Presents full-colour, easy-to-use books and a CD-ROM for CLAiT 2006, which focus on enthusing students and leading them to success. The modular approach allows students to choose a book per unit or one book covering the first three units.

We Can't Talk about That at Work!
Corwin Press
Indonesia has an extreme diversity of

more than 600 ethnicities spread across 17,504 islands in the archipelago. Smaller, locally used indigenous languages jostle for survival alongside Indonesian, which is the national language, regional lingua francas, major indigenous languages, heritage languages, sign languages and world languages such as English, Arabic and Mandarin, not to mention emerging linguistic varieties and practices of language mixing. How does the

public while balancing concerns over language endangerment and the need for participation in the global community? Subhan Zein asserts that superdiversity is the key to understanding and assessing these intricate issues and their complicated, contested and innovative responses in the complex, dynamic and polycentric sociolinguistic situation in Indonesia that he conceptualises as superglossia. This offers an opportunity for us to

delve more deeply into such a context through the language and superdiversity perspective that is in ascendancy. Zein examines emerging themes that have been dominating language policy discourse including status, prestige, corpus, acquisition, cultivation, language shift and endangerment, revitalisation, linguistic genocide and imperialism, multilingual education, personnel policy, translanguaging, family language policy and global English. These topical areas are critically discussed in an integrated manner against Indonesia's elaborate socio-

cultural, political and religious backdrop as well as the implementation of regional autonomy. In doing so, Zein identifies strategies for language policy to help inform scholarship and policymaking while providing a frame of reference for the adoption of the superdiversity perspective on polity-specific language policy in other parts of the world. *St. Lucy's Home for Girls Raised by Wolves* Vintage The ultimate adventure guide This is the most comprehensive guide to Java ever produced. Hundreds of pages of travel tips and dozens of lively articles on history, nature, and the arts,

choices – from coral reefs to outer space. From the cold, hard facts of death to lessons in the art of dying well, from what happens in the body's last living moments to what transpires in the ground or in the furnace, from near-death experiences to speculation on the afterlife, *The Whole Death Catalog* leaves no gravestone unturned. Anarchy BRILL. An inspirational, practical, and research-based guide for standing up and speaking out skillfully at work. Have you

ever wanted to disagree with your boss? Speak up about your company's lack of diversity or unequal pay practices? Make a tough decision you knew would be unpopular? We all have opportunities to be courageous at work. But since courage requires risk—to our reputations, our social standing, and, in some cases, our jobs—we often fail to act, which leaves us feeling powerless and regretful for not doing what we know is right. There's a better way to handle these crucial moments—and *Choosing Courage*

provides the moral imperative and research-based tactics to help you become more competently courageous at work. Doing for courage what Angela Duckworth has done for grit and Brene Brown for vulnerability, Jim Detert, the world's foremost expert on workplace courage, explains that courage isn't a character trait that only a few possess; it's a virtue developed through practice. And with the right attitude and approach, you can learn to hone it like any other skill and incorporate it into your everyday life. Full of stories

of ordinary people who've acted courageously, Choosing Courage will give you a fresh perspective on the power of voicing your authentic ideas and opinions. Whether you're looking to make a mark, stay true to your values, act with more integrity, or simply grow as a professional, this is the guide you need to achieve greater impact at work.

New York
Times
Bestseller Po
Bronson and
Ashley
Merryman's

work changes the national dialogue. Beyond their bestselling books, you know them from commentary and features in the New York Times, CNN, NPR, Time, Newsweek, Wired, New York, and more. E-mail, Facebook, and Twitter accounts are filled with demands to read their reporting (such as "How Not to Talk to Your Kids," "Creativity

Crisis," and "Losing Is Good for You"). In TOP DOG, Bronson and Merryman again use their astonishing blend of science and storytelling to reveal what's truly in the heart of a champion. The joy of victory and the character-building agony of defeat. Testosterone and the neuroscience of mistakes. Why rivals motivate. How home field advantage gets you a raise.

<p>What teamwork educators really requires. It's baseball, the SAT, sales contests, and Linux. How before da Vinci and FedEx were innovators, first, they were great competitors. Olympians carry TOP DOG in their gym bags. It's in briefcases of Wall Street traders and Madison Avenue madmen. Risk takers from Silicon Valley to Vegas race to implement its ideas, as</p>	<p>debate it in halls of academia. Now see for yourself what this game-changing talk is all about.
