A Tale of Two Cities is a study of two major cities, Manchester and Sheffield. Drawing on the work of major theorists, the authors explore the everyday life, making contributions to our understanding of the defining activities of life.

Charles Dickens's A Tale of Two Cities Routledge

Study Guide by Jeannie Buchholz, for the novel written by Charles Dickens (1812-1870) who in honor of his accomplishments is buried in the Poet's Corner of Westminster Abbey, England. "Recalled to life!" is the phrase running through the mind of Mr. Lorry, an agent of Tellson's Bank, as he travels from London to Dover in the year 1775. In Dover he meets young Lucie Manette, who after believing she was orphaned at the age of two, learns that her father is still alive. They travel on to France where they find Dr. Manette under the care of his former servant, Ernest Defarge, in the St. Antoine quarter of Paris. After being imprisoned in the Bastille for 18 years, Dr. Manette is in a pitiable mental state, and Miss Manette takes him back to London. Five years pass, and Dr. Manette has regained physical and mental vigor and has set up a medical practice. He and his daughter are called to testify against Charles Darnay, a Frenchman accused of treason due to his suspicious travels between France and England. But Darnay is acquitted when a witness admits that Darnay's close resemblance to Sydney Carton, a lawyer in the court room, makes positive identification impossible. Both Darnay and Carton are infatuated with the lovely Miss Manette. Because Carton sees himself as incapable of bettering himself, he does not feel worthy to ask Lucie to marry him. Darnay does marry Lucie, and imparts to her father the secret of his true identity. The shock of this discovery causes Dr. Manette to revert back to his deteriorated mental state while Lucie and Charles are away on their honeymoon. He recovers before their return with the assistance of their trusted friend Mr. Lorry, and their domestic life continues peacefully for many years. In France, however, the oppressed lower classes are preparing for revolution, and the DeFarges are in the midst of it. After the start of the Revolution, Darnay returns to France to aid an imprisoned former servant. Revealed as an aristocrat and emigrant, Darnay himself is imprisoned. Dr. Manette and Lucie follow Darnay to France. There they, Mr. Lorry, and Sydney Carton witness the ravages of the aftermath of the French Revolution as they struggle to gain Darnay's release. As Dickens so eloquently began the book, "It was the best of times, it was the worst of times . . . "

The Children's Book Barrons Educational Series

Travel with Monkey, Pig, Friar Sand and the Tang Priest as they continue their journey to India and finally attain the scriptures. Volume 2 contains some of the most famous episodes from this classic, including Monkey's duel with the Princess Iron Fan.

The Elephant's Tale Routledge

From the renowned author of *Possession*, *The Children's Book* is the absorbing story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents' "porcelain socialism." Olive's daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until *The Children's Book* becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame's

The Wind In the Willows, not long after Alice's Adventures in Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. *The Children's Book* is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life's most painful struggles and its richest pleasures. No other writer could have imagined it or created it.

Tale of Two Cities Study Guide

Santo Domingo and New York After 1950 Harper Collins

A Tale of Two Cities (1859) is a historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. The novel tells the story of the French Doctor Manette, his 18-year-long imprisonment in the Bastille in Paris and his release to live in London with his daughter Lucie, whom he had never met. The story is set against the conditions that led up to the French Revolution and the Reign of Terror.

Hood Feminism Penguin

Presents a collection of essays by leading academic critics on the structure, characters, and themes of the classic Victorian novel.

Recalled to Life University of Toronto Press

Can calcium and magnesium ("hardness") in drinking water contribute to preventing disease? This book documents the outputs of an unprecedented group of experts assembled by the World Health Organization to address this question. It includes their comprehensive consensus view on what is known and what is not about the role and possible health benefit of calcium and magnesium in drinking-water. Also included is a series of chapters each authored by internationally renowned experts reviewing the state of the art in different aspects including: global dietary calcium and magnesium intakes; the contribution of drinking water to calcium and magnesium intake; health significance of calcium and magnesium; role of drinking-water in relation to bone metabolism; epidemiological studies and the association of cardiovascular disease risks with water hardness and magnesium in particular; water production; technical issues and economics. In both developed and developing countries, typical diets are often deficient in calcium and magnesium--essential minerals which are necessary for the development of strong bones and teeth, and for cardiovascular function. At the same time, there is evidence that consuming "hard" drinking-water may be associated with reduced risks for some diseases. Climate change and other ongoing changes will increase the use of high tech treatments--for example desalination and reclamation of polluted waters and mean that the issue will be of increasing future importance.

The Implications of Genetics for Human Life Penguin

As the bicentenary of the French Revolution draws near, Dickens' historical novel serves as a timely reminder of nineteenth-century reactions to that great upheaval. Set between 1757 and 1793, *A Tale of Two Cities* views the causes and effects of the Revolution from an essentially private point of view, showing how private experience relates to public history. Dickens' characters are fictional, and their political activity is minimal, yet all are drawn towards the Paris of the Terror, and all become caught up in its web of human suffering and human sacrifice. This edition includes extensive explanatory notes giving crucial background information about the Revolution and Dickens' sources. 'the best story I have written' Charles Dickens ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

A Tale of Two Cities Study Guide, Classroom Ed. Cambridge University Press

Two of the most beloved novels in all of English literature—together in one extraordinary volume. A TALE OF TWO CITIES After eighteen years as a political prisoner in the Bastille, the ageing Doctor Manette is finally released and reunited with his daughter in England. There the lives of the two very different men, Charles Darnay, an exiled French aristocrat, and Sydney Carton, a disreputable but brilliant English lawyer, become enmeshed through their love for Lucie Manette. From the tranquil roads of London, they are drawn against their will to the vengeful, bloodstained streets of Paris at the height of the Reign of Terror, and they soon fall under the lethal shadow of the guillotine. GREAT EXPECTATIONS A terrifying encounter with an escaped convict in a graveyard on the wild Kent marshes; a summons to meet the bitter, decaying Miss Havisham and her beautiful, cold-hearted ward Estella; the sudden generosity of a mysterious benefactor—these form a series of events that changes the orphaned Pip's life forever, and he eagerly abandons his humble origins to begin a new life as a gentleman. Dickens's haunting late novel depicts Pip's education and development through adversity as he discovers the true nature of his "great expectations."

The Sword in the Tree Courier Corporation

One of the four great tragedies—alongside Hamlet, King Lear, and Macbeth—Othello is among the darkest of Shakespeare's plays, illumining the shadows of the gloomiest recesses of the human psyche and serving as a damning indictment of the world in which it was written. A cautionary tale of the destructiveness of sin and the ruinous consequences of bad philosophy, Othello seems to express Shakespeare's rage at the cynicism and brutality of the age in which he lived. From the Machiavellian menace of Iago to the blind and prideful jealousy of Othello, this classic of world literature shows us the shadow falling over a society that has turned its back on the light and life of virtue. The Ignatius Critical Editions present a tradition-oriented approach to reading Western classics. While many critical editions view literature through the lens of modernism and post-modernism, this series offers critical examinations informed by the Judeo-Christian heritage as passed down through the ages—the same heritage that provided the crucible in which the great authors formed these classic works. Edited by acclaimed literary biographer Joseph Pearce, the Ignatius Critical Editions provide essays and footnotes that analyze works in light of the Western tradition, allowing the reader to meet the authors in their element. The series is ideal for academic study and for anyone wishing to understand the great literary works of Western civilization in the company of some of the finest literature professors alive today.

"With the children grown and flow, Mike and Jo Hannan embark on an epic tour of Europe and beyond on a 1150cc BMW motorbike called Elephant. Bare

essentials packed, and tight budget carefully planned, they hit the road, travelling through France, Spain, North Africa, Russia and other former Soviet countries, even reaching Mongolia and Korea. The Elephant's Tale tells the story of their adventure, meeting all kinds of people, tasting the local food and drink, experiencing many delightful surprises and many unforeseen obstacles - such as mechanical faults, cultural misunderstandings, bad roads, visa problems, and some very nasty weather!"--Back cover.

A Biography Ignatius Press

A NEW YORK TIMES BESTSELLER “ One of the most important books of the current moment. ” —Time “ A rousing call to action... It should be required reading for everyone. ” —Gabrielle Union, author of We ’ re Going to Need More Wine “ A brutally candid and unobstructed portrait of mainstream white feminism. ” —Ibram X. Kendi, author of How to Be an Antiracist A potent and electrifying critique of today ’ s feminist movement announcing a fresh new voice in black feminism Today's feminist movement has a glaring blind spot, and paradoxically, it is women. Mainstream feminists rarely talk about meeting basic needs as a feminist issue, argues Mikki Kendall, but food insecurity, access to quality education, safe neighborhoods, a living wage, and medical care are all feminist issues. All too often, however, the focus is not on basic survival for the many, but on increasing privilege for the few. That feminists refuse to prioritize these issues has only exacerbated the age-old problem of both internecine discord and women who rebuff at carrying the title. Moreover, prominent white feminists broadly suffer from their own myopia with regard to how things like race, class, sexual orientation, and ability intersect with gender. How can we stand in solidarity as a movement, Kendall asks, when there is the distinct likelihood that some women are oppressing others? In her searing collection of essays, Mikki Kendall takes aim at the legitimacy of the modern feminist movement, arguing that it has chronically failed to address the needs of all but a few women. Drawing on her own experiences with hunger, violence, and hypersexualization, along with incisive commentary on politics, pop culture, the stigma of mental health, and more, Hood Feminism delivers an irrefutable indictment of a movement in flux. An unforgettable debut, Kendall has written a ferocious clarion call to all would-be feminists to live out the true mandate of the movement in thought and in deed.

Tale of Two Cities Study Guide Gale, Cengage Learning

In the second half of the twentieth century Dominicans became New York City's largest, and poorest, new immigrant group. They toiled in garment factories and small groceries, and as taxi drivers, janitors, hospital workers, and nannies. By 1990, one of every ten Dominicans lived in New York. A Tale of Two Cities tells the fascinating story of this emblematic migration from Latin America to the United States. Jesse Hoffnung-Garskof chronicles not only how New York itself was forever transformed by Dominican settlement but also how Dominicans' lives in New York profoundly affected life in the Dominican Republic. A Tale of Two Cities is unique in offering a simultaneous, richly detailed social and cultural history of two cities bound intimately by migration. It explores how the history of burgeoning shantytowns in Santo Domingo--the capital of a rural country that had endured a century of intense U.S. intervention and was in the throes of a fitful modernization--evolved in an uneven dialogue with the culture and politics of New York's Dominican ethnic enclaves, and vice versa. In doing so it offers a new window on the lopsided history of U.S.-Latin American relations. What emerges is a unique fusion of Caribbean, Latin American, and U.S. history that very much reflects the complex global world we live in today.

Dickens Princeton University Press

When the body of John Harmon turns up in the Thames, an illiterate dustman named Noddy Boffins unexpectedly inherits Harmon's unclaimed fortune. Boffins's good luck seems fitting since Harmon's father--the notorious London miser Old Man Harmon--became rich through the dustman business, essentially garbage collection. The newly upwardly mobile Boffins and his wife, also a loyal servant of Harmon's miserly father, struggle to fit in with the monied class. At the same time, the couple attempts to aid those less fortunate than themselves, an effort that tests their moral compass. Soon Noddy begins to take on the penny-pinching tendencies of his benefactor. Our Mutual Friend (1865) offers satisfying twists and turns on the Victorian rags-to-riches story as it expertly weaves together one of the author's most important themes, newfound wealth and the seismic shifts of social circumstance that accompany it. This is a free digital copy of a book that has been carefully scanned by Google as part of a project to make the world's books discoverable online. To make this print edition available as an ebook, we have extracted the text using Optical Character Recognition (OCR) technology and submitted it to a review process to ensure its accuracy and legibility across different screen sizes and devices. Google is proud to partner with libraries to make this book available to readers everywhere.

Connecting deeply with our kids can be difficult in our busy, technology-driven lives. Reading aloud offers us a chance to be fully present with our children. It also increases our kids ’ academic success, inspires compassion, and fortifies them with the inner strength they need to face life ’ s challenges. As Sarah Mackenzie has found with her own six children, reading aloud long after kids are able to read to themselves can deepen relationships in a powerful way. Founder of the immensely popular Read-Aloud Revival podcast, Sarah knows first-hand how reading can change a child ’ s life. In The Read-Aloud Family, she offers the inspiration and age-appropriate book lists you need to start a read-aloud movement in your own home. From a toddler ’ s wonder to a teenager ’ s resistance, Sarah details practical strategies to make reading aloud a meaningful family ritual. Reading aloud not only has the power to change a family—it has the power to change the world.
