[EPUB] Teleflex Marine Tachometer Installation Manual

Re: Wiring Up A Teleflex Tach The control box for a 2005 Merc should have a

three terminal plug right below the key switch. Buy the tach harness. Plug it in and go. If you look at the wiring around the control box you should also find a "gray" wire with nothing attached. That's the sense wire for the tach. No need to get inside the box.

Loosen the nut on the "NEG"
post of an instrument adjacent to
the tachometer location that's
activated by the ignition switch.
Slip one of the ring connectors
on one of the red wires onto the
post, thread the nut back onto
the post and tighten. Slip the
connector on the other end of the
wire over the tachometer post
marked "BAT."
