Karlology Henry Holt and Company

November is Native American Heritage month! Osceola, Cochise, and Tecumseh are three Native American heroes who fought valiantly for their land and for their people. This book is divided into three parts--each part recounting the life of one of these great heroes. Their true stories are emotionally gripping and tragic, and Ann McGovern handles delicate topics, such as violence and racism, expertly for young readers. The narrative text is supplemented by black-and-white original source materials throughout (i.e. photographs, maps, portraits, a newspaper article).

Professional Journalism Penguin

From process definition... to software deployment... This unique book is the first to provide a comprehensive method for implementing and maintaining business processes that help IT professionals and software engineers improve software quality, reduce time-to-market, quickly respond to changes in requirements, and more precisely specify the reuse of software components. The business process implementation approach detailed here utilizes the industry's hottest concepts, including meta data repositories, scenarios, roles, business rules, data modeling, component reuse, and workflow. The book also introduces an innovative method of analyzing a process map that strengthens process specification from both business and technical perspectives. Throughout the book, particular attention is paid to the need for close coordination between human activity and automated systems.

He Speaks. I Listen Xlibris Corporation

A neobaroque novel that immerses the reader in a bedazzling and surrealistic vortex where a search for an idealized goal often turns into a mirage. The four protagonists, Li-Tzu, Candy Slice, Dhalia Meanor and Adela Carroza anxiously await the arrival of Mr. Ioso, the Greek who will fulfill their dreams. It is during this anxious wait that they recount the story of their turbulent lives which are often distorted by desire, ambition and revenge. (Spanish) Una novela neobarroca que sumerge al lector en un vórtice espejeante y surrealista, donde la búsqueda de una meta idealizada con frecuencia se convierte en un espejismo. Las cuatro protagonistas, Li-Tzu, Candy

Slice, Dhalia Meanor y Adela Carroza ansiosamente aguardan la llegada de Mr. Ioso, el griego que completará sus sueños. Es durante esta ansiosa espera que cuentan la historia de sus vidas turbulentas, casi siempre distorsionadas por el deseo, la ambición, o la venganza.

**The Secret of Tecumseh's Gold** Contemporary Books

The world knows the name of William Tecumseh Sherman but few Americans remember his brother John. Both men were powerful players in American history from the mid to late 19th century. Both were supported and protected by their relationship with General Sherman's foster father, Thomas Ewing. As a United States Senator, John Sherman was also in a position to advise and protect his not-infrequently controversial brother. In turn, William exchanged his uncensored opinions on a wide range of public and private issues. For over fifty years, they carried on a fascinating and affectionate correspondence during some of the most turbulent and important years in America. From Cadet Sherman's days at West Point, through failed business ventures, to astonishing success in the American Civil War, and later during the Indian Wars, you'll read both brothers' views on many issues of the day. General Sherman's daughter found these letters after his death and edited them for publication. For the first time, this long out-of-print volume is available as an affordable, well-formatted book for e-readers and smartphones. Be sure to LOOK INSIDE by clicking the cover above or download a sample.

**Moon Knight by Bendis and Maleev: the Complete Collection** BIG BYTE BOOKS

\*Includes pictures \*Includes a bibliography for further reading Few cities epitomize the best and worst of the United States like Detroit, which started as a remote trading post and grew into an industrious town before exploding into a bustling city. That city then fell, leaving a legacy of anger and despair only recently beginning to turn things around. At the same time, the same mighty city that proved capable of arming a nation at war found itself seething with social conflict. The massive labor force fought hard for their rights, as did the African-Americans fleeing Jim Crow in the South. Through conflict, compromise, and industry, Detroit, but like many others across the nation, the city failed to prepare for a post-industrial age, and the once prosperous city descended into disrepair and disuse. From that despair came anger, then resolution. Detroit would rebuild, and though those efforts were in many ways successful, the city is still reaching for its former glory. Motor City: The History of the Fur Trade Outpost

that Became Detroit looks at the history of one of the Midwest's biggest cities. Along with pictures of important people, places, and events, you will learn about Detroit like never before.

Club Car / Kawasaki 4-Stroke Air-Cooled Engines 1984 - 2013 For Dummies

Captain America. Wolverine. Spider-Man. There's nobody you'd want to have your back more than this trio of mighty Avengers. So who better for Moon Knight to call upon to lend a hand? The trouble is, they're all in Moon Knight's head -- the latest splinters of Marc Spector's shattered psyche! And as Spector battles his own mind to find balance in his new home of Los Angeles, a powerful criminal mastermind makes his deadly move -- trafficking Ultron's temporarily inert robot body! Can Moon Knight get his act together in time to take on this deadly threat -- or is he way out of his league? Brian Michael Bendis and Alex Maleev, who wowed readers with DAREDEVIL, reunite to deliver a unique take on another fan-favorite Marvel vigilante! COLLECTING: Moon Knight (2011) 1-12

Thor by Donny Cates Vol. 3 Independently Published

SPUNKY SUMMONER Seeking Soul Howl, the Elder of the Tower of Necromancy, Mira has ventured to the Ancient Temple Nebrapolis with her new companions, Tact and Emella. But in the deepest reaches of this dungeon, the trio discovered a demon long thought to be extinct! Will Mira survive long enough to unite her fellow Wise Men?

Das Malerische Werk Des Dänischen Künstlers IB Eisner Teacher Created Materials

The mysterious Mr. Knight has opened his Midnight Mission, his people petitioning him to shelter them from the weird and horrible. The Moon Knight stalks the rooftops and alleys marked with his crescent moon tag, bringing violence to any who would harm his flock. Marc Spector, in whichever guise he dons, is back on the streets, a renegade priest of an unworthy god. But while Khonshu languishes in prison, Moon Knight's duty still must be observed: the protection of those who travel at night. But what happens when those he would save are turned into weapons against him? When gangs of elderly residents leave a trail of bizarre violence, Moon Knight must put his body, mind and very soul on the line to end the carnage! COLLECTING: Moon Knight (2021) 1-6

A Sorrow in Our Heart Marvel

"If I had asked people what they wanted, they would have said faster horses." --Henry Ford As one part of your brain processes these words, another part of your brain is urging you to put the book down and focus on something more pressing. Get back to work on the budget due tomorrow. Answer e-mails growing stale in your inbox. Get off your rear and update that résumé. We're all guilty of it, especially in the business world. From Fortune 500 CEOs to assistants, we work to solve the most urgent problems first. That's because evolution has hardwired our brains to focus only on the immediate future, a survival technique that worked extremely well when predators were lurking at every turn. But that was then, this is now. In the modern world, where life expectancies are long and physical perils rare (at least for people who buy books), it's not only possible to build a strong tomorrow without sacrificing today, but to actually increase the number of here-and-now victories by pursuing distant wins. That's where Long Fuse, Big Bang comes in--to help you work with that instinct to create and foster ideas that will

lead to explosive professional results. Through proven case studies and personal experience, Dr. Eric Haseltine shows you how to neutralize the quick-fix way of thinking and actually use that desire to improve your chances of an enduring success. Rather than fight our most basic thought processes, this book will teach you how to work with your brain to light the long fuse, keep it smoldering, and ignite that "Big Bang" that will make history.

Quadrivium Cengage Learning

Teenagers Billy Mac, Emmett, Maddie and Joseph are back in this sequel to "The Mystery of the Tomahawk Pipe". It is 1925, a year after their adventure began. Warm weather and low water levels finally allow them to venture back into the flooded cave. They find Tecumseh's gold really was hidden there at one time, but it has since been moved. Who moved it, why, and where is it now? The four friends must battle time and the treachery of an old adversary to find the treasure. But, danger, deceit - and even death - counter their search for answers. With the help of an unlikely band of ragamuffins and Billy Mac's newfound guardian spirit, they unravel a trail of clues that lead them to the truth, but the cost is high. In this adventure built around the

---

real-life legend of Tecumseh's hidden gold, everyone from the original story is back. Together, they discover not only the secret of the gold, but truths about themselves, as well.

#### **Long Fuse, Big Bang** Cool Springs Press

For four decades, *Petroleum Refining* has guided thousands of readers toward a reliable understanding of the field, and through the years has become the standard text in many schools and universities around the world offering petroleum refining classes, for self-study, training, and as a reference for industry professionals. The sixth edition of this perennial bestseller continues in the tradition set by Jim Gary as the most modern and authoritative guide in the field. Updated and expanded to reflect new technologies, methods, and topics, the book includes new discussion on the business and economics of refining, cost estimation and complexity, crude origins and properties, fuel specifications, and updates on technology, process units, and catalysts. The first half of the book is written for a general audience to introduce the primary economic and market characteristics of the industry and to describe the inputs and outputs of refining. Most of this material is new to this edition and can be read independently or in parallel with the rest of the text. In the second half of the book, a technical review of the main process units of a refinery is provided, beginning with distillation and covering each of the primary conversion and treatment processes. Much of this material was reorganized, updated, and rewritten with greater emphasis on reaction chemistry and the role of catalysis in applications. *Petroleum Refining: Technology, Economics, and Markets* is a book written for users, the practitioners of refining, and all those who want to learn more about the field.

#### **Grandad Mandela** Univ. of Queensland Press

There are not many books in India that can serve as a useful textbook to the students and guides to the practising journalist. It is this lacuna that M.V. Kamath, one of the most prominent Indian Journalists, has tried to fill. This is a book on Indian journalism for Indian journalists, citing examples of Indian writers, Kamath quotes profusely from the writings of Indian editors to illustrate his ideas which considerably adds to the relevance of his work.

#### **Motor City** CRC Press

Karl Pilkington's third book, follow-up to bestselling *The World of Karl Pilkington* and *Happyslapped by a Jellyfish*, is a voyage through some of the most curious facts and fictions about our world. Drawing on what little he learned during his days of education, Karl explores the world of knowledge through a school curriculum, with chapters devoted to biology, history, art, and English, among others, each topic approached with Karl's inimitable combination of innocent wonder and down-to-earth wisdom. Full color throughout, the book is illustrated with Karl's hand-drawn cartoons and comic strips and it features e-mail contributions from a host of celebrities and experts who Karl has quizzed to further his knowledge. Read Karl's blog at <http://www.karlology.co.uk>
