Our toilets toil away for us  
every day. Yet, they get little  
thanks for their hard work!  
When you think of toilets,

---

you probably picture one in your home. But, toilets can be very different around the world. At first glance, a toilet is a simple device, but they are critical for proper sanitation. There are many people worldwide who do not have access to a toilet. Let's dive into an exploration of the history, importance, and inner workings of toilets! This nonfiction book combines math and literacy skills and uses everyday examples of problem solving to teach subject area content. The full-color images, math charts and

diagrams, sidebars, and practice problems make learning to measure volume relevant and fun. Text features include a table of contents, glossary, and index to increase understanding of math and reading concepts. An in-depth problem-solving section provides additional learning opportunities while challenging students' higher-order thinking skills. Fruit of the Spirit Teacher Created Resources  
When we teach children about the fruit of the Spirit, we latch onto the idea of

fruit--apples, oranges, grapes--as a way to simplify and illustrate the idea. The activities in this book will help children understand the fruit of the Spirit--where it comes from, how they can demonstrate it in their everyday lives, and how Jesus set an example for demonstrating the fruit of the Spirit in His relationships with His Father and with other people. Activities include puzzles, coded messages, mini-books, rhymes, songs, acrostics, crafts, object lessons, and various other creative

---

teaching ideas. Each lesson begins with a Bible story of a person who demonstrated the fruit of the Spirit in his or her life. The stories are presented in a variety of creative ways to capture children's attention and hold it. The story is followed by a memory verse and a bulletin board idea. Each lesson includes 6-7 pages of Bible activities to involve children in discovering for themselves the importance of each fruit mentioned in Galatians 5:22-23. The lessons are based on the New International Version Bible.

An answer key is provided at the back of the book.

#### Bible-Themed Number Practice

Teacher Created Resources

Here's the question parents ask at the end of every school year: How can we help our kids prepare for the next school year, while allowing them to enjoy their summer vacation? Here's the perfect answer: short lessons presented in a daily schedule for 8 weeks. The Monday-Thursday lessons cover a variety of grade-appropriate subjects. Friday's lessons are fun, brain-teasing kinds of activities. Each book includes over 300 stickers that can be used to track progress and reward good work.

**The Best of Multiple**

engaging text and short chapter format build reading comprehension and fluency. Level H Teacher Created Resources  
These quick, engaging activities help students enjoy the humorous literature of Roald Dahl. Cross-curricular before-, during-, and after-reading activities are provided for a comprehensive study of Matilda.

Internet Activities Through the Year Teacher Created Resources

This series takes a fresh approach to the mastery of grade-specific skills. Each book uses a wide range of activities to spark students interest in learning. As students complete the activities, they develop the skills they need to meet

academic standards in reading, writing, math, social studies, and science. Because the ability levels of students in any one grade level vary, each book spans a broad range of skills. Both teachers and parents can use the books to introduce new concepts, to assess learning and skill development, and to reinforce familiar knowledge. The versatile activities can be used for individual practice, test preparation, or homework assignments. Complete answer keys are provided.

Brain Teasers Teacher Created Resources

The book contains lesson plans, worksheets, and book lists which can be used to enhance literacy instruction. All the lessons are linked to McREL standards and

benchmarks.

Mind Twisters, Grade 2 Triangle Interactive, Inc.

Promote Christian values through this collection of crafts, activities, stories, and Bible verses. Units include honoring God, respecting others, telling the truth, self-control, being kind, and more!

Around the World Tales: Read-Along eBook Teacher Created Resources

The World Almanac for Kids, the  
books in this series provide  
stimulating puzzles and games that  
can be used as quick stand-alone  
activities or to reinforce classroom

lessons. Each subject-specific  
section includes valuable  
background information along with  
brain teasers that develop a variety  
of skills and appeal to all types of  
learners.

Critical Thinking for Multiple  
Learning Styles Teacher  
Created Resources

Too often map skills focus on  
memorizing country borders,  
names, and capitals. With our  
rapidly changing world, what  
is learned one year may  
become obsolete the next.

Map Skills, Grade 6 has a  
more practical approach. It  
focuses on the natural  
geography of the world, why

maps are made like they are,  
and how to use them to find  
your way around. Students  
will learn to understand map  
symbols such as the legend,  
scale, directional compass, and  
grids. They will learn to  
differentiate between physical,  
political, thematic, and  
direction maps and how each  
type is useful for different  
information. Political  
boundaries and country  
names may change, but the  
skills learned in this book will  
last a lifetime.
