Jeffrey Frank Jones

For students to become college-ready writers, they must be exposed to writing throughout the school day, not just in English class. This

practical book shows teachers in all subject areas how to meet the Common Core State Standards and make writing come alive in the classroom. Award-winning educator Heather Wolper t-Gawron provides effective and exciting ideas for teaching argument writing, informational writing, project-based writing, and writing with technology. Each chapter is

filled with strategies, prompts, and rubrics you can use immediately. Special Features: A variety of writing strategies that work in any subject area Tips for developing meaningful prompts Diagrams and templates that you can use with your students Rubrics for assessing writing, as well as ideas for having students create their

(Book). TASCAM:  
30 Years of  
Recording Evolution  
is an informative,  
archival book  
devoted to the  
company's  
groundbreaking  
product line and the

people who created it.  
Recalling the  
company's perennial  
leadership role in the  
music and pro audio  
industries ("firsts"  
include the 1/2-inch  
8-track recorder, the  
Portastudio and the  
digital DA-88) with a  
glimpse towards the  
future, this book  
warmly portrays key  
past and present  
employees by re-  
visiting the landmark  
products they've built  
together since 1974.  
Quotes from respected  
musicians and  
producers who have  
trusted TASCAM  
gear for seminal  
recordings including  
Bo Diddley, Jim  
Keltner and Alan  
Parsons are sprinkled  
throughout this  
timeline-based book.  
Learn how TASCAM  
products changed the  
way musicians  
captured their ideas

and empowered a new  
generation of  
songwriters and  
engineers. "Wow! The  
first classic piece of  
TASCAM gear I had  
was the first 4-track  
Portastudio. That  
thing allowed me to  
put so many classic P-  
Funk song ideas down  
that I can't even count  
'em." Bootsy Collins,  
Bassist/Songwriter
