addressing the complexities of AS, especially the presence of obsessive-compulsive behaviors (OCBs) that so frequently complicate basic functioning for both the child and others involved in their lives. The more knowledge and skills that caregivers can gain about these issues the better. Whether you are a parent, an educator, or a healthcare professional that wants to increase their

awareness about Asperger's syndrome and obsessive-compulsive behaviors, you can benefit from the useful concepts and practical, action-oriented activities presented throughout this book.

Don Newman's first volume of Savannah centric poetry reflects the close personal relationship between poet and subject often found in work dedicated to a particular place. Such intimate subjectivity may seem lofty at times. But this Savannah native has a way of bringing grandiose notions of his hometown down to earth. Here, the author's regional sensibilities-together with his stretch toward the universal-offer the reader a unique perspective and a tour of Savannah unattainable during a typical day of sightseeing. While by no means a comprehensive poetic look at the city, Newman's Little Poetry Book of Savannah will surely augment the traveler's backpack, give visitors a distinctive literary keepsake, and make the perfect gift for those back home who would like an authentic little piece of Savannah. Meditative, descriptive, fun, quirky, and enjoyably honest, Newman bares parts of his soul in this down-to-earth, head-in-the-clouds "poetry for everyone."
