Awards The Only Harmless Great Thing is a heart-wrenching alternative history by Brooke Bolander that imagines an intersection between the Radium Girls and noble, sentient elephants. In the early years of the 20th century, a group of female factory workers in Newark, New Jersey slowly died of radiation poisoning. Around the same time, an Indian elephant was deliberately put to death by electricity in Coney Island. These are the facts. Now these two tragedies are intertwined in a dark alternate history of rage, radioactivity, and injustice crying out to be righted. Prepare yourself for a

wrenching journey that crosses eras, chronicling histories of cruelty both grand and petty in search of meaning and justice. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

While previous work on the Star Wars universe charts the Campbellian mythic arcs, political representations, and fan reactions associated with the films, this volume

takes a transmedial approach to the material, recognizing that Star Wars TV projects interact with and relate to other Star Wars texts. The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of

popular culture and also key to understanding how the Star Wars franchise—and, thus, industry-wide transmedia storytelling strategies—developed. The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long-running popular series,

long-ignored texts, and even toy commercials to bear on the franchise's complex history. In a bitterly divided world, a giant bear becomes an object of worship in “ the extraordinary fantasy novel by the author of Watership Down ” (The Guardian,

UK). In a burning forest, Kelderek the hunter encounters a gigantic bear unlike any he's seen before. Surely this is the reincarnation of Lord Shardik, the messenger of god whose return has been anticipated by the primitive Ortelgan people. In service to Shardik, Kelderek becomes a prophet, then a soldier, and finally an emperor-priest. Swept up by fate and his impassioned faith, Klederek will come to discover ever-deeper layers of meaning implicit in the bear's

divinity. Written after his bestselling debut novel *Watership Down*, Richard Adams's *Shardik* is an epic fantasy of tragic character. A fascinating depiction of the power of belief, it explores themes of faith, slavery, and war.

Tag, a naive young cat, is called upon to participate in the greatest adventure in cat history, to save the Queen of Cats from the scheming Alchemist. He is destined to learn of friendship and love, bravery and wisdom, and of the wild roads created by

the Great Cats in ancient times. *The Watership Down* Film Picture Book Sphere This is the second annual edition of the Long List Anthology. Every year, supporting members of WorldCon nominate their favorite stories first published during the previous year to determine the top five in each category for the final Hugo Award ballot. Between the announcement of the ballot and the Hugo Award ceremony at WorldCon, these works often become the center of much attention (and contention) across fandom. But

there are more stories loved by the Hugo voters, stories on the longer nomination list that WSFS publishes after the Hugo Award ceremony at WorldCon. The Long List Anthology Volume 2 collects 18 fiction stories from that nomination list, along with 2 essays from the book Letters to Tiptree that was also on the nomination list, totaling over 500 pages of fiction by writers from all corners of the world. Within these pages you will find a mix of science fiction and fantasy and horror, the dramatic and the lighthearted, from android caretakers to Lovecraftian

romances, from adventures to quests and more. There is a wide variety of styles and types of stories here, and something for everyone. The stories included are: "Damage" by David D. Now with a new introduction by Madeline Miller, the New York Times bestselling author of *The Song of Achilles* and *Circe*.

The 50th anniversary edition of Richard Adams’ timeless classic, the tale of a band of wild rabbits struggling to hold onto their place in the world—“a classic yarn of discovery and struggle” (The New York Times). A worldwide bestseller for over thirty years, *Watership Down* is one of the most beloved novels of all time. Set in England’s Downs, a once idyllic rural landscape, this stirring tale follows a band of very special creatures on their flight from the intrusion of man and the certain

destruction of their home. Led by a stouthearted pair of brothers, they journey from their native Sandleford Warren, through the harrowing trials posed by predators and adversaries, and toward the dream of a mysterious promised land and a more perfect society.

BESTSELLER • “ A
delightful sampler plate of our

national parks, written with charisma and erudition. ” —Nick Offerman, author of Paddle Your Own Canoe From CBS Sunday Morning correspondent Conor Knighton, a behind-the-scenery look at his year traveling to each of America's National Parks, discovering the most beautiful places and most interesting people our country has to offer NAMED ONE OF THE BEST BOOKS OF THE YEAR BY OUTSIDE When Conor Knighton set off to explore America's "best idea," he worried the whole thing could end up being his worst

idea. A broken engagement and a broken heart had left him longing for a change of scenery, but the plan he'd cooked up in response had gone a bit overboard in that department: Over the course of a single year, Knighton would visit every national park in the country, from Acadia to Zion. In Leave Only Footprints, Knighton shares informative and entertaining dispatches from what turned out to be the road trip of a lifetime. Whether he's waking up early for a naked scrub in a historic bathhouse in Arkansas or staying up late to stargaze along

our loneliest highway in Nevada, Knighton weaves together the type of stories you're not likely to find in any guidebook. Through his unique lens, America the Beautiful becomes America the Captivating, the Hilarious, and the Inspiring. Along the way, he identifies the threads that tie these wildly different places together—and that tie us to nature—and reveals how his trip ended up changing his views on everything from God and love to politics and technology. Filled with fascinating tidbits about our parks' past and reflections on

their fragile future, this book is both a celebration of and a passionate case for the natural wonders that all Americans share.

“ Almond draws on everything from The Grapes of Wrath to the voting practices of his babysitter to dismantle the false narratives about American democracy. ” —Cheryl Strayed, international- bestselling author of Wild
Like a lot of Americans,

Steve Almond spent the weeks after the 2016 election lying awake, in a state of dread and bewilderment. The problem wasn't just the election, but the fact that nobody could explain, in any sort of coherent way, why America had elected a cruel, corrupt, and incompetent man to the Presidency. *Bad Stories: What the Hell Just Happened to Our Country* is Almond's effort to make sense of our historical moment, to connect certain dots that go unconnected amid the deluge of hot takes

and think pieces. Almond looks to literary voices—from Melville to Orwell, from Bradbury to Baldwin—to help explain the roots of our moral erosion as a people. The book argues that Trumpism is a bad outcome arising directly from the bad stories we tell ourselves. To understand how we got here, we have to confront our cultural delusions: our obsession with entertainment, sports, and political parody, the degeneration of our free press into a for-profit industry, our enduring

pathologies of race, class, immigration, and tribalism. *Bad Stories* is a lamentation aimed at providing clarity. It ' s the book you can pass along to an anguished fellow traveler with the promise, This will help you understand what the hell happened to our country. “ Almond holds up literature as a guide through America ' s age-old moral dilemmas and finds hope for his country in family, forgiveness, and political resistance. ” —Booklist [Nature Day and Night](#) Simon

Richard Adams, author of 'Watership Down' and described recently as a legend of literature, was born in Newbury in 1920 as the replacement for a baby brother who died in the great influenza epidemic of 1917-19. His mother was well over 40 at the time of his birth, and his was a solitary childhood spent in a large garden. Here he explains how his days spent watching bird, beetles and wild creatures around his home engendered in him a lifelong love of nature. His years at prep and public school, at Oxford and in the

army are all vividly described, and their influence on the recurrent themes in his writing of battle, leadership, friendship, bullying, solitude and longing made plain.

The Plague Dogs National Geographic Books

This modern-day classic is an unforgettable tale of fantasy and adventure, a powerful exploration of the limits of human cruelty and kindness. A “gripping ... compelling tale of emotional force and high suspense” (The Wall Street Journal). Rowf, a shaggy black mongrel, and Snitter, a black-and-white fox terrier, are

among dozens of animals being cruelly held in a testing facility in North West England. When one of the handlers fails to close Rowf’s cage properly, the two dogs make a daring escape into the English countryside, where they befriend a red fox who helps them survive in the wild. But as rumors circulate that the dogs may have been the test subjects for biological weapons and could be carrying a terrible plague, they soon find themselves targets of a great dog hunt. Local farmers, politicians, scientists, and even the military join in the search to track them down.

is pleased to announce the release
of *Cheek by Jowl*, a collection of
talks and essays on how and why
fantasy matters, by Ursula K. Le
Guin. In these essays, Le Guin
argues passionately that the
homogenization of our world
makes the work of fantasy essential
for helping us break through what
she calls "the reality trap." Le
Guin writes not only of the
pleasures of her own childhood
reading, but also about what
fantasy means for all of us living in
the global twenty-first century.
