Italy is a country synonymous with style and beauty in all aspects of life: the rich history of Rome, Renaissance art of Florence, graceful canals of Venice, high fashion of Milan, signature pasta alla bolognese of Bologna, colorful architecture of Portofino and winking blue waters of Capri and the Amalfi Coast, among many others. Italians themselves live effortlessly amid all this splendor, knowing instinctively just the type of outfit to throw on, design element to balance, or delectable ingredient to add.

When it comes to money, are you controlled by fear? Do you live in financial chaos? Do you

underestimate your worth?

Are you ready to go to the next level, but can't seem to get there? If the answer is yes to these questions, you may be an underearner. Underearners are self-saboteurs who never live up to their earnings potential, says Barbara Stanny, a financial educator, motivational speaker, former journalist, and career counselor.

Underearners tend to live paycheck to paycheck.

They rarely balance their checkbooks and are often in debt. Ironically, many work incredibly hard. Yet they are ashamed to admit that money matters to them.

They all have a high tolerance for low pay. The good news is that underearning is often self-imposed. By focusing on overcoming underearning, you will not only earn what you deserve, but you can live up to your full potential. With techniques and exercises that have

---

helped thousands of people who have participated in her Overcoming Underearning™ workshops, Stanny teaches you five essential steps to financial independence. Once you understand these steps, you will be confident asking for a raise, increasing your prices, or getting a better job. "Now I'm making more than my friends, all because I had the guts to dream and ask for more," says one Stanny fan. First, Tell the Truth: be honest about your financial situation and figure out your attitudes toward money. Second, Make a Decision: decide that you want to make more money. Third, Stretch: take action, face your fears, and be willing to be uncomfortable. Fourth, Create Community by finding supporters and asking for help. Fifth, Respect and Appreciate Money: learn to save and invest. Overcoming Underearning is filled with

inspiring, real-life stories of underearners who turned their lives around. Stanny brings a message of empowerment and hope to all those who chronically undervalue themselves. "I'm making more, working less, feeling healthier, have more energy, and I'm so much happier," concludes another Stanny believer. An Espresso Machine's Guide to Love & Mischief Penguin  
An insider's hilarious, whirlwind account of his years spent globe-

trotting in search of the holy grail of handbags: the Birkin For more than twenty years, the Hermès Birkin bag has been the iconic symbol of fashion, luxury, and wealth. Though the bag is often seen dangling from the arms of celebrities, there is a fabled waiting list of more than two years to buy one from Hermès, and the average fashionista has a better chance of climbing Mount Everest in Prada pumps than of possessing one of these coveted carryalls. Unless, of course, she happens to know Michael Tonello . . . Michael's newfound career started with an impulsive move to Barcelona, a vanished job assignment, no work visa, and an Hermès scarf sold on eBay to generate some quick

---

cash. But soon the resourceful Michael discovered the truth about the waiting list and figured out the secret to getting Hermès to part with one of these precious bags. Millions of dollars worth of Birkins later, Michael had become one of eBay's most successful entrepreneurs—and a Robin Hood to thousands of desperate rich women. With down-to-earth wit, Michael chronicles the unusual ventures that took him to nearly every continent, from eBay to Paris auction house and into the lives of celebrities and poseurs. Flirting with danger, Michael recounts the heady rush of hand delivering his first big score to famed songwriter Carole Bayer Sager in Paris; how he

had to hire thugs to rescue a bag that one of his "shoppers" held for ransom; and the story of the Oscar-worthy performances that allowed him to snag "reserved" bags from other, less dogged Birkin seekers. Whether he's relating his wining and dining, buying and selling, dodging and weaving, laughing and crying, or schmoozing and stammering, Michael is a master raconteur who weaves together tales of hunting Birkins in the world's most posh locales, memories of meals that would make any gastronome salivate, anecdotes of obsessed collectors with insatiable desires, and sweetly intimate stories about his family, friends, and finding true love. The result is a memoir that is

---

distinctive, fun, page-turning, and as addictive as its namesake.

overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java.' (Amazon customer) For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee

---

we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along

the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry. Writer's Toolbox Unbound Publishing "You can ' t have depths without surfaces," says Linda Grant in her lively and provocative new book, The thoughtful Dresser, a thinking woman ' s guide to what we wear. For centuries, an interest in clothes has been dismissed as the trivial pursuit of vain, empty-headed women. Yet, clothes matter, whether you are interested in fashion or not, because how we choose to dress defines who we are. How we look and what

---

we wear tells a story. Some stories are simple, like the teenager trying to fit in, or the woman turning fifty renouncing invisibility. Some are profound, like that of the immigrant who arrives in a new country and works to blend in by changing the way she dresses, or of the woman whose hat saved her life in Nazi Germany. The Thoughtful Dresser celebrates the pleasure of adornment and is an elegant meditation on our relationship with what we wear and the significance of clothes as the most intimate but also public expressions of our identity.
