I recently came across a great deal and bought the latest 1210 M5G. I had waited about 4 months online looking for a great deal and found them for \$450 each. Keep in mind I paid almost the same price for 1200 MK2 15 years ago.

Technics SL-1800 (repaired), 1210 MK5 and 1210 M5G (one of the 1210s also got minor repairs locally, the other has a gimpy ?gimble point on the tone arm, but it works fine - for now).

(Long story on getting them.) Not sure I want to do the KAB fluid dampers on these now, nor any other modding now. Might consider mods after I get a good needle.

If you're serious about spinning vinyl, the Technics SL-1210M5G turntable is for you. With a metallic-black finish and brushed-steel hardware, it looks as good as it sounds. Exclusive to the SL-1210M5G are a digital pitch control, improved tone arm for skip resistance, and adjustable electronic braking system.

So I ordered a LEGENDARY Technics SL-1210 M5G. I paid over \$500 for it, and then when I went to a local record store, they had an SL-1200 MK5 for sale for \$299. Are the extra features of the 1210 worth the money? Not to me, because I am using it for digital DJing.

KAB Electro Acoustics <http://www.kabusa.com>

Following the release of high-end, hi-fi turntables over the last few years - with eye-watering prices - Technics has now entered the market at a more affordable level. The matte black deck (there's no silver model), which will launch as the SL-1210 MK7 in the UK, EU and Australia, and the SL-1200 MK7 in Japan and the US, will cost £899 / €1000 / \$1200 / AU\$1599, upon its release this summer.
