The TBF-611 is intended for use by male and female adults with moderately active to inactive lifestyles. It is not intended for people with athletic body

types. Tanita defines "athlete" as a person involved in intense physical activity of at least 10 hours per week and who has a resting heart rate of approximately 60 beats per minute or less.

TBF-612. Important
notes for users The
TBF-612 is
intended for use by
male and female

adults and contains an Athlete mode. The Athlete mode was developed to provide a more accurate reading for athletic body types. Athletic body types are physiologically different than standard adult body types, due to muscle mass and hydration level differences.

Product Troubleshooting / Tanita Corporation

Useful features of the TBF-604 The TBF-604 allows you to measure both weight and body fat percentage simultaneously as easily and simply as stepping on a scale.
