children has dominated the media, exposing this issue as one of the new epidemics of our society. The slaughter of children by children at Littleton--and the backlash of similar incidents--have opened our eyes to the severity of this problem. But what is the cause of all this anger

in kids? In *Angry Kids*, Richard Berry draws from his experience as a marriage and family therapist to provide some answers about angry kids to parents, teachers, youth workers, counselors, and school social workers. His biblical perspective challenges parents and children to be

accountable for their actions while working out solutions. Well-written, timely, and practical, *Angry Kids* exposes three root causes of anger in children of all ages. It also explains how parents can inadvertently contribute to that rage, how they can help their children discover the real

feelings behind their anger, and how to then teach them techniques for expressing and defusing that anger. Charts, specific examples, and practical application further clarify how to stop the spreading epidemic of angry kids.

[John Rosemond's Fail-Safe Formula for Helping Your Child Succeed in School](#)
Andrews McMeel Publishing

In *Teen-Proofing*, now available in paperback, he tackles the challenges of raising a teenager with his trademark user-friendly, humorous, and commonsense style. Rosemond lays out a perfectly sound and logical case for recognizing the realities of the teen-parent relationship, forming the foundation, and parenting with the "Long Rope Principle." In short, the author demonstrates how Mom and Dad can avoid the pitfalls of becoming

dictatorial "Control Freaks," skirt the potholes of turning into permissive "Wimps," and enjoy the freedom and rewards of parenting in a controlled (but not controlling) and relaxed manner. Teenagers, Rosemond readily admits, can be a challenge. But infusing young adults with a sense of personal responsibility, then showing them the results of good and bad choices, is a goal every parent can achieve. *Never Settled* Baker Books
Surviving Adolescence was

written because the most trying times in a child's life are during pre-teen and teen years. Most parents and teachers may be ill equipped to deal effectively with adolescents. They are not prepared for the remarkable changes that occur. The remarkable physical changes are most noticeable, but the intellectual, social and emotional changes can confound us. The book follows the roller coaster ride all can experience: Ratcheting Up, the First Drop, Loop-de-Loop, Climbing, the Steep Drop, In the Tunnel, Into the

Daylight, and Leveling Off. The ideas cover preparing for adolescence, the reality of confronting puberty, the family unit, and how to help teens confront a new social environment, including cyberspace. Additional areas are recognizing the need for productive activities, discussing burgeoning sexual issues, bullying and substance abuse. Suggestions for communicating effectively and taking care of yourself are included, too. While the book is designed for a broad audience, each chapter concludes with educational considerations.

Socially, mentally, and spiritually, teenagers face a variety of pressures and stresses each day. Despite these pressures, it is still parents who can influence teens the most, and *The 5 Love Languages of Teenagers* equips parents to make the most of that opportunity. In this adaptation of the #1 New York Times bestseller *The 5 Love Languages* (more than 10 million copies sold), Dr. Gary Chapman explores the world in which teenagers live, explains their developmental changes, and gives tools to help you identify and appropriately communicate in your teen's love language. Get

practical tips for how to: Express love to your teen effectively
Navigate the key issues in your teen's life, including anger and independence
Set boundaries that are enforced with discipline and consequences
Support and love your teen when he or she fails
Get ready to discover how the principles of the five love languages can really work in the life of your teenager and family.

The Teen Years Explained

Jayne Blanchard

Extensive Gallup research offers a unique glimpse inside the heads and hearts of today's teens. A must-have for parents, youth workers, and teachers.

Ending the Homework

Hassle National Academies Press

Imagine moving nearly 80 times and living in almost 20 states before graduating high school. This is the story of a young boy growing up on the road. Shawn D. Congleton shares his account of overcoming his life's challenges, of never settling, that included poverty, constant change, and an alcoholic and abusive father. He learned some memorable lessons along the way as he grew up in this most unforgettable experience and found hope

to overcome. Journey with him across the United States as he moves from his birthplace of Camp Pendleton, California to Indiana to Colorado and sixteen other states only to return to Camp Pendleton for Marine Corps boot camp where his life changes forever. Find the hope he found and never settle for what life throws at you!
"Readers will be glad that Shawn Congleton never settled for a life like the one in which he grew up. Now his story can give hope to hearts that are looking for a

chance to be loved and to belong." Tanya Anderson, Award-Winning Author and Editor "This memoir quickly drew me in and I found myself engulfed in the narrative." Jeremy Hudson, Pastor, Fellowship Church "In a beautifully raw and compassionate way, Shawn invites us into his painful, yet hopeful story." Chris LeMaster, LPC "This book, more than most others, was able to reach all five senses! It took me back on a nostalgic journey of childhood memories that I had previously tucked

away." Todd Buck, Educator

The Complete Idiot's Guide
to Raising a Strong-Willed
Child iUniverse

There are great rewards that come along with being a foster parent, yet there are also great challenges that can leave you feeling depleted, alone, and discouraged. The many burdens of a foster parent's day--hurting children, struggling biological parents, and a broken system--are only compounded by the many

burdens of a foster parent's heart--confusion, anxiety, heartache, anger, and fear. With the compassion and insight of a fellow foster parent, Jamie C. Finn helps you see your struggles through the lens of the gospel, bringing biblical truths to bear on your unique everyday realities. In these short, easy-to-read chapters, you'll find honest, personal stories and practical lessons that provide encouragement and direction from God's Word as you walk the journey of foster parenting.

School, Family, and

Community Partnerships

Simon and Schuster
A child rearing expert presents a study of child-directed discipline, offering a common sense approach to the issue of discipline, parental authority, and self-esteem

Democracy and Education

Andrews McMeel Publishing
Every teenager rebels against authority at some point--talks back, breaks curfew, or disobeys. But literally millions of teens take their rebellion to a point where it disrupts their families and endangers their

own futures or even their lives. If one of these teens is yours, you've probably lived through years of conflicting advice and pat solutions that don't last. Finally, this breakthrough guide from a master therapist will show you the seven steps to positive, permanent change for you and your teenager: 1. Learn the real reasons for teen misbehavior. 2. Make an ironclad contract to stop that behavior. 3. Troubleshoot future problems. 4. End button-pushing. 5. Stop the "seven aces" -- from disrespect to

threats of violence. 6. Mobilize outside help. 7. Reclaim lost love within the family. Clear, compassionate, and packed with real-life solutions to real-life problems, *Parenting Your Out-of-Control Teenager* gives parents the tools they need to turn their families' lives around for good.

A Family of Value Linden Publishing

A syndicated columnist and family psychologist outlines scripture-based principles for parents that recommend respect for others over self-esteem tactics, recommending

a leadership approach to disciplinary methods that draws on traditional belief systems. 50,000 first printing.

The Bible Parenting Code

Yale University Press

John Rosemond's *A Family of Value* presents a critical view of the child care literature of the past quarter century and argues for an end to overindulgent parenting and a return to the goal of instilling moral values, such as responsibility, respectfulness, and resourcefulness.

Sex, Youth, and Sex

Harmony

This is a comprehensive guide for parents who want to raise emotionally healthy, resilient adolescents in a time of great stress where anxiety and mental health disorders are epidemic. In these times of great stress for our kids, resilience is not a given. The epidemic of mental health disorders in adolescents has made parenting even more challenging, but parents can still have an enormous impact on the health and well-being of their child. This book offers parents the tools they need to navigate this tumultuous time of change and create a continuous deep connection with their child. With covered

topics such as anxiety, depression, ADHD, behavioral issues, and addiction, parents will learn how they can recognize mental health disorders as well as obtain compassionate and practical advice on how to address these issues if they occur.

Foster the Family Baker Books

We idealize childhood and demonize adolescence, often viewing the typical teenager as a bundle of problems. Yet according to a new book, *The Teen Years Explained: A Guide to Healthy Adolescent*

Development, by Clea McNeely, MPH, DrPH and Jayne Blanchard, adolescence can be a time of opportunity, not turmoil. By understanding the developmental stages and changes of adolescence, both teens and adults can get the most out of this second decade of life. In plain English, this guide incorporates the latest scientific findings about physical, emotional, cognitive, identity formation, sexual and spiritual development with

tips and strategies on how to use this information in real-life situations involving teens. Whether you have five minutes or five hours, you will find something useful in this book. This practical and colorful guide to healthy adolescent development is an essential resource for parents, teens, and all people who work with young people.

Setting Limits with your Strong-Willed Teen
Carpenter's Son
Publishing

John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as

the seminal work on public education by one of the most important scholars of the century.

Plugged in Corwin Press

There are many reasons to be curious about the way people learn, and the past several decades have seen an explosion of research that has important implications for individual learning, schooling, workforce training, and policy. In 2000, *How People Learn: Brain, Mind, Experience, and School: Expanded Edition* was published and its influence

has been wide and deep.

The report summarized insights on the nature of learning in school-aged children; described principles for the design of effective learning environments; and provided examples of how that could be implemented in the classroom. Since then, researchers have continued to investigate the nature of learning and have generated new findings related to the neurological processes involved in learning, individual and cultural variability related to learning,

and educational technologies. In addition to expanding scientific understanding of the mechanisms of learning and how the brain adapts throughout the lifespan, there have been important discoveries about influences on learning, particularly sociocultural factors and the structure of learning environments. How People Learn II: Learners, Contexts, and Cultures provides a much-needed update incorporating insights gained from this research over the past decade. The book

expands on the foundation laid out in the 2000 report and takes an in-depth look at the constellation of influences that affect individual learning. How People Learn II will become an indispensable resource to understand learning throughout the lifespan for educators of students and adults. *Child Neglect* National Academies Press Homework can be one of the most frustrating of all problem areas for children and parents. In this helpful guide, Rosemond warns

against parental interference and demonstrates ways to help children learn to work on their own and to take responsibility for getting the work done themselves. [John Rosemond's New Parent Power!](#) National Academies Press When "because I'm the parent" meets "you're not the boss of me"... Good news: there are many ways to parent willful children without everyday clashes. Here parents learn how to capitalize on children's strengths and make bad days more manageable. Full of ideas and techniques, it explores: how to

use empathy first and discipline of sex education in the second; exercises and strategies that work to calm toddler tantrums; bringing teachers on board; raging hormones in teen rebels; and dealing with health and safety issues. -- Much more positive than other parenting books, which focus on discipline and parental control -- Helps parents understand and accept children for who they are, as well as who they can hope to be

Angry Kids Hendrickson Publishers

Compiles information and views on sex education for youth, including the history

twentieth century, sexual violence against youth, sexual orientation, and youth with disabilities, and lists resources.

The Adolescent Psychotherapy Treatment Planner Penguin

Combining John Rosemond's most popular works "Parent Power" and "The Six Point Plan" in one volume, this is the complete parenting philosophy of one of America's foremost experts in the field. This new edition contains updated and revised material and joins the content of both of the original books.
