World Fishing Lloyd's Register

The Lloyd's Register of Yachts was first issued in 1878, and was issued annually until 1980, except during the years 1916-18 and 1940-46. Two supplements containing additions and corrections were also issued annually. The Register contains the names, details and characters of Yachts classed by the Society, together with the particulars of other Yachts which are considered to be of interest, illustrates plates of the Flags of Yacht and Sailing Clubs, together with a List of Club Officers, an illustrated List of the Distinguishing Flags of Yachtsmen, a List of

the Names and Addresses of Yacht Owners, and much other information. For more information on the Lloyd's Register of Yachts, please click here: <https://hec.lrfoundation.org.uk/archive-library/lloyds-register-of-yachts-online>

Motorboating - ND Voyage Press

Low-temperature engine oil pumpability data have been obtained on thirteen ASTM Pumpability Reference Oils in seven full-scale test engines.

Borderline Pumping Temperatures based on gallery oil pressure traces were determined for all thirteen Reference Oils in four of the test engines, and for nine of the Reference Oils in all seven test engines. Data

were also obtained as to the type of flow failure occurring (air-binding or flow-limited) and on rocker arm oiling times.
