Teka | Cook your way to life*

Do not go near Teka  
appliances. In a new  
kitchen 3 years ago all  
appliances were Teka.  
Since then I have had 2  
microwaves -( because the  
first one was beyond  
repair!) and 2 ovens. The  
most recent oven now has

---

a faulty thermostat which i  
have been waiting to have  
repaired for 3 months.

Currently Teka Kuppersbusch  
service is carried out by  
subcontract repair engineers  
through repaircare and has  
been for several years for in  
warranty repairs. From what  
we know of it the whole lot

---

shifted across to repaircare at  
some point but, spares supplies  
seem to have dried up a bit and  
it has become hard to find  
Teka in the UK so we think  
that they may have pulled out  
of the UK pretty much.
