Have you ever wished you could give your mind an upgrade, just as you can give one to your computer, car, kitchen, or wardrobe? Or that you could remember all-important phone numbers or shopping lists without fumbling with multiple slips of paper? Or speed-read or do lightning-fast everyday math calculations? Or that you could be a Renaissance man or woman and dazzle your friends at dinner with your mastery of dates and facts, artists and albums, presidents and policies? Now there is a way to give yourself this intellectual attention and improvement: With Your Intelligence Makeover you'll enjoy a makeover that is more than just skin deep. With this book's three-week master plan, you'll learn the skills you

need to nip and tuck your own knowledge -- you'll double or triple your reading speed and dramatically improve your memory. Then you'll have access to a wide body of information to kick it up a notch and rise to a higher intellectual plane. Whether you want to start a new career, complete your education, brush up your cultural literacy, increase your knowledge of a favorite subject, or simply chat up friends, family, and associates with a fascinating array of anecdotes, you can use the easy-to-learn secrets of education specialist Dr. Edward F. Droge, Jr., to launch new chapters in your own life. A former New York City police officer who went to Yale in his thirties as an undergraduate and then on to Harvard to earn a master's and a doctorate, Dr. Droge reveals the "Super Tools," which he developed to fuel his own success, to help you create your unique, personalized makeover plan. Take the entertaining self-assessment quizzes to find the areas in which you need to brush up and then use the Super Tools to immerse yourself in virtually any subject. Filled with mind-expanding sidebars and a vast reservoir of resources for learning in multiple subject areas (including History, Literature, Grammar, Math, Art, Science, Sports, Music, and much more), Your Intelligence Makeover promises to put you on the right track to tapping the limitless power of your intelligence for satisfaction and gain.

OSSC-Odisha Accountant Exam PDF eBook
Simon and Schuster

Cromosys Publication's Teach Yourself Tally ERP 9 book is an optimal quality guide to the beginners and advanced learners of Tally. We are the leading eBook publisher of languages and technology. Our research and education center working for last fifteen years has made tremendous effort to simplify the learning of Tally, and so, we assure you that this book will walk you through in the simplest way in your entire course of learning. Whether you are using Tally.ERP 9 or any version,

this book will make you a master of it in just one month of time. The tutorials in the chapters will lead you step-by-step giving pictures of every move and will help you create all financial entries starting from the real basic of creating a company to the opening the balance sheet. Tally is an accounting software that is designed to integrate and automate all the business transactions of a company as it helps the management in taking quick and correct decisions and allows to have a better control of the business. It is an accepted financial system for a decade that this accounting software simplifies, integrates, and streamlines all business transactions in an easy and cost-effective manner. That is why it is compulsory for every company to have Tally Operating Accountants as it created job opportunities for millions of people of the world. And what is noticeably true is that Tally doesn't require from you be educated in commerce stream, which means you can learn and work on Tally having any educational background. It's cool, simple, and sublime! Niranjana Jha, the author of this and twenty other eBooks published online, is the founder of Cromosys Corporation. His dedication in technological and linguistic research is significantly known to the millions of people around the world. This book is the creation of his avowed determination to make the learning of Tally easy to the people. After you install this program on your system, you just have to follow the instructions doing the same on your computer, and you will see that you are quickly learning everything. Just an hour of practice per day, and in

a month of time you'll get a lot of knowledge, tips and tricks to work with this software. This is an unmatched unique book of its kind that guarantees your success. The lessons are magnificently powerful to bring you into the arena of accounting. It is the need of time, and that's why many people have been sharpening their knowledge to be good in it. Since a recent past, Tally has become an academic element of commerce education and we have seen a great increase in the number of students interested in learning this software. As we have been teaching Tally for past ten years, so we are quite sure about the usefulness of this book. The method, lessons, examples, and explanations of this book are hundred percent easy, correct, and comprehensive.

Tally 9 In Simple Steps Chandresh Agrawal "12 Frequently Asked Questions About Enterprise Resource Planning (ERP) Software" was spawned to address the most common questions we receive from executives about their organizations' ERP systems. These questions touch on topics ranging from software selection to implementation to ongoing support issues. In this book, we'll provide answers to 12 frequently asked questions that are likely to represent important issues in your organization and how to address them. Business owners, CEOs, CFOs, I/T

executives, and middle managers
responsible for sales, operations, and
finance may benefit from reading this book.
