A NEW YORK TIMES NOTABLE BOOK OF 2020 "In this superbly articulate cri de coeur, Safina gives us a new way of looking at the natural world that is radically different."—The Washington Post New York Times bestselling author Carl Safina brings readers close to three non-human cultures—what they do, why they do it, and how life is for them. A New York Times Notable Books of 2020 Some believe that culture is strictly a human phenomenon. But this book reveals cultures of other-than-human beings in some of Earth ' s remaining wild places. It shows how if you ' re a sperm whale, a scarlet macaw, or a chimpanzee, you too come to understand yourself as an individual within a particular community that does things in specific ways, that has traditions. Alongside genes, culture is a second form of inheritance, passed through generations as pools of learned knowledge. As situations change, social learning—culture—allows behaviors to adjust much faster than genes can adapt. *Becoming Wild* brings readers into intimate proximity with various nonhuman individuals in their free-living communities. It presents a revelatory account of how animals function beyond our usual view. Safina shows that for non-humans and humans alike, culture comprises the answers to the question, " How do we live here? " It unites individuals within a group identity. But cultural groups often seek to avoid, or even be hostile toward, other factions. By showing that this is true across species, Safina illuminates why human cultural tensions remain maddeningly intractable despite the arbitrariness of many of our differences. *Becoming Wild* takes readers behind the curtain of life on Earth, to witness from a new vantage point the most world-saving of perceptions: how we are all connected.

Tangled Tides Compass Press

What happens when you release the hero within—and she's a stranger? "I'm stuck in a loop, trying not to look at the ghost of a girl with golden curls and hazel eyes..." When a series of eerily haunting dreams drives Cole back into battle too soon, the power she's only just learned to wield fails to show up for the fight. Dreamwalker and childhood friend Ash claims a trip to her long-forgotten homeland in the mountains will help her reclaim her missing magic and hard-won sense of purpose. But the last thing she wants to do is waste days trekking through the monster-infested wilderness with nothing but a snarky ghost and a boy who's made it his life's mission to save a dead girl. "The last guy who wanted me to trust him tried to sacrifice me to the Mara . . ." Cole's hesitation doesn't stop Ash from spiriting her across sea-monster-ridden waters to the terrifyingly twisted lands beyond, leaving her broken yet beloved city without protection. If she can't reclaim her past and restore her connection to the dreamscape before it's too late, her newfound friends won't be the only ones to pay the price. But more than just monsters stand in her way—and this time, taking back the power to stop them might just break her. *Black the Tides* is the second book in a lush and labyrinthine trilogy of paranormal-meets-gothic-dystopian YA fantasy filled with monster-infested mountains, haunted forests, and unexpected twists for those who like a little sparkle with their monsters (it glistens so nicely on all the blood.) Fans of cinematic solarpunk utopian planning, dark Northern Gothic forests, and monster-hunting road trips will love this genre-bending dark fantasy with a devastating cliffhanger twist. Buy *Black the Tides* for a shocking voyage into dark seas today!

Tangled Tides

Odyssey Starry Sky Publishing

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Tracking Trash Snowmelt & Stumps

Yara Jones doesn't believe in sea monsters--until she becomes one. When a hurricane hits her island home and she wakes up with fins, Yara finds herself tangled up in an underwater world of mysterious merfolk and secretive selkies. Both sides believe Yara can save them by fulfilling a broken promise and opening the sealed gateway to their realm, but they are battling over how it should be done. The selkies want to take her life. The merfolk want something far more precious. Treygan, the stormy-eyed merman who turned Yara mer, will stop at

nothing and sacrifice everything to protect his people--until he falls for Yara. The tides turn as Yara fights to save herself, hundreds of sea creatures, and the merman who has her heart. She could lose her soul in the process--or she might open the gateway to a love that's deeper than the oceans.

Monster Musume Vol. 9 Henry Holt and Company

Elijah is nothing special. He's just a skinny kid doing his best to stay one step ahead of starvation and the people who would have him locked away in a labour camp - just another Runner. But what he stumbles upon in a forest in Hampshire shows him that the harsh world he knows will become an even more sinister place, unless he can stop it. As past and present and parallel dimensions collide, freedom becomes the last thing on his mind as he is suddenly faced with a battle to save his world from extinction. But before Elijah can find the courage to be the hero the world needs, he must banish his own demons and learn to trust his friends. And all the while, the sinister figure of Maxwell Braithwaite looms, his path inextricably bound to Elijah's by a long dead physicist, and hell bent on stopping Elijah, whatever the cost.

Orphans of the Tide Sonnet Books

Book 2 of The Sea Monster memoirs Hell hath no fury like a selkie separated from his true love. The gate to the sea creature realm is finally open. Yara wants to bask in the glow of her budding relationship with Treygan and explore Medusa's world, but as the new leader of Rathe her powers are needed to save a sea creature she's never met. Rowan assumes the worst is behind him when he returns home to be reunited with his wife, Vienna, only to discover she's gone. She traveled to the evil realm of Harte to find another gateway to Earth and was never heard from again. Rowan claimed he would go through hell to be with her, and now he must prove it. Rowan, Yara, and Treygan will put their lives and souls at risk by traveling to the most dangerous realm of all. Love is supposed to conquer all, but no one has ever conquered Harte. Becoming Wild Little, Brown Books for Young Readers

Aided by an army of beachcombers, oceanographer Dr. Curtis Ebbesmeyer tracks trash in the name of science. From sneakers to hockey gloves, Curt monitors the watery fate of human-made cargo that has spilled into the ocean. The information he collects is much more than casual news; it is important scientific data. And with careful analysis, Curt, along with a community of scientists, friends, and beachcombers alike, is using his data to understand and protect our ocean. In engaging text and unforgettable images, readers meet the woman

who started it all (Curts mother!), the computer program that makes sense of his data (nicknamed OSCURS), and several scientists, both on land and on the sea, who are using Curts discoveries to preserve delicate marine habitats and protect the creatures who live in them. A Boston Globe-Horn Book Award Honor Book for Nonfiction.

Peace and tranquility on the island of Aster, home to both humans and 'merfolk', has long been broken by a devastating phenomenon, recurring every five years. A storm including gusting winds and huge waves mysteriously appeared and eradicated much of the population. The misunderstandings, suspicion and hate born of this disaster have torn the two races apart, and the peace loving merfolk are now in a never-ending struggle to prove their innocence and restore peace to the island. On the human side, things are even worse; under the tyranny of cruel king Orestis, the people suffer and all their king cares for is vengeance against the "fish," as he spitefully calls them, executing merfolk after merfolk for just being near his lands. Secrets, intense emotions and strange phenomena will upset their lives forever.

Just when things seem to be going swimmingly, Lily Sanderson's human-hating cousin Dosinia is exiled from the mer kingdom of Thalassinia and sent to land, leaving Lily with the huge task of keeping her on the straight and narrow. But why was Dosinia exiled in the first place? And why, why, why is she batting her eyelashes at Brody, Lily's former crush? As if her bratty cousin weren't enough to handle, the reappearance of a merboy from Lily's past makes her question her decision to renounce her kingdom and stay on land with her boyfriend, Quince.

Winner of the Branford Boase Award 2021, a breathtaking fantasy adventure for fans of His Dark Materials that The Times calls 'Unputdownable'. The City was built on a sharp mountain that jutted improbably from the sea, and the sea kept trying to claim it back. That grey morning, once the tide had retreated, a whale was found on a rooftop. When a mysterious boy washes in with the tide, the citizens believe he's the Enemy - the god who drowned the world - come again to cause untold chaos. Only Ellie, a fearless young inventor living in a workshop crammed with curiosities, believes he's innocent. But the Enemy can take possession of any human body and the ruthless Inquisition are determined to destroy it forever. To save the boy, Ellie must prove who he really is - even if that means revealing her own dangerous secret . . . 'Unputdownable' - The Times 'Enthralling' - The Daily Express 'Sumptuously atmospheric . . . tirelessly inventive' - The Daily Telegraph 'Gripping' - The Guardian 'Energetic and inventive' - Sunday Times 'Gripping and original' - The Observer 'Singularly brilliant' - Kiran Millwood Hargrave, author of The Girl of Ink and Stars and The Mercies 'Compellingly inventive and unpredictable' - Piers Torday, author of The Last Wild 'A terrific debut of strange myths and dark secrets' - The Bookseller (Editor's Choice)

Quirk Books

I wish I was away in IngoFar across the briny sea, Sailing over deepest waters Where love nor care never trouble me. . . . By the Cornwall coast where Sapphire lives with her family, it's easy to hear the call of the sea. Too easy. When the sea called to Sapphy's father, he vanished from her life. When the sea called to her brother, he started disappearing for hours on end. And now the sea is calling to Sapphy, and she feels its pull more strongly than she's ever felt anything in her life. In a novel full of longing, mystery, and magic, Helen Dunmore

takes us to a new world that has the power both to captivate and to destroy. At the waterline, the two worlds of Air and Ingo meet. Sapphy and her brother, Conor, find themselves at the boundary between these worlds, in a place of danger and amazing discoveries.

Read the #1 New York Times best-selling series before it continues in A Map of Days. Bonus features • Q&A with author Ransom Riggs • Eight pages of color stills from the film • Sneak preview of Hollow City, the next novel in the series A mysterious island. An abandoned orphanage. A strange collection of very curious photographs. It all waits to be discovered in Miss Peregrine's Home for Peculiar Children, an unforgettable novel that mixes fiction and photography in a thrilling reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of Miss Peregrine's Home for Peculiar Children. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island for good reason. And somehow--impossible though it seems--they may still be alive. A spine-tingling fantasy illustrated with haunting vintage photography, Miss Peregrine's Home for Peculiar Children will delight adults, teens, and anyone who relishes an adventure in the shadows. "A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story."--John Green, New York Times best-selling author of The Fault in Our Stars "With its X-Men: First Class-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it's no wonder Miss Peregrine's Home for Peculiar Children has been snapped up by Twentieth Century Fox. B+"--Entertainment Weekly "'Peculiar' doesn't even begin to cover it. Riggs' chilling, wondrous novel is already headed to the movies."--People "You'll love it if you want a good thriller for the summer. It's a mystery, and you'll race to solve it before Jacob figures it out for himself."--Seventeen
