Immigration Practice guides readers through all aspects of immigration law in one volume, complete with over 3,000 footnote citations to the wide range of statutes, regulations, court and administrative cases, policy memos, operations instructions, agency interpretive letters, and internet sites that a lawyer needs for complete understanding of a particular problem. No other source merges the practical with commentary and analysis so helpfully. The book explains in understandable language and meaningful and dependable detail the substantive issues and the practical procedures a lawyer needs to handle a specific immigration matter, complete with checklists of forms, supporting evidence, and other strategies needed for application/petition packages. The book has unparalleled coherence, integration and consistency. * Liberally cross references to other sections in the book where related topics are discussed (because so many topics are interrelated). * Line-by-line instructions on how to complete the most commonly used forms to avoid embarrassing mistakes. * Lists the contents of packages to file with government agencies: forms and fees, detailed support letters, and other supporting evidence. * Explanations of potentially applicable visa options organized according to the attributes of the foreign national (and the employer), rather than classifications in alphabetical order, so that practitioners can make sense of options in light of the client in the office. * Comparisons and charts of attributes and procedures of such topics as nonimmigrant visa classifications, procedures to permanent residence, and standards of "extreme" hardship. * Citations throughout the book, and collection in the extensive CD-ROM Appendix, to primary source materials and the most useful Internet site URLs with explanation of the increasingly helpful free databases and tools available through each one. • Internet Links: Constantly increased and updated links to government web sites containing current contact information, forms, primary law sources of all types, case status information, and processing and substantive guides--all referenced by pinpoint citations in the text. See Chapter 5 explaining sources of law, Appendix C and D-1 showing web links, and the CD-ROM in the back cover providing one-click access! Readers are strongly encouraged to review and use the CD-ROM and to consider saving Appendix C, D-1, and E-1 into their hard drives or saving the links to their internet browser "favorites" or "bookmarks" for ready reference all the time. • Upgraded removal-related treatment: significant improvements to Chapters 10, 11, and 16 by attorney who has worked for immigration courts several years. • Supreme Court decisions: effects of limited marijuana distribution offense as aggravated felony (§ 10-6(b)(1)(vi)); tax offenses as aggravated felonies (§ 10-6(b)(1)(vi)); rejection of "comparable grounds rule" for 212(c) eligibility (§ 10-6(b)(1)(vii)); modified categorical approach applies only to divisible statutes (§ 10-6(b)(2)(i)); non-retroactivity of Padilla decision (§ 10-6(b)(2)(vi)); rejection of the "statutory counterpart rule" for § 212(c) waivers (§ 11-5(f)); invalidation of the Defense of Marriage Act § 14-7(a)(2)(i)); non-imputation to child of firm resettlement of parents (§ 16-4(c)). • Lower federal court decisions: concerning such issues as: recognizing a beneficiary to have standing to challenge a USCIS petition denial (§ 2-2(a)(1)(l)); reviewability of good moral character determinations and other (§ 2-2(a)(1)(l)); court order of USCIS to speed up FOIA certain responses (§ 4-2); CBP FOIA process (§ 4-2); DOL case disclosure data (§ 4-5); need to exhaust remedies under DHS TRIP to challenge inclusion on watch list (§ 10-3); CIMT crime determinations (§ 10-6(b)(1)(iii)); effect of a single firearm sale (§ 10-6(b)(1)(vi)); 212(h) waiver eligibility in regard to post-entry adjustment but not as to stand alone request (§ 10-6(b)(3)); interference with police helicopter using laser light as CIMT (§ 10-6(c)); whether post-entry adjustment is an admission for § 212(h) waivers (§ 10-6(b)(3)); whether there is an involuntariness or duress exception to the terrorism support bar (§ 10-6(c)); enforcement of I-864 financial support obligations (§ 10-6(d)(2)); mandatory bond hearing after six months of detention (§ 11-3(f)); ICE detainers found to lack authority (§ 11-3(g)); representation in immigration court at government expense for aliens with serious mental disabilities (§ 11-4(g)); stop-time and petty offense exceptions relating to cancellation of removal (§ 11-5(f)); revelation of the BIA's erroneous reliance for decades on nonexistent provisions of Mexican Constitution affecting legitimation issues (§ 12-3(d)(3)); rejection of BIA's rule against nunc pro tunc adoption orders (§ 14-7(b)(3)); invalidation of FSBPT efforts to restrict applicants from certain countries to sit for physical therapy exams (§ 15-2(c)(2)); use of impeachment evidence only to terminate asylum (16-2(b)); asylum claims of German homeschooled, and mixed motive cases (§ 16-4(a)(3)); social group asylum claims (§ 16-4(a)(3)); expansive implications of inconsistencies in testimony (§ 16-4(a)(4)); "particularly serious crimes" barring asylum claims (§ 16-4(c)); special asylum procedures for unaccompanied children (§ 16-4(c)); adjustment eligibility of alien who entered without inspection and then obtained TPS (§ 16-7(a)(6)); eligibility of after-acquired spouse under Cuban Adjustment Act (§ 16-7(e)); preempted state law provisions aimed at aliens, employers, and landlords (§ 19-4(l)(3)). • BIA decisions on such issues as: what constitutes a drug trafficking crime (§ 10-6(b)(1)(iv)); implications of child pornography conviction (§ 10-6(b)(1)(vi)); possession of ammunition by a convicted felon (§ 10-6(b)(1)(vi)); availability of "stand-alone" § 212(h) waiver without adjustment application (§ 10-6(b)(3)); service of NTA on a minor (§ 11-3(b)); service of NTA and other safeguards for aliens with serious mental conditions (§ 11-4(g)); approval of administrative closure of removal cases (§ 11-5(d)); termination of asylum, then removal and relief in proceedings (§ 16-2(b)); relocation issues in asylum claims (§ 16-4(a)(3)). • Regulations, government policy memorandums, other decisions, and government web site enhancements concerning such matters as: differing government renderings of single name for certain persons (§ 1-6(a)(3)); USCIS refusal to accept stamped signatures for attorneys on G-28 (§ 1-6(a)(3)); USCIS use of bar codes for forms, and danger of making marginal notes on forms (§ 1-6(a)(3)); USCIS use of customer-completed "e-Request Service" inquiries (§ 2-2(a)(1)(F)); movement of all visa processing to the electronic CEAC system (§ 2-3(a)); replacement of the CBP Inspectors Field Manual with the Officer's Reference Tool and the beginning effort to replace the USCIS Adjudicators Field Manual with the online Policy Manual (§ 5-4); replacement

Immigration Practice - 15th Edition American Bar Association

Microsoft Word has grown considerably in power, sophistication and capability over the past decade, but one thing that hasn't changed since the early '90s is its user interface. The simple toolbar in version 2.0 has been packed with so many features since then that few users know where to find them all. Consequently, more and more people are looking for "insider" tips that will allow them to use these advanced and often hidden features. Microsoft has addressed this problem in Word 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use. Unfortunately, Microsoft's documentation is as scant as ever, so even though you will be able to find advanced features, you might not know what to do with them. Word 2007: The Missing Manual, written specifically for this version of the software, explains basics like how to create documents, enter and edit text, format, print, and fax. You will also learn how to create sophisticated page layouts, insert forms and tables, use graphics, and create book-length documents with outlines and Master Documents. Coverage also includes how to share documents with other people and programs, create web pages, automate documents with fields, and automate tasks with macros and the Visual Basic scripting language. This book shows you how to do it all.
