Daddy, please! Please don't do this!" I begged with my hands. "It's done, Tegan. The contract is signed. You will leave tonight to be the Alpha King's contracted mate. You will bear him an heir within

three months, or you will regret it!" He roared out, his face showing me just how angry he truly was. I silently wept at the cards fate played me. I will be nothing more than a baby-making machine for the cruelest Alpha known, Ezra Hendricks. Tegan Declan is a shy she-wolf who was born deaf. She is starting a new life as a disabled wolf in a new pack. She is the new contracted mate to the Alpha King, Ezra Hendricks. "Being deaf was a quality I would hate my son to have. As a wolf, you need all your senses to be able to lead, protect, and stay alive. Lacking hearing would not benefit anyone; it could lead to mass destruction and the loss of many lives. It would not be a good quality for a king. This brought me back to my question. What makes her think she is fit to be my Queen? I want to know what she thinks her strengths are. Would they outweigh her weaknesses?"

The Challenge Oxford University Press

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins.

While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

A New York Times bestseller! A skeptic and a supernatural being make a crossroads deal to achieve their own ends only to get more than they bargained for in this "irresistible elixir of romance and suspense" (Kirkus Reviews) from the New York Times bestselling author of *Spell Bound* and *So This Is Ever After*. Seventeen-year-old Ellery is a non-believer in a region where people swear the supernatural is real. Sure, they've been stuck in a five-year winter, but there's got to be a scientific explanation. Knox is a familiar from the Other World, a magical assistant sent to help humans who have made crossroads bargains. But it's been years since he heard from his queen, and Knox is getting nervous about what he might find once he returns home. When the crossroads demons come to collect Knox, he panics and runs. A chance encounter down an alley finds Ellery coming to Knox's rescue, successfully fending off his would-be abductors. Ellery can't quite believe what they've seen.
