Earth science is the study of Earth and space. It is the study of such things as the transfer of energy in Earth's atmosphere; the evolution of landforms; patterns of change that cause weather; the scale and structure of stars; and the interactions that occur among the water, atmosphere, and land. Earth science in this book is divided into four specific areas of study: geology, meteorology, astronomy, and oceanography. - p. 8-9.

For twenty-six years running, the market-leading West Federal Taxation Series has helped more than one million users master the ever-changing nature of Federal taxation. The 2004 Edition of West Federal Taxation: Individual Income Taxes is no exception. With its comprehensive and accessible coverage, no other text is as effective at helping users master the ever-changing individual tax code and regulations. Because of its adherence to the recommendations of the Accounting Education Change Commission (AECC) and the American Institute of Certified Public Accountants (AICPA)--and because its authors and editors stay on top of trends in both tax law and tax education-- the 2004 Edition is thoroughly up-to-date, current in its thinking, and pedagogically advanced.

Introduction to Managerial Accounting, 3/e by Brewer/Garrison/Noreen is

based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 3/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course, cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.
