Tdi Decompression Procedures Manual

The TDI Decompression Procedures Manual is mandatory for use during this course but instructors may use any additional text or materials that they feel help present these topics. The following topics must be covered during this course: 1. Overview of Decompression Safety Stops Compared to Required Stops 2. Physics a. Pressure review

course, is over 200 pages, and is a very different book from the former. It's far more of what I would expect of a tech diving manual.
