NEW YORK TIMES BESTSELLER #1
WALL STREET JOURNAL BESTSELLER
Blue Ocean Shift is the essential follow up to Blue Ocean Strategy, the classic and over 4 million copy global bestseller by world-renowned professors W. Chan Kim and Renee Mauborgne. Drawing on more than a decade of new work, Kim

and Mauborgne show you how to move beyond competing, inspire your people's confidence, and seize new growth, guiding you step-by-step through how to take your organization from a red ocean crowded with competition to a blue ocean of uncontested market space. By combining the insights of human psychology with practical market-creating tools and real-world guidance, Kim and Mauborgne deliver the definitive guide to shift yourself, your team, or your organization to new heights of confidence, market creation, and growth. They show why nondisruptive creation is as important as disruption in seizing new growth. Blue Ocean Shift is packed with all-new research and examples of how leaders in diverse industries and

organizations made the shift and created new markets by applying the process and tools outlined in the book. Whether you are a cash-strapped startup or a large, established company, nonprofit or national government, you will learn how to move from red to blue oceans in a way that builds your people's confidence so that they own and drive the process. With battle-tested lessons learned from successes and failures in the field, Blue Ocean Shift is critical reading for leaders, managers, and entrepreneurs alike. You'll learn what works, what doesn't, and how to avoid the pitfalls along the way. This book will empower you to succeed as you embark on your own blue ocean journey. Blue Ocean Shift is indispensable for anyone committed to building a compelling

future.

Paris is the city of chic—and as such, its innate style shines throughout the city, even in the simplest spaces. Quaint bistros, picturesque alleyways, artists' studios and unique characters are elevated to a modern-day genre painting when set in Paris. From skateboarders to antiquarians, this volume is a glimpse into Parisian life, as if peering over the edge of the balcony at your own pied-à-terre.

Travel by Design Assouline Publishing

The paper describes: a) the coffee industry and its GVC structure; b) the role that intangible assets play in value creation from both the supply and demand perspective; and c) the current and potential role of intellectual property tools in creating and retaining value, as well as providing economic upgrade options.

Coffee Mitchell Beazley

Three sets of travelers, in the South American country of western Brazil, who travel to this mountain plateau of the western Amazon River, jungle basin. The three sets of travelers encounter an alien civilization and its monster that protects this great circular wall that once one crossed into it, will find this alien civilization doing great harm to our Earth and Homo sapiens modern world forever.

A Reader's Guide to

Contemporary Literature

Mitchell Beazley

Pulsing with drama and excitement, *Infinitesimal* celebrates the spirit of discovery, innovation, and intellectual achievement—and it will forever change the way you look at a simple line. On August 10, 1632, five men in flowing black robes convened in a somber Roman palazzo to pass judgment on a deceptively simple proposition: that a continuous line is composed of distinct and infinitely tiny parts. With the stroke of a pen the Jesuit fathers banned the doctrine of infinitesimals, announcing that it could never be taught or even mentioned. The concept was deemed dangerous and subversive, a threat to the belief that the world was an orderly place, governed by a strict and unchanging set

of rules. If infinitesimals were ever accepted, the Jesuits feared, the entire world would be plunged into chaos. In *Infinitesimal*, the award-winning historian Amir Alexander exposes the deep-seated reasons behind the rulings of the Jesuits and shows how the doctrine persisted, becoming the foundation of calculus and much of modern mathematics and technology. Indeed, not everyone agreed with the Jesuits. Philosophers, scientists, and mathematicians across Europe embraced infinitesimals as the key to scientific progress, freedom of thought, and a more tolerant society. As Alexander reveals, it wasn't long before the two camps set off on a war that pitted Europe's forces of hierarchy and order against those of pluralism and

change. The story takes us from the bloody battlefields of Europe's religious wars and the English Civil War and into the lives of the greatest mathematicians and philosophers of the day, including Galileo and Isaac Newton, Cardinal Bellarmine and Thomas Hobbes, and Christopher Clavius and John Wallis. In Italy, the defeat of the infinitely small signaled an end to that land's reign as the cultural heart of Europe, and in England, the triumph of infinitesimals helped launch the island nation on a course that would make it the world's first modern state. From the imperial cities of Germany to the green hills of Surrey, from the papal palace in Rome to the halls of the Royal Society of London, Alexander demonstrates how a disagreement over a

mathematical concept became a contest over the heavens and the earth. The legitimacy of popes and kings, as well as our beliefs in human liberty and progressive science, were at stake—the soul of the modern world hinged on the infinitesimal.

Penguin

An insider's hilarious, whirlwind account of his years spent globe-trotting in search of the holy grail of handbags: the Birkin. For more than twenty years, the Hermès Birkin bag has been the iconic symbol of fashion, luxury, and wealth. Though the bag is often seen dangling from the arms of celebrities, there is a fabled waiting list of more than two years to buy one from Hermès, and the average fashionista has a better chance of climbing Mount Everest in Prada pumps

than of possessing one of these coveted carryalls. Unless, of course, she happens to know Michael Tonello . . . Michael's newfound career started with an impulsive move to Barcelona, a vanished job assignment, no work visa, and an Hermès scarf sold on eBay to generate some quick cash. But soon the resourceful Michael discovered the truth about the waiting list and figured out the secret to getting Hermès to part with one of these precious bags. Millions of dollars worth of Birkins later, Michael had become one of eBay's most successful entrepreneurs—and a Robin Hood to thousands of desperate rich women. With down-to-earth wit, Michael chronicles the unusual ventures that took him to nearly every continent, from eBay to Paris auction house and into the lives of celebrities and poseurs. Flirting with danger, Michael recounts the heady rush of hand delivering his first

big score to famed songwriter Carole Bayer Sager in Paris; how he had to hire thugs to rescue a bag that one of his "shoppers" held for ransom; and the story of the Oscar-worthy performances that allowed him to snag "reserved" bags from other, less dogged Birkin seekers. Whether he's relating his wining and dining, buying and selling, dodging and weaving, laughing and crying, or schmoozing and stammering, Michael is a master raconteur who weaves together tales of hunting Birkins in the world's most posh locales, memories of meals that would make any gastronome salivate, anecdotes of obsessed collectors with insatiable desires, and sweetly intimate stories about his family, friends, and finding true love. The result is a memoir that is distinctive, fun, page-turning, and as addictive as its namesake. Organize Your Home Office for Success One Hundred One

The wildly popular YouTube star behind CLEAN MY SPACE presents the breakthrough solution to cleaning better with less effort. Melissa Maker is beloved by fans all over the world for her completely re-engineered approach to cleaning. As the dynamic new authority on home and living, Melissa knows that to invest any of our precious time in cleaning, we need to see big, long-lasting results. So, she developed her method to help us get the most out of our effort and keep our homes fresh and welcoming every day. In her long-awaited debut book, she shares her revolutionary 3-step solution:

- Identify the most important areas (MIAs) in your home that need attention
- Select the proper products, tools, and techniques (PTT) for the job

- Implement these new cleaning routines so that they stick

Clean My Space takes the chore out of cleaning with Melissa's incredible tips and cleaning hacks (the power of pretreating!), her lightning fast 5-10 minute "express clean" routines for every room when time is tightest, and her techniques for cleaning even the most daunting places and spaces. And a big bonus: Melissa gives guidance on the best non-toxic, eco-conscious cleaning products and offers natural cleaning solution recipes you can make at home using essential oils to soothe and refresh. With Melissa's simple, groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.

How To Build A Mini-Camper HMH
Venetian art connoisseur, interior

designer, and hotelier Francesca Bortolotto Possati knows the intricacies of Venice. To have her as a guide is to experience firsthand her passion for the private side of the mythic city whose daily visitors outnumber its population. Join her to visit artists' studios, elegant Venetian friends, and palaces' secrets. Everywhere one wanders, a sense of history saturates the buildings and landscapes, harking back to the artists of the Renaissance and the chic masquerade balls of centuries past. The discerning eye of photographer Robyn Lea makes this book a revelation of the Venice of dreams, which will surely allow readers to see this iconic destination through new eyes. A sentimental foreword by Jeremy Irons perfectly complements this stunning volume.

Investing in Stocks and Shares, 9th Edition Harper Collins

In Terribly Important! six former fellow students have to fight after their carefree and spoiled student years in the tough job market for their daily existence. Nobody wants to fall by the wayside, everybody is mercilessly willed to win the game of love, money, appeal, power, and popularity. But none of them wants to pay the price for this.

Technologies and apps fuel the vicious circle, from which there is for the sextet no escape. Trust gets exploited, friends get manipulated, connections hardly get established and back down again get disconnected. All of them want more and find it in services, consumption and ways out: Dating, drugs, party and the restless search.

Italy is a country synonymous with style and beauty in all aspects of life: the rich history of Rome, Renaissance art of Florence, graceful

canals of Venice, high fashion of Milan, signature pasta alla bolognese of Bologna, colorful architecture of Portofino and winking blue waters of Capri and the Amalfi Coast, among many others. Italians themselves live effortlessly amid all this splendor, knowing instinctively just the type of outfit to throw on, design element to balance, or delectable ingredient to add. Hospital Medicine Unbound Publishing

"You can't have depths without surfaces," says Linda Grant in her lively and provocative new book, The thoughtful Dresser, a thinking

woman's guide to what we wear. For centuries, an interest in clothes has been dismissed as the trivial pursuit of vain, empty-headed women. Yet, clothes matter, whether you are interested in fashion or not, because how we choose to dress defines who we are. How we look and what we wear tells a story. Some stories are simple, like the teenager trying to fit in, or the woman turning fifty renouncing invisibility. Some are profound, like that of the immigrant who arrives in a new country and works to blend in by changing the way she dresses, or of the woman whose hat saved her life in Nazi Germany. The Thoughtful Dresser celebrates the pleasure of adornment and is an elegant meditation on our relationship with what we wear and the significance of clothes as the most intimate but also public expressions of our identity.

Paris Chic Harper Collins

When it comes to money, are you controlled by fear? Do you live in financial chaos? Do you underestimate your worth? Are you ready to go to the next level, but can't seem to get there? If the

answer is yes to these questions, you may be an underearner. Underearners are self-saboteurs who never live up to their earnings potential, says Barbara Stanny, a financial educator, motivational speaker, former journalist, and career counselor. Underearners tend to live paycheck to paycheck. They rarely balance their checkbooks and are often in debt. Ironically, many work incredibly hard. Yet they are ashamed to admit that money matters to them. They all have a high tolerance for low pay. The good news is that underearning is often self-imposed. By focusing on overcoming underearning, you will not only earn what you deserve, but you can live up to your full potential. With techniques and exercises that have helped thousands of people who have participated in her Overcoming Underearning™ workshops, Stanny teaches you five essential steps to financial independence. Once you understand these steps, you will be confident asking for a raise, increasing your prices, or getting a better job. "Now I'm making more than my friends, all

because I had the guts to dream and ask for more," says one Stanny fan. First, Tell the Truth: be honest about your financial situation and figure out your attitudes toward money. Second, Make a Decision: decide that you want to make more money. Third, Stretch: take action, face your fears, and be willing to be uncomfortable. Fourth, Create Community by finding supporters and asking for help. Fifth, Respect and Appreciate Money: learn to save and invest. Overcoming Underearning is filled with inspiring, real-life stories of underearners who turned their lives around. Stanny brings a message of empowerment and hope to all those who chronically undervalue themselves. "I'm making more, working less, feeling healthier, have more energy, and I'm so much happier," concludes another Stanny believer. *Clean My Space* CRC Press The Coffee Guide is the world's most extensive, hands-on, and neutral source of information on the international coffee trade.
