Tales From The Radiation Age Kindle Edition Jason Sheehan is available in our digital library an online access to it is set as public so you can download it instantly.

Our digital library hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Tales From The Radiation Age Kindle Edition Jason Sheehan is universally compatible with any devices to read

[FKA USA](#) Simon and Schuster

In a post-apocalyptic America that has shattered into a hundred perpetually warring fiefdoms, anyone with a loud voice and a doomsday weapon can be king (and probably has been). Duncan Archer—con man, carpetbagger, survivor—has found a way to somehow successfully navigate the end of the world, with its giant killer robots, radioactive mutants, mad scientists, rampant nanotechnology, armed gangs, sea monsters, and 101 unpleasant ways to die. But when he meets Captain James Barrow, a former OSS agent and the most wanted man in the world, Duncan finds himself a reluctant hero caught up in a whole new level of weird, rollicking adventure... And the second most wanted man in the world. Tales from the Radiation Age is a throwback to the pulp-origins of science fiction, painting a vision of the future that's richly detailed, wildly imaginative—and altogether too easy to imagine.

NPR Best Books of 2018 A teen girl and her robot embark on a cross-country mission in this illustrated science fiction story, perfect for fans of Ready Player One and Black Mirror. In late 1997, a runaway teenager and her small yellow toy robot travel west through a strange American landscape where the ruins of gigantic battle drones litter the countryside, along with the discarded trash of a high-

tech consumerist society addicted to a virtual-reality system. As they approach the edge of the continent, the world outside the car window seems to unravel at an ever faster pace, as if somewhere beyond the horizon, the hollow core of civilization has finally caved in.

The Veiled Throne Orbit

"The Hike just works. It's like early, good Chuck Palahniuk. . . . Magary underhands a twist in at the end that hits you like a sharp jab at the bell. . . . It's just that good." —NPR.org "A page-turner. . . . Inventive, funny. . . . Quietly profound and touching."—BoingBoing From the author of *The Night the Lights Went Out* and *The Postmortal*, a fantasy saga unlike any you've read before, weaving elements of folk tales and video games into a riveting, unforgettable adventure of what a man will endure to return to his family. When Ben, a suburban family man, takes a business trip to rural Pennsylvania, he decides to spend the afternoon before his dinner meeting on a short hike. Once he sets out into the woods behind his hotel, he quickly comes to realize that the path he has chosen cannot be given up easily. With no choice but to move forward, Ben finds himself falling deeper and deeper into a world of man-eating giants, bizarre demons, and colossal insects. On a quest of epic, life-or-death proportions, Ben finds help comes in some of the most unexpected forms, including a profane crustacean and a variety of magical objects, tools, and potions. Desperate to return to his family, Ben is determined to track down the "Producer," the creator of the world in which he is being held hostage and the only one who can free him from the path. At once bitingly funny and emotionally absorbing, Magary's novel is a remarkably unique addition to the contemporary

fantasy genre, one that draws as easily from the world of classic folk tales as it does from video games. In *The Hike*, Magary takes readers on a daring odyssey away from our day-to-day grind and transports them into an enthralling world propelled by heart, imagination, and survival.

Notes from the Burning Age Macmillan

From award-winning author Ken Liu comes his much anticipated second volume of short stories. Ken Liu is one of the most lauded short story writers of our time. This collection includes a selection of his science fiction and fantasy stories from the last five years—sixteen of his best—plus a new novelette. In addition to these seventeen selections, *The Hidden Girl and Other Stories* also features an excerpt from book three in the *Dandelion Dynasty* series, *The Veiled Throne*.

[Things From the Flood](#) Tachyon Publications

A brilliant, unforgettable novel from bestselling author Ruth Ozeki, author of *The Book of Form and Emptiness* Finalist for the Booker Prize and the National Book Critics Circle Award "A time being is someone who lives in time, and that means you, and me, and every one of us who is, or was, or ever will be." In Tokyo, sixteen-year-old Nao has decided there's only one escape from her aching loneliness and her classmates' bullying. But before she ends it all, Nao first plans to document the life of her great grandmother, a Buddhist nun who's lived more than a century. A diary is Nao's only solace—and will touch lives in ways she can scarcely imagine. Across the Pacific, we meet Ruth, a novelist living on a remote island who discovers a collection of artifacts washed ashore in a Hello Kitty lunchbox—possibly debris from the devastating 2011 tsunami. As the mystery of its contents unfolds, Ruth is pulled into the past, into Nao's drama and her unknown fate, and forward into her own future. Full of Ozeki's

signature humor and deeply engaged with the relationship between writer and reader, past and present, fact and fiction, quantum physics, history, and myth, *A Tale for the Time Being* is a brilliantly inventive, beguiling story of our shared humanity and the search for home.

Reincarnation Blues Penguin

NEW YORK TIMES BESTSELLER • The bestselling author of *Morning Star* returns to the Red Rising universe with the thrilling sequel to *Iron Gold*. “Brown’s plots are like a depth charge of nitromethane dropped in a bucket of gasoline. His pacing is 100% him standing over it all with a lit match and a smile, waiting for us to dare him to drop it.” —NPR (Best Books of the Year) He broke the chains. Then he broke the world.... A decade ago Darrow led a revolution, and laid the foundations for a new world. Now he’s an outlaw. Cast out of the very Republic he founded, with half his fleet destroyed, he wages a rogue war on Mercury.

Outnumbered and outgunned, is he still the hero who broke the chains? Or will he become the very evil he fought to destroy? In his darkening shadow, a new hero rises. Lysander au Lune, the displaced heir to the old empire, has returned to bridge the divide between the Golds of the Rim and Core. If united, their combined might may prove fatal to the fledgling Republic. On Luna, the embattled Sovereign of the Republic, Virginia au Augustus, fights to preserve her precious democracy and her exiled husband. But one may cost her the other, and her son is not yet returned. Abducted by enemy agents, Pax au Augustus must trust in a Gray thief, Ephraim, for his salvation. Far across the void, Lyria, a Red refugee accused of treason, makes a desperate bid for freedom with the help of two unlikely new allies. Fear dims the hopes of the Rising, and as power is seized, lost, and reclaimed, the worlds spin on and on toward a new Dark Age. Don’t miss any of Pierce Brown’s Red Rising Saga: **RED RISING** • **GOLDEN SON** • **MORNING STAR** • **IRON GOLD** • **DARK AGE**

The Disappearing Spoon Del Rey

From Robin Sloan, the New York Times bestselling author of *Mr. Penumbra’s 24-Hour Bookstore*, comes *Sourdough*, “a perfect parable for our times” (San Francisco Magazine): a delicious and funny novel about an overworked and under-socialized software engineer discovering a calling and a community as a baker. Named One of the Best Books of the Year by NPR, the San Francisco Chronicle, and Southern Living Lois Clary is a software engineer at General Dexterity, a San Francisco robotics company with world-changing ambitions. She codes all day and collapses at night, her human contact limited to the two brothers who run the neighborhood hole-in-the-wall from which she orders dinner every evening. Then, disaster! Visa issues. The brothers quickly close up shop. But they have one last delivery for Lois: their culture, the sourdough starter used to bake their bread. She must keep it alive, they tell her—feed it daily, play it music, and learn to bake with it. Lois is no baker, but she could use a roommate, even if it is a needy colony of microorganisms. Soon, not only is she eating her own homemade bread, she’s providing loaves to the General Dexterity cafeteria every day. Then the company chef urges her to take her product to the farmer’s market—and a whole new world opens up.

The Years of Rice and Salt 47North
Mankind is busy populating the stars, raising republics and oligarchies, dictatorships and anarchy. An unresolved mystery of a war a thousand years gone begins to unravel when a young smuggler crosses what appears to be an artifact from the war. Soon, a group of wildcat smugglers operating on the fringes of society, an underworld syndicate warlord, a general and a high government official are thrown together in a series of tales that test their very souls. In a ruthless struggle, each with their hand on the other's throat, they will try to sort out the mystery left behind by the ancient war and its impending threat to humanity. Fifteen tales raking across time, a pattern interlacing unexpected fate, smooth desire, churning war, as mankind steps into the intergalactic ring. Winner take all.

Tales of the Earth Spectra

Iron Circus' latest sci-fi anthology project: stories about a world where warp drives cost \$200, and the cosmos is within reach of all humankind.

Born To Magic Simon and Schuster

With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . “A thoughtful, magisterial alternate history from one of science fiction’s most important writers.” —The New York Times Book Review
It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe’s population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World.

“Exceptional and engrossing.” —New York Post

“Ambitious . . . ingenious.” —Newsday

The Radium Girls ColSaw Publications / DMW

"The pilots of Flyboy, Inc., landed on the alien planet of Iaxo with a mission: In one year, quash an insurrection; exploit the ancient enmities of an indigenous, tribal society and kill the hell out of one group of natives to facilitate negotiations with the surviving group—all over 110 million acres of mixed terrain. At first, the double-hush, back-burner project went well. With a ten-century technological lead on the locals, the logistical support of a powerful private military company, and aid from other outfits on the ground, it was supposed to be an easy-in, easy-out mission that would make the pilots of Flyboy, Inc., very, very rich. But the natives of Iaxo had another plan—and what was once a strategic slam-dunk has become a quagmire, leaving the pilots of Flyboy, Inc., on an

embattled distant planet, waiting for support and a ride home that may never come...This dark debut novel tells the tale of a secret war-and the struggle to stay sane in a world that makes no sense. A Catch-22 for a new generation, A Private Little War is sure to become a science fiction classic-cover verso."

A Tale for the Time Being Simon and Schuster
FINALIST FOR 2018 KIRKUS PRIZE NAMED ONE OF THE "BEST LITERARY FICTION OF 2018" BY KIRKUS REVIEWS "Sci-fi in its most perfect expression...Reading it is like having a lucid dream of six years from next week, filled with people you don't know, but will." —NPR "[Williams' s] wit is sharp, but her touch is light, and her novel is a winner." — San Francisco Chronicle "Between seasons of Black Mirror, look to Katie Williams' debut novel." —Refinery29 Smart and inventive, a page-turner that considers the elusive definition of happiness. Pearl's job is to make people happy. As a technician for the Apricity Corporation, with its patented happiness machine, she provides customers with personalized recommendations for greater contentment. She's good at her job, her office manager tells her, successful. But how does one measure an emotion? Meanwhile, there's Pearl's teenage son, Rhett. A sensitive kid who has forged an unconventional path through adolescence, Rhett seems to find greater satisfaction in being unhappy. The very rejection of joy is his own kind of "pursuit of happiness." As his mother, Pearl wants nothing more than to help Rhett--but is it for his sake or for hers? Certainly it would make Pearl happier. Regardless, her son is one person whose emotional life does not fall under the parameters of her job--not as happiness technician, and not as mother, either. Told from an alternating cast of endearing characters from within Pearl and Rhett's world, Tell the Machine Goodnight delivers a smartly moving and entertaining story about the advance of technology and the ways that it can most surprise and define us. Along the way, Katie Williams playfully illuminates our national obsession with positive psychology, our reliance on quick fixes.

What happens when these obsessions begin to overlap? With warmth, humor, and a clever touch, Williams taps into our collective unease about the modern world and allows us see it a little more clearly.

After On Flatiron Books

A wildly imaginative novel about a man who is reincarnated over ten thousand lifetimes to be with his one true love: Death herself. " Tales of gods and men akin to Neil Gaiman ' s Sandman as penned by a kindred spirit of Douglas Adams. " —Kirkus Reviews (starred review) First we live. Then we die. And then . . . we get another try? Ten thousand tries, to be exact. Ten thousand lives to " get it right. " Answer all the Big Questions. Achieve Wisdom. And Become One with Everything. Milo has had 9,995 chances so far and has just five more lives to earn a place in the cosmic soul. If he doesn ' t make the cut, oblivion awaits. But all Milo really wants is to fall forever into the arms of Death. Or Suzie, as he calls her. More than just Milo ' s lover throughout his countless layovers in the Afterlife, Suzie is literally his reason for living—as he dives into one new existence after another, praying for the day he ' ll never have to leave her side again. But Reincarnation Blues is more than a great love story: Every journey from cradle to grave offers Milo more pieces of the great cosmic puzzle—if only he can piece them together in time to finally understand what it means to be part of something bigger than infinity. As darkly enchanting as the works of Neil Gaiman and as wisely hilarious as Kurt Vonnegut ' s, Michael Poore ' s Reincarnation Blues is the story of everything that makes life profound, beautiful, absurd, and heartbreaking. Because it ' s more than Milo and Suzie ' s story. It ' s your story, too. Praise for Reincarnation Blues " The most fun you ' ll have reading about a man who has been killed by both catapult and car accident. " —NPR " This book made me laugh out loud. And then a page later, it made me sob. Reminiscent of Tom Robbins and Christopher Moore, Poore finds humor in the dark absurdities of

life. " —Chicago Review of Books " Charming . . . surprisingly light and uplifting . . . It reads like a writer having fun. " —New York Journal of Books Ftl, Y'All! Penguin

A New York Times, USA Today, Wall Street Journal, and Amazon Charts Bestseller! For fans of Hidden Figures, comes the incredible true story of the women heroes who were exposed to radium in factories across the U.S. in the early 20th century, and their brave and groundbreaking battle to strengthen workers' rights, even as the fatal poison claimed their own lives... In the dark years of the First World War, radium makes gleaming headlines across the nation as the fresh face of beauty, and wonder drug of the medical community. From body lotion to tonic water, the popular new element shines bright. Meanwhile, hundreds of girls toil amidst the glowing dust of the radium-dial factories. The glittering chemical covers their bodies from head to toe; they light up the night like industrious fireflies. With such a coveted job, these "shining girls" are the luckiest alive — until they begin to fall mysteriously ill. And, until they begin to come forward. As the women start to speak out on the corruption, the factories that once offered golden opportunities ignore all claims of the gruesome side effects. And as the fatal poison of the radium takes hold, the brave shining girls find themselves embroiled in one of the biggest scandals of America's early 20th century, and in a groundbreaking battle for workers' rights that will echo for centuries to come. A timely story of corporate greed and the brave figures that stood up to fight for their lives, these women and their voices will shine for years to come. Written with a sparkling voice and breakneck pace, The Radium Girls fully illuminates the inspiring young women exposed to the "wonder" substance of radium, and their awe-inspiring strength in the face of almost impossible circumstances. Their courage and tenacity led to life-changing regulations, research into nuclear bombing, and ultimately saved hundreds

of thousands of lives...

The Hike MCD

An NPR Best Book of 2016 An Amazon Featured Best Science Fiction & Fantasy Book A Guardian Best SF & Fantasy Book of 2016 Longlist, British Science Fiction Award 2016, Best Novel 2017 Arthur C. Clarke Award nominee "It's all of science fiction distilled into a single book." —Warren Ellis, author of Transmetropolitan and Gun Machine A worldwide diaspora has left a quarter of a million people at the foot of a space station. Cultures collide in real life and virtual reality. The city is literally a weed, its growth left unchecked. Life is cheap, and data is cheaper. When Boris Chong returns to Tel Aviv from Mars, much has changed. Boris's ex-lover is raising a strangely familiar child who can tap into the datastream of a mind with the touch of a finger. His cousin is infatuated with a robotnik—a damaged cyborg soldier who might as well be begging for parts. His father is terminally-ill with a multigenerational mind-plague. And a hunted data-vampire has followed Boris to where she is forbidden to return. Rising above them is Central Station, the interplanetary hub between all things: the constantly shifting Tel Aviv; a powerful virtual arena, and the space colonies where humanity has gone to escape the ravages of poverty and war. Everything is connected by the Others, powerful alien entities who, through the Conversation—a shifting, flowing stream of consciousness—are just the beginning of irrevocable change. At Central Station, humans and machines continue to adapt, thrive...and even evolve.

The Silver Crown Simon and Schuster

"Mr. King looks at all our upcoming problems, and imagines a local reaction to each one. The result is often funny, usually sardonic, and always imaginative, what with all the mole rats, flesh drones, dimeheads, and especially 'The Grifter's Guide to the Territories' FKA USA, a notable addition to the line of imaginary authorities." —The Wall Street Journal Indie Next Pick for July Best of June: io9, AV Club, Amazing Stories, The Verge Reed King's amazingly audacious novel is something of a cross between L. Frank Baum's The Wizard of Oz, Douglas Adams's A Hitchhiker's Guide to the Galaxy, Cormac McCarthy's The Road, and Ernest Cline's Ready Player One. In Reed King's wildly imaginative and possibly prescient debut, the United States has dissolved in the wake of environmental disasters and the catastrophic policies of its final president. It is 2085, and Truckee Wallace, a factory

worker in Crunchtown 407 (formerly Little Rock, Arkansas, before the secessions), has no grand ambitions besides maybe, possibly, losing his virginity someday. But when Truckee is thrust unexpectedly into the spotlight he is tapped by the President for a sensitive political mission: to deliver a talking goat across the continent. The fate of the world depends upon it. The problem is—Truckee's not sure it's worth it. Joined on the road by an android who wants to be human and a former convict lobotomized in Texas, Truckee will navigate an environmentally depleted and lawless continent with devastating—and hilarious—parallels to our own, dodging body pickers and Elvis-worshippers and logo girls, body subbers, and VR addicts. Elvis-willing, he may even lose his virginity. FKA USA is the epic novel we've all been waiting for about the American end of times, with its unavoidable sense of being on the wrong end of the roller coaster ride. It is a masterwork of ambition, humor, and satire with the power to make us cry, despair, and laugh out loud all at once. It is a tour de force unlike anything else you will read this year.

Raised in Captivity 47North

The definitive novel of today's Silicon Valley, After On flash-captures our cultural and technological moment with up-to-the-instant savvy. Matters of privacy and government intrusion, post-Tinder romance, nihilistic terrorism, artificial consciousness, synthetic biology, and much more are tackled with authority and brash playfulness by New York Times bestselling author Rob Reid. Meet Phluttr—a diabolically addictive new social network and a villainess, heroine, enemy, and/or bestie to millions. Phluttr has ingested every fact and message ever sent to, from, and about her innumerable users. Her capabilities astound her makers—and they don't even know the tenth of it. But what's the purpose of this stunning creation? Is it a front for something even darker and more powerful than the NSA? A bid to create a trillion-dollar market by becoming "The UberX of Sex"? Or a reckless experiment that could spawn the digital equivalent of a middle-school mean girl with enough charisma, dirt, and cunning to bend the entire planet to her will? Phluttr has it in her to become the greatest gossip, flirt, or matchmaker in history. Or she could cure cancer, bring back Seinfeld, then start a nuclear war. Whatever she does, it's not up to us. But a motley band of Silicon Valley entrepreneurs, venture capitalists, and engineers might be able to influence her. After On achieves the literary singularity—fusing

speculative satire and astonishing reality into a sharp-witted, ferociously believable, IMAX-wide view of our digital age. Praise for After On "Rob Reid's mind is like no other known thing in the universe, and this book is a truly spectacular way to discover it." —Chris Anderson, head of TED "An extended philosophy seminar run by a dozen insane Cold War heads-of-station, three millennial COOs and that guy you went to college with who always had the best weed but never did his laundry." —NPR "An epic cyberthriller peppered with pop-culture references, metadata, and Silicon Valley in-jokes." —Kirkus Reviews "It's rare to find a book that combines laugh-out-loud humor and cutting-edge science with profound philosophical speculation. This is that book." —Analog " [Rob Reid] writes in a humorous and sarcastic style while unveiling a terrifying and frightening scenario that seems all too real." —Associated Press

Sourdough Tales from the Radiation Age

One minute, twenty-four-year-old Sophie Hansa is in a San Francisco alley trying to save the life of the aunt she has never known. The next, she finds herself flung into the warm and salty waters of an unfamiliar world. Glowing moths fall to the waves around her, and the sleek bodies of unseen fish glide against her submerged ankles. The world is Stormwrack, a series of island nations with a variety of cultures and economies—and a language different from any Sophie has heard. Sophie doesn't know it yet, but she has just stepped into the middle of a political firestorm, and a conspiracy that could destroy a world she has just discovered...her world, where everyone seems to know who she is, and where she is forbidden to stay. But Sophie is stubborn, and smart, and refuses to be cast adrift by people who don't know her and yet wish her gone. With the help of a sister she has never known, and a ship captain who would rather she had never arrived, she must navigate the shoals of the highly charged politics of Stormwrack, and win the right to decide for herself whether she stays in this wondrous world...or is doomed to exile, in Child of a Hidden Sea by A.M. Dellamonica. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

World of Tomorrow Oxford University Press on Demand

With the invasion of Dara complete, and the Wall of

Storms breached, the world has opened to new possibilities for the gods and peoples of both empires as the sweeping saga of the award-winning Dandelion Dynasty continues in this third book of the “ magnificent fantasy epic ” (NPR). Princess Th é ra, once known as Empress Üna of Dara, entrusted the throne to her younger brother in order to journey to Ukyu-Gond é to war with the Lyucu. She has crossed the fabled Wall of Storms with a fleet of advanced warships and ten thousand people. Beset by adversity, Th é ra and her most trusted companions attempt to overcome every challenge by doing the most interesting thing. But is not letting the past dictate the present always possible or even desirable? In Dara, the Lyucu leadership as well as the surviving Dandelion Court bristle with rivalries as currents of power surge and ebb and perspectives spin and shift. Here, parents and children, teachers and students, Empress and P é kyu, all nurture the seeds of plans that will take years to bloom. Will tradition yield to new justifications for power? Everywhere, the spirit of innovation dances like dandelion seeds on the wind, and the commoners, the forgotten, the ignored begin to engineer new solutions for a new age. Ken Liu returns to the series that draws from a tradition of the great epics of our history from the Aeneid to the Romance on the Three Kingdoms and builds a new tale unsurpassed in its scope and ambition.

Strange Practice Penguin

In this gripping and memorable middle grade fantasy from Newbery Medal – winning author Robert C. O ’ Brien, good and evil are locked in battle and the balance between the two can only be restored by one young girl ’ s determination to set things right.

“ It lay beside her on the pillow, shinier than silver, glowing softly, with twinkling blue stones set all around....It did not occur to her to wonder from whom it had come; she was merely aware that it was hers by right. ” Ellen awakens one morning with a mysterious silver crown on the pillow beside her. What magic powers it possesses she has not yet

discovered, but the sudden changes in her life are unmistakable: her house is burned down, her family has disappeared, and a man in a dark uniform is stalking her. Can Ellen ever find her family? Can she use the power of the silver crown to thwart the powers of darkness? What diabolical force hides inside the mysterious castle in the woods?
