THE START OF A BRAND NEW URBAN FANTASY SET IN SMALL TOWN MAINE WHERE EVERYTHING IS NOT AS IT SHOULD BE... Living in small town Rockabill, Maine, Jane True always knew she didn't quite fit in with so-called normal society. During her nightly, clandestine swim in the freezing winter ocean, a grisly find leads Jane to startling revelations about her heritage: she is only half-human. Now, Jane must enter a world filled with supernatural creatures alternatively terrifying, beautiful, and deadly- all of which perfectly describe her new "friend," Ryu, a gorgeous and powerful vampire. It is a world where nothing can be taken for granted: a dog can heal with a lick; spirits bag your groceries; and whatever you do, never-ever-rub the genie's lamp. If you love Sookie Stackhouse, then you'll want to dive into Nicole Peeler's enchanting debut novel.

The pull of the water becomes as insistent as her attraction to Kai, a gorgeous surfer whose uncanny abilities hint at an otherworldly identity as well. Sapphy also feels the inexorable lure of the ocean, a temptation that reveals the truth of the legend and opens a beautiful world beneath the waves: the enchanted, undersea realm known as Ingo. Tempest Rising Yearling Books
One of NPR's 50 Favorite Sci-Fi and Fantasy Books of the Past Decade Magic and mayhem clash with the British elite in this whimsical and sparkling debut. The Royal Society of Unnatural Philosophers maintains the magic within His Majesty ' s lands. But lately, the once proper institute has fallen into disgrace, naming an altogether unsuitable gentleman as their Sorcerer Royal and allowing England ' s stores of magic to bleed dry. At least they haven ' t stooped so low as to allow women to practice what is obviously a man ' s profession... At his wit ' s end,

Zacharias Wythe, Sorcerer Royal of the Unnatural Philosophers, ventures to the border of Fairyland to discover why England ' s magical stocks are drying up, an adventure that brings him in contact with Prunella Gentlewoman, a woman with immense power and an unfathomable gift, and sets him on a path which will alter the nature of sorcery in all of Britain—and the world at large...

The Night Circus Little, Brown
When her father goes missing, stolen from the timeline, shaman Joanne Walker must finally return to North Carolina to find him - and finally face the son she left behind long ago. Original.
Jane and the Man of the Cloth Harper Collins
From Canada ' s new queen of suspense, another hugely entertaining supernatural thriller that will have you on the edge of your seat. Prepare to be enchanted . . . Forget the cackling green hag in The Wizard of Oz, forget Samantha from Bewitched. Real witches are nothing, NOTHING like this. For years real witches have hidden their powers, afraid of being persecuted. They have integrated so well into the community, you could have a witch living right next door and never know about it. Take Paige, for instance, whom we first met in Kelley Armstrong ' s novel Stolen. Just an ordinary twenty-something who runs her own website design company, worries about her weight and wonders if she ' ll ever find a boyfriend. Okay, so she ' s leader of the American Coven and guardian of Savannah, the teenage daughter of a black witch. Really, life is ordinary. But then a telekinetic half-demon, Leah O ' Donnell,

shows up to fight for custody of Savannah. And although Paige is ready for her, she ' s not quite so prepared for the team of supernaturals that Leah brings with her, including a powerful sorcerer who claims to be Savannah ' s father. When all hell breaks loose -- literally -- and Paige is accused of witchcraft, Satanism and murder, the Coven, fearing exposure, abandons her. Cut off from her friends, Paige is forced against her better judgment to accept the help of a young sorcerer lawyer. And she quickly comes to realize that keeping Savannah could mean losing everything else. Breathtakingly thrilling, hip and funny, this new novel is another page-turning triumph from an author who is going from strength to strength. “ I had a feeding frenzy on my front lawn, an unconscious paranormal investigator on my stairs, and, somewhere out there, an entire Cabal special projects team devoted to ruining my life. ” -- from Dime Store Magic

Tempest's Fury LUNA

A reverse harem, enemies to lovers, slow burn romance. "The relentless clock of fate was groaning over to the next hour, ringing the arrival of a battle as old as time, sounding the final alarm, the final chance to fall to our blades or lift them high. It was repeating infernal hours that grew hungrier with each turn, more vicious than the day, the year, the century before." The end was here. The great war had begun. I had been torn apart and remade, a marionette to dance over the coals of this world, stitched together by my tormentors. The great masters thought they could break me down and own me. They were wrong. I had won my freedom, my place in this world, my golden-eyed protector by my side. Until it happened again; the grim call of fate looking out at me through eyes of darkness, the great masters waiting with the power I needed, curses and promises in their hands. It was time to make another deal. It was time to play their game in earnest. Book 2 in the Tempest of Shadows series. Over 105,000 words. This is a slow burn with DARK themes, unwilling anti-heroes, and one hell of a kick-ass heroine woven through a rich fantasy setting.
