When it comes to disease,  
who beats the odds — and

why? When it comes to spontaneous healing, skepticism abounds. Doctors are taught that “miraculous” recoveries are flukes, and as a result they don’t study those cases or take them into account when treating patients. Enter Dr. Jeff Rediger, who has spent over 15 years studying

---

spontaneous healing, pioneering the use of scientific tools to investigate recoveries from incurable illnesses. Dr. Rediger ' s research has taken him from America ' s top hospitals to healing centers around the world—and along the way he ' s uncovered insights into why some people beat the odds. In Cured, Dr. Rediger digs down to the root causes of illness, showing how to create an environment that sets the stage for healing. He reveals the patterns behind healing and lays out the physical and mental principles associated with recovery: first, we need to physically heal our diet and our immune systems. Next, we need to mentally heal our stress response and our identities. Through rigorous research, Dr. Rediger shows that much of our physical reality is created in our minds. Our perception changes our

experience, even to the point of changing our physical bodies—and thus the healing of our identity may be our greatest tool to recovery. Ultimately, miracles only contradict what we know of nature at this point in time. Cured leads the way in explaining the science behind these miracles, and provides a first-of-its-kind guidebook to both healing and preventing disease.

Weight Loss for People Who Feel Too Much Elite Books Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of The Tapping Solution, is at the forefront of a new healing movement. In his upcoming book, The Tapping Solution, he gives readers everything they

need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping 's proven success in healing such a variety of problems, Ortner recommends to try it

---

on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting

beliefs that hold them back from creating the life they want.

perfectionism, that sabotage the success you deserve This book is your guide to having a new healthy, loving relationship with your food and your feelings. It's the end to other people's drama—and the beginning to the body (and life) you deserve!

**The Tapping Solution for Pain Relief Beyond Words**

The New York Times best-selling creator of the Tapping Solution offers a three-week program of practical self-inquiry and hands-on work designed to unlock your life's full potential. Have you ever had the feeling your life just isn't working? That no matter how much you push and direct, or sit back and let go, the square peg you're holding

just won't fit into the round hole that is your life? What if, instead, the roadblocks went away? What if you could experience more ease and flow in your life, banish self-doubt, fear, and anxiety, and live your greatest life? Can you imagine what that would look like--and more important, what it would feel like? Now Tapping Solution creator and New York Times best-selling author Nick Ortner helps you not only imagine it but make it a reality. The Tapping Solution for Manifesting Your Greatest Self guides you through a 21-day process of self-discovery and self-development using the simple, proven practice called Tapping (also known as Emotional

---

Freedom Techniques). Each of the 21 stages includes a Daily Challenge and a Tapping Meditation to help the changes you're making take root. And you can work through the program at your own pace--doing one stage every day, every three days, every week, or whatever you like--with exclusive e-mail reminders from Nick to support you throughout the process. Drawing on wisdom sources from Aristotle to Dr. Seuss, along with Nick's own deep well of insight and stories from his daily life, this book is terrific fun to read. It's also a powerful tool for transformation. "We're going to work together to let your light shine brighter than ever before," Nick writes, "to

create the life experiences you most deserve and desire." Ready? Then let's get tapping!

Navigate change with clarity and ease using the tools of EFT in this guide from New York Times best-selling author and Tapping expert Jessica Ortner. "The Tapping Solution to Create Lasting Change gets right down to the heart of what it takes to change and have a better, healthier, and more love-filled life." -- Christiane Northrup, M.D. Why do we fear the unknown so intensely that we're willing to shy away from our deepest desires and settle for playing small? Why do we get enthused when we first start something, only to

---

burn out the moment things feel challenging? And why, even when we get the outcomes we desire, do we often struggle to sustain them and instead slip back into old, self-sabotaging patterns? In *The Tapping Solution to Create Lasting Change*, available for the first time in paperback, New York Times best-selling author Jessica Ortner shares the lessons she's learned about what it feels like to flow through change and how to bring about real transformation in ways that are both authentic and empowering. Her gentle, relatable guidance shows you how to use Tapping, also known as EFT, as a tool for finding the clarity and the ease you crave to move forward; how to

navigate the unknown with new energy, hope and an open heart; and how to release the doubts and fears that are clouding your judgment so you can rediscover your true path. It's a new way to look at the one unavoidable constant in life--change--not as an obstacle in our path but as a doorway to joy. *The EFT Manual* Simon and Schuster Award Winner in the Science category of the 2020 Best Book Awards sponsored by American Book Fest Award-winning author and thought leader Dawson Church, Ph.D., blends cutting-edge neuroscience with intense firsthand experience to show you how you can rewire your brain for happiness-starting right now. Neural plasticity-the

---

discovery that the brain is capable of rewiring itself-is now widely understood. But what few people have grasped yet is how quickly this is happening, how extensive brain changes can be, and how much control each of us has over the process. In Bliss Brain, famed researcher Dawson Church digs deep into leading-edge science, and finds stunning evidence of rapid and radical brain change. In just eight weeks of practice, 12 minutes a day, using the right techniques, we can produce measurable changes in our brains. These make us calmer, happier, and more resilient. When we cultivate these pleasurable states over time, they become traits. We don't just feel more blissful as a temporary state; the changes are literally hard-wired into our brains, becoming stable and

enduring personality traits. The startling conclusions of Church's research show that neural remodeling goes much farther than scientists have previously understood, with stress circuits shriveling over time. Simultaneously, "The Enlightenment Circuit"-associated with happiness, compassion, productivity, creativity, and resilience-expands. During deep meditation, Church shows how "the 7 neurochemicals of ecstasy" are released in our brains. These include anandamide, a neurotransmitter that's been named "the bliss molecule" because it mimics the effects of THC, the active ingredient in cannabis. It boosts serotonin and dopamine; the first is an analog of psilocybin, the second of cocaine. He shows how cultivating these elevated emotional states literally

---

produces a self-induced high. While writing Bliss Brain, Church went through a series of disasters, including escaping seconds ahead of a California wildfire that consumed his home and office and claimed 22 lives. The fire triggered a painful medical condition and a financial disaster. Through it all, Church steadily practiced the techniques of Bliss Brain while teaching them to thousands of other people. This book weaves his story of resilience into the fabric of neuroscience, producing a fascinating picture of just how happy we can make our brains, no matter what the odds.

online Tapping video demonstrations as well as cooking demonstrations for key healing foods. Let Friel's step-by-step guide take you deeper than weight loss—and help you accept, honor, and nourish your entire being, whatever the number on the scale.

Close Your Eyes, Lose Weight Hay House, Inc In Visualization for Weight Loss, Jon Gabriel expands on the most talked about tool in his best-selling book, The Gabriel Method: visualization. This powerful technique helped Jon drop 220 pounds without dieting or deprivation because it didn't depend on calorie counting or extreme exercise—rather it changed his biochemistry

and neural pathways. In turn, this helped lower stress and its associated inflammatory chemicals in his body, allowing him to lose weight easily and naturally. Examining the importance of visualizing for weight loss, Jon takes readers through the latest research on the power of the mind in order to show why this technique works. And then he lays out concrete, unintimidating advice about how to implement visualization into their lives. In addition to teaching readers how to move into the most powerful brain state for enacting change, Jon includes visualizations to help readers: • Overcome disempowering beliefs surrounding food and weight loss • Melt away stress • Conquer fears of

---

losing weight • Rediscover the joy of movement • Create healthy new habits • Kill food cravings and addictions • Achieve better sleep Jon not only provides readers with these visualizations but also teaches them how to create their own personalized visualizations that can be even more powerful. He then presents a four-month visualization strategy that can be easily included in anyone's life—no matter what time constraints they face. As Jon found in his journey, the biggest challenge in weight loss is not finding the perfect diet or the perfect exercise routine; the biggest challenge is convincing your brain that your body needs to be thin.

**Visualization for Weight Loss** Hay House Incorporated  
The basis for the PBS Special, *What Are You Hungry For?* is the breakthrough book that can bring weight under effortless control by linking it to personal fulfillment in every area of a reader's life. After promoting this message worldwide for thirty years, bestselling author Deepak Chopra focuses on the huge problem of weight control in America with exciting new concepts. What are you hungry for? Food? Love? Self-esteem? Peace? In this manual for "higher health," based on the latest findings in both mainstream and alternative medicine, Deepak Chopra creates a

---

vision of weight loss based on a deeper awareness of why people overeat - because they are trying to find satisfaction and wind up using food as a substitute for real fulfillment. Repudiating the failed approaches of crash dieting and all forms of deprivation, Chopra's new book aims directly at the problem of finding fulfillment. When that problem is solved, he argues, normal eating falls into place automatically, and the entire system of mind and body achieves what it really desires. "Everyone's life story is complicated, and the best intentions go astray because people find it hard to change," writes Chopra. "Bad habits, like bad memories, stick around stubbornly when we wish they'd go away. But you have a great motivation working for you, which is your desire for happiness. I define happiness as the state of fulfillment, and everyone wants to be fulfilled. If you keep your eye on this, your most basic motivation, then the choices you make come down to a single question: "What am I hungry for?" Your true desire will lead you in the right direction. False desires lead in the wrong direction." Wherever you are in life, this book will help point you in that right direction. [The Tapping Solution for Weight Loss and Body Confidence](#) Penguin

The mind has a way of interfering with personal happiness, often causing stress and doubt. Getting

---

in touch with one's inner source of peace and following its guidance over the mind's often-unfounded concerns requires training and discipline. Knowing this truth intimately, Peaceful Mind Peaceful Life Founder Barb Schmidt developed a three-part spiritual discipline called The Practice. The Practice is a toolkit to be used throughout the day to guide people who are looking for confidence, less stress, and deeper meaning along life's path. These tools are a compilation of the great Truths taught by authentic teachers and masters throughout the centuries from various religious and spiritual traditions. In the first three chapters of The Practice, readers are

guided through the daily routine: Waking Up, Living Present, and Letting Go. Beginning with a morning meditation, a thread of peace is followed over the course of the day through the repetition of a sacred mantra, practicing focused attention, reading for inspiration, and reflecting on the day. In the concluding chapter, readers are provided with an opportunity to deepen their experience of The Practice with engaging exercises By regularly taking the steps to go within each morning, stay present throughout the moments of the day, and letting go of attachments when the day comes to a close, readers will find that they are better able to do the following: Remove the obstacles that

---

interfere with inner peace  
Manage stress and  
cultivate more patience,  
empathy, and compassion  
Have more courage when  
facing fears and making  
changes Overcome  
habitual behaviors and  
make better choices  
Reduce negative thinking  
and ease feelings of  
anxiety, worry, and stress  
See the blessings

Weight loss is one of the most  
frustrating problems  
imaginable. People trying to  
lose weight usually fail, and  
most wind up weighing more  
than before. Not with EFT!  
Several studies show that by  
using the method in this book,  
called "Clinical EFT" because  
it's the only version of EFT  
validated in dozens of clinical

trials, you can lose weight, and  
keep it off permanently. One  
study found that people lost an  
average of 11 lb. in the year  
after a Clinical EFT weight  
loss program. In this book  
you'll hear from dozens of  
people who lost weight  
successfully with EFT. Their  
deeply moving stories tell how  
many other parts of their lives  
improved too, from skin tone  
to marriage, from self-  
confidence to financial  
abundance. That's because  
EFT, also called Tapping,  
eliminates stress. Author  
Dawson Church has  
conducted many scientific  
studies of EFT. These show  
that Clinical EFT reduces  
cortisol, your main stress  
hormone, while lowering  
anxiety, depression, and pain,  
leading to long-term weight  
loss. Clinical EFT has been  
used successfully by  
thousands of people to lose  
those unwanted pounds  
without expensive drugs or  
risky surgery, and is your  
proven solution to keeping  
weight off permanently. When

Tapping Solution for Weight Loss and Body Confidence

Jessica Ortner, co-producer of the highly successful documentary on meridian tapping, *The Tapping Solution*, offers women a better choice. Why not lose the weight and create the life you've always dreamt of? In this groundbreaking book, Jessica uses tapping to help tackle the stress that

leads to weight gain - including the personal stresses of low self-esteem and a lack of confidence. Using her own struggles with weight loss, along with success stories of some of the thousands of women she's worked with, Jessica walks readers through the process of discovering their personal power and self-worth. Her programme is based on extensive research into the benefits and success of tapping and the hormones involved in stress and weight gain and it covers everything from the emotional aspects of overeating and cravings, to how to find joy in exercise, the power of pleasure, and how our families and friends may inadvertently add to the

---

problem. The Tapping Solution

More than 100 million Americans deal with chronic pain every day. And if you're one of them, you've probably tried all the normal "solutions": doctors, injections, medications, and surgeries. While these all have a place in healing, they have fallen short in dealing with the pain epidemic. So what can you do? In *The Tapping Solution for Pain Relief*, Nick Ortner presents a startling alternative. He lays out a step-by-step plan that teaches you how to use tapping, or EFT (emotional freedom techniques), to reduce or eliminate chronic pain. Looking at the scientific research surrounding

pain, stress, and tapping, he opens your eyes to just how powerful tapping can be, and then outlines tips and techniques to address pain in both the short and long term. Nick guides you on a journey that begins on the surface—tapping to address the pain itself—and moves to the deeper issues that often affect pain. With easy-to-follow tapping scripts and exercises, Nick helps you heal the emotional pain and underlying beliefs that often keep people stuck. He also addresses topics that you may not think of as associated with chronic pain, such as:

- Creating personal boundaries
- Dealing with toxic relationships
- Clearing resistance to change
- Understanding the power

---

of a diagnosis •Working through angerThere are many ways the brain and body can create, increase, and prolong pain. After reading this book, you'll not only understand what's causing your pain but also how to achieve complete and lasting relief. But let's face it; this is about more than just pain relief. It's about empowering yourself to take back your body in order to live the life you want.
