Mormonism: A Guide for the Perplexed explains central facets of the Mormon faith and way of life for those wishing to gain a clearer understanding of this rapidly growing world religion. As The Church of Jesus Christ of Latter-day Saints continues to grow in the United States and especially in other countries (with a total membership of over 15 million, more than 50% of which is outside the US), and as theologians and church leaders wrestle with whether Mormonism is in fact a valid expression of modern Christianity, this distinctive religious tradition has become increasingly an object of interest and inquiry. This book is the ideal companion to the study of this perplexing and often misunderstood religion. Covering historical aspects, this guide takes a careful look at the whole of Mormonism, its tenets and practices, as well as providing an insight into a Mormon life.

Moses and Thomas S. Monson are prophets of God. They are God's messengers. On occasion they predict the future, warning us of dire or other important events to come. More often than not, they teach us about God's nature and character; and as preachers of righteousness, by denouncing sin and challenging us to keep God's commandments, they show us the true way to happiness in this life and eternal life in God's presence in the eternity to come. Moses represented The Great Jehovah Jesus Christ, The Holy Messiah, to The Children of Israel and to Pharaoh and the Egyptians. As President and Prophet of The Church of Jesus Christ of Latter-day Saints, Thomas S. Monson represents to each of us The Great Jehovah Jesus Christ, The Holy Messiah who soon will return in great glory and power to usher in His millennium of righteousness and peace. For our maximum happiness, we are encouraged, indeed challenged, to study and live according to the teachings and commandments given to us by Jesus Christ through the great prophets Moses and Thomas S. Monson. See [www.lds.org](http://www.lds.org).

In 2012, Mormon General Authority Marlin K. Jensen acknowledged that members are leaving the Church of Jesus Christ of Latter-day Saints "in droves." Access to the internet is often credited and blamed for this mass exodus, where members learn about problematic doctrines and cover-ups of LDS history. Many are happy as Mormons. And many are not. Those who leave, and those doubters who stay, face struggles that few others can understand. Much of this suffering is caused by manipulative and controlling techniques pervasive throughout LDS doctrines and culture. Understanding these techniques will help recovering Mormons overcome the effects of belonging to a high-demand group. As a former Mormon, Luna Lindsey experienced this coercive persuasion firsthand. Recovering Agency presents years of research into social psychology and the science of cult dynamics, to describe 31 mind control techniques, alongside examples of their use in Mormon scripture, lessons, and from the pulpit. Even if you have never been Mormon, chances are that coercive influence techniques have been used to manipulate you at some point. Turn the pages and learn the answers to longstanding questions about this unique American religion and about the human mind.

In Contemporary Mormon Pageantry, theater scholar Megan Sanborn Jones looks at Mormon pageants, outdoor theatrical productions that celebrate church theology, reenact church history, and bring to life stories from the Book of Mormon. She examines four annual pageants in the United States—the Hill Cumorah Pageant in upstate New York, the Manti Pageant in Utah, the Nauvoo Pageant in Illinois, and the Mesa Easter Pageant in Arizona. The nature and extravagance of the pageants vary by location, with some live orchestras, dancing, and hundreds of costumed performers, mostly local church members. Based on deep historical research and enhanced by the author's interviews with pageant producers and cast members as well as the author's own experiences as a participant-observer, the book reveals the strategies by which these pageants resurrect the Mormon past on stage. Jones analyzes the place of the productions within the American theatrical landscape and draws connections between the Latter-day Saints theology of the redemption of the dead and Mormon pageantry in the three related sites of sacred space, participation, and spectatorship. Using a combination of religious and performance theory, Jones demonstrates that Mormon pageantry is a rich and complex site of engagement between theater, theology, and praxis that explores the saving power of performance.
