Business Process Implementation for IT Professionals and Managers Penguin
Instructions for using MMS (Chlorine Dioxide and Sodium chlorite) for health recovery.
Litigation Manual World Scientific
The first edition of Assessment Clear and Simple quickly became the essential go-to guide for anyone who participates in the assessment process in higher education. With the increased pressure to perform assessment to demonstrate accountability, Assessment Clear and Simple is needed more than ever. This second edition of the classic resource offers a concise, step-by-step guide that helps make assessment simple, cost-efficient, and useful to an institution. It contains effective strategies for meeting the requirements of accreditation agencies, legislatures, review boards, and others, while emphasizing and showing how to move from data to actions that improve student learning. This thoroughly revised and updated edition includes many new or expanded features, including: Illustrative examples drawn from the author's experience consulting with more than 350 institutions A basic, no-frills assessment plan for departments and for general education Tips on how to integrate portfolios and e-portfolios into the assessment process Suggestions for using rubrics and alternatives to rubrics, including doing assessment for multidisciplinary work Clear instructions on how to construct a coherent institution-wide assessment system and explain it to accreditors Ideas for assigning responsibility for general education assessment Strategies for gathering information about departmental assessment while keeping the departmental workload manageable Information on how to manage assessment in times of budgetary cutbacks Praise for the Second Edition of Assessment Clear and Simple "Walvoord's approach to assessment is wonderfully straightforward; it is also effective in facilitating faculty engagement in assessment. We've applied a number of her methods to our campus assessment efforts with success. This book makes assessment both manageable and useful in improving and enhancing student learning." Martha L. A. Stassen, director of assessment, University of Massachusetts, Amherst, and president, New England Educational Assessment Network (NEEAN) "Walvoord's work clearly presents the basics for getting started in assessment of student learning while honestly addressing the complexities of assessment when driven by faculty passion for student learning. This book is a valuable resource for the novice as well as the developing experts who are leading their institutions in academic assessment." Bobbi Allen, faculty assessment director, Delta College

Street Smart Lippincott Williams & Wilkins
This compact, spiralbound text will take you from the classroom to the operating room! It examines 93 of the most common diseases and disorders -- including infectious, neoplastic and psychiatric disorders. Arranged alphabetically within body systems, this well-organized text offers comprehensive yet concise coverage of essential information. A consistent outline format makes access fast and efficient, and includes detailed information on the nursing process. Rationale is presented along with signs and symptoms, so the reader will fully understand their implications. Diagnostic tests are also presented with rationale, to correlate the significance of laboratory findings.
The Descendants Complete Series (Books 1, 1.5, 2, 3) Faber & Faber
Travis King is the worst kind of asshole.He taunts me for being a good girl and mocks my high

standards. He's cruel, crass, and has enough confidence to last two lifetimes. And I hate him.It wouldn't matter so much if he were avoidable. But considering he's my older brother's best friend and roommate, I see him more than I'd ever want to.His sculpted abs and gorgeous eyes are wasted on such an arrogant man, which makes me hate him even more.Even though I've had a crush on him since I was ten, the feelings weren't mutual and he's always made that very clear.He's always loved getting under my skin and one night against my better judgment, I let him in my bed. I've succumbed to his manwhore ways, but that doesn't change a thing.Because the King is about to get played at his own game-and lose.Checkmate.
Death Waits in the Dark Penguin

The Undoing Plume
Wasted. Covered in glitter. Wearing the ugliest dress in existence. Also known as: me, the night I stumble into bed with a Fairfield. -- Back cover.
MMS Health Recovery Guidebook Taylor & Francis Group
Get ready for The Undoing, soon to be the most talked about TV of 2020. From the creators of Big Little Lies, The Undoing premieres this autumn starring Nicole Kidman, Hugh Grant and Donald Sutherland. 'A great psychological thriller ... I couldn't put it down.' Daisy Goodwin'Gripping . . . had me in its thrall from page one . . . Brilliant.' MetroA New York Times bestsellerGrace Sachs, a happily married therapist with a young son, thinks she knows everything about women, men and marriage. She is about to publish a book called You Should Have Known, based on her pet theory: women don't value their intuition about men, leading to serious trouble later on.But how well does Grace know her own husband? She is about to find out, and in the place of what she thought she knew, there will be a violent death, a missing husband, and a chain of terrible revelations. Left behind in the wake of a very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for herself and her child.Published previously under the title You Should Have Known
Castle on the Rise Apress
Nersesian's cult status has grown from the success of his novels - he is the author of the cult bestselling novel The Fuck Up - and here for the first time his equal skills as a playwright are revealed to the public. Three of the four plays in this volume have been staged off-Broadway in New York City. The four plays included are Rent Control, East Village Writer's Bloc, Plea Bargains and Spare Change.
East Village Tetralogy Entangled: Amara
With wit and sharp insight, former Traffic Commissioner of New York City, Sam Schwartz a.k.a. “Gridlock Sam,” one of the most respected transportation engineers in the world and consummate insider in NYC political circles, uncovers how American cities became so beholden to cars and why the current shift away from that trend will forever alter America's urban landscapes, marking nothing short of a revolution in how we get from place to place. When Sam Schwartz was growing up in Bensonhurst, Brooklyn—his block belonged to his community: the kids who played punchball and stickball & their parents, who'd regularly walk to the local businesses at which they also worked. He didn't realize it then, but Bensonhurst was already more like a museum of a long-forgotten way-of-life than a picture of America's future. Public transit traveled over and under city streets—New York's first subway line opened in 1904—but the streets themselves had been conquered by the internal combustion engine. America's dependency on the automobile began with the 1908 introduction of Henry Ford's car-for-everyone, the Model T. The “battle for right-of-way” in the 1920s saw the demise of streetcars and transformed America's streets from a multiuse resource for socializing, commerce, and public mobility into exclusive arteries for private automobiles. The subsequent destruction of urban transit systems and post WWII suburbanization of America enabled by the Interstate Highway System and the GI Bill forever changed the way Americans commuted. But today, for the first time in history, and after a hundred years of steady increase, automobile driving is in decline. Younger Americans increasingly prefer active transportation choices like walking or cycling and taking public transit, ride-shares or taxis. This isn't a consequence of higher gas prices, or even the economic downturn, but rather a collective decision to be a lot less dependent on cars—and if American cities want to keep their younger populations, they need to plan accordingly. In Street Smart, Sam Schwartz explains how. In this clear and erudite presentation of the principles of smart transportation and sustainable urban planning—from the simplest cobblestoned street to the

brave new world of driverless cars and trains—Sam Schwartz combines rigorous historical scholarship with the personal and entertaining recollections of a man who has spent more than forty years working on planning intelligent transit networks in New York City. Street Smart is a book for everyone who wants to know more about the who, what, when, where, and why of human mobility.
The Highlander's Surrender Langenscheidt Publishers
Eliza Knight's bestselling Scottish historical romance series, The Stolen Bride Series, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn once in marriage, she is devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite feelings inside her she thought long since buried, desire is a far cry from love.The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish-whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire.Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...
Fundamental Questions in Astrophysics: Guidelines for Future UV Observatories Springer Science & Business Media
Modern astrophysics has evolved early phases of discovery and classification to a physics-oriented quest for answers to fundamental problems from cosmology to the origin and diversity of life-sustainable systems in the Universe. Future progress in modern astrophysics requires access to the electromagnetic spectrum in the broadest energy range. This book describes the fundamental problems in modern astrophysics that cannot progress without easy and wide-spread access to modern UV instrumentation.
A Guide to the Present Moment HarperCollins
Spanning more than two centuries in Ireland, Castle on the Rise unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend’s vineyard wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they’d imagined are suddenly ripping apart. With hopes of resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom’s home in Ireland—never expecting she’d be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and a mysterious castle that dares to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Issy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle’s lady of legend, fighting for survival through the 1798 rebellion that started it all. Praise for Castle on the Rise: “Enchanting and mesmerizing!” —PATTI CALLAHAN, New York Times bestselling author of Becoming Mrs. Lewis “Castle on the Rise perfectly showcases rising star Kristy Cambron’s amazing talent! Perfect pacing, lovely prose, and an intricate plot blend together in a delightful novel I couldn’t put down. Highly recommended!” —Colleen Coble, USA TODAY bestselling author of Secrets at Cedar Cabin and the Rock Harbor series “Cambron’s latest is one of her best. Gripping and epic, this intricately woven tale of three generations seeking truth and justice will stay with you long after the last page.” —Rachel Hauck, New York Times bestselling author Second in the Lost Castle series (The Lost Castle, Castle on the Rise, The Painted Castle) Can be read as a stand-alone, but best if read in order Sweet romance set in three time periods: present day, World

War I/Easter Rising, and late 1700s Full-length novel (over 110,000 words)

To My Arrogant Boss PublicAffairs

"In this profoundly moving memoir, Owita teaches Wall how to find grace amid heartbreak and to accept that beauty exists because it is fleeting—as in her garden, as in life." —People, 4 stars "A perfect spring awakening." —Good Housekeeping A true story of a unique friendship between two people who had nothing—and ultimately everything—in common. Carol Wall, a white woman living in a lily-white neighborhood in Middle America, was at a crossroads in her life. Her children were grown; she had successfully overcome illness; her beloved parents were getting older. One day she notices a dark-skinned African man tending her neighbor’s yard. His name is Giles Owita. He bags groceries at the supermarket. He comes from Kenya. And he’s very good at gardening. Before long Giles is transforming not only Carol’s yard, but her life. Though they are seemingly quite different, a caring bond grows between them. But they both hold long-buried secrets that, when revealed, will cement their friendship forever.

Gender Ideologies and Military Labor Markets in the U.S. John Wiley & Sons

Gender Ideologies and Military Labor Markets in the U.S. offers a comprehensive analysis of the relationship between changes in military gender ideologies and structural changes in U.S. military and society. By investigating how social and military change have influenced gender ideologies, the author develops an approach that (re-)connects military gender ideologies to the social conditions of their production and distribution and explains their transformation as effects of changing social and political relations and conflicts. Examining the role of different groups of social actors, media debates on women’s military participation and gender ideologies inherent in depictions of military women, the author seeks to contextualise these ideologies are within structural change in the U.S. military and society, relating them to the gender-specific division of labour on civilian and military labor markets. This work provides a deeper understanding of the nexus between military re-structuring processes, women’s military integration, and changes of gender ideologies in regard to war and the military, and will be of great interest to students and scholars of gender, security studies and American politics.

Eyes To The Wind J.S. Cooper

A longtime triathlete and editor-in-chief of "Triathlete Magazine" offers an inspiring and thorough guide to the ultimate cross-training and fitness adventure. Color photos throughout. *Biorhythms and Stress in the Physiopathology of Reproduction* Blackstone Publishing “What?" Naomi gasped. "I'm not going anywhere with you!" Alaric could already scent two more witches approaching her apartment. Whatever she'd done had clearly been an accident; he couldn't rely on her magic. They had to get out of here. She flinched as he reached down to cup her face, gazing into her eyes. "Sorry about this," he murmured, as he probed her mind. Her thoughts were frantic, moving at an impossible speed. All will be well, he told her silently. Rest now. "What—what are you—" she whispered, as her eyes drooped. She slumped forward into his arms. Cradling her, he moved over to the window, and leapt out. *** Alaric, a centuries-old vampire, lives a solitary life by choice. When he’s assigned to protect Naomi, long dormant emotions stir to life. Naomi Feldman has never understood the strange energy that hums beneath her senses. But when she comes across an ancient artifact that seems to beckon to her, she may finally find the answers she's been seeking. Pursued by a dangerous enemy and battling their growing attraction, Naomi and Alaric follow the mystery of the artifact from the museums of Athens, the streets of London, towards a confrontation that will decide the fate of two worlds... Kidnapped Study Guide Artech House Publishers

It’s a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret “play” room in the basement. Never mind that she’s never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can’t stay...

Assessment Clear and Simple Routledge

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors,

protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys’ killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
