I don't know the condition
of the diesel but being a
nissan diesel it probably
still has perfect
compression etc. I have
been doing some
searching on the net and
have noticed how cheap a
Nissan TD27 forklift
engine rebuild kit is. Does
anyone know if there is
any mechanical difference

2.9 to 3.9 bar at 3000 rpm is
fairly general for the Nissan
range including turbo diesel,
though the pressure isn't
listed for the td27 engine. I
doubt it would be more or
less than the others. I notice
one Nissan commercial
vehicle engine where 3.0
bar at 2000 rpm is specified.

TD27 - Diesel Engine Discussion - NPORA Forums

Check the engine number.
The TD27 always starts with
TD27. Garrett T2.5 was
what the TD27 had, the T25
is a petrol turbo and will spin
up too late IMHO. Different
impeller and compressor so
the A/R will be very

different. An IC will only make a serious difference if the boost and fuel delivery are changed to match.

Nissan TD27Ti (2.7 L) turbocharged diesel engine: specs ...

You need to note that these are engines and not vehicles. TD27 is an older model of Nissan caravan engine as compared to QD32. The TD27 was recommended to carry 1000kg while QD32 is recommended to carry 1200kgs. The design is a bit different especially the front and the back. Today both models are not allowed into Kenya as they are all older than ...

TD27 Information. - 4x4 Community Forum

The Nissan TD27Ti is a 2.7 l (2,663 cc, 162.5 cu.in.) inline-four, water-cooled diesel engine with turbocharger and intercooler from Nissan TD family.. The Nissan TD27Ti compression ratio rating is 21.9:1. The cylinder bore is 96.0 mm (3.8 in) and the piston stroke is 92.0 mm (3.6 in). The TD27Ti engine was equipped with electronic fuel injection pump and EGR system.

overhaul Nissan TD27
QD engine, successor to the Nissan TD engine, was a 4-cylinder diesel produced

from the mid-1990s through 2000, with a turbocharger used only on the QD32ETi. The Nissan ZD engine replaced this engine.

NISSAN USED DIESEL ENGINE TD27 TURBO

The Nissan TD27 is a 2.7 L (2,663 cc, 162.5 cu.in) straight four, water-cooled naturally aspirated diesel engine from Nissan TD family. The engine was manufactured from 1985 to 2001. The TD27 has a cast-iron cylinder block, a cast-iron cylinder head with OHV (overhead valves) design and two valves per cylinder.
