Research in Education

(Book). TASCAM: 30 Years of Recording Evolution is an informative, archival book devoted to the company's groundbreaking product line and the people who created it. Recalling the company's perennial leadership role in the music and pro audio industries ("firsts" include the 1/2-inch 8-track recorder, the Portastudio and the digital DA-88) with a glimpse towards the future, this book warmly portrays key past and present employees by re-visiting the landmark products they've built together since 1974. Quotes from respected musicians and producers who have trusted TASCAM gear for seminal recordings including Bo Diddley, Jim Keltner and Alan Parsons are sprinkled throughout this timeline-based book. Learn how TASCAM products changed the way

musicians captured their ideas and empowered a new generation of songwriters and engineers. "Wow! The first classic piece of TASCAM gear I had was the first 4-track Portastudio. That thing allowed me to put so many classic P-Funk song ideas down that I can't even count 'em." Bootsy Collins, Bassist/Songwriter

Datamation

This Book attempts to make a comprehensive and critical exposition of all the facets of teaching. It evaluates the comparative soundness of the Principles, Methods, Techniques and Devices of Teaching. The chief accent of the book is on helping teachers to teach better. The objective is strictly utilitarian and is designed to serve as a reliable guide to the work in the classroom. The book also offers practical suggestions for making the teaching-learning process effective, inspirational & interesting. It incorporates the approaches recommended by eminent educational philosophers and practitioners. A detailed survey of the valuable teaching practices followed in India and abroad also find an important place in the book.

The Teacher Education Accreditation Council (TEAC), founded in 1997, is dedicated to improving academic degree and certificate programs for professional educators--those who teach and lead in schools, pre-K through grade 12, and to assuring the public of their quality. TEAC accredits undergraduate and graduate programs, including alternate route programs, based on (1) the evidence they have that they prepare competent, caring, and qualified professional educators and (2) their capacity to monitor and improve the program's quality. TEAC believes this is the soundest way to assure the public about the quality of college and university programs. This "Guide to Accreditation" is primarily for the faculty, staff, and administrators of the TEAC member programs. It is designed for use in preparing for both initial and continuing accreditation. Appended are: (1) List of Tables and Figures; and (2) TEAC Glossary. An index and TEAC's accreditation framework are also included. Individual sections contain tables, figures, footnotes, and appendices.
