creating a team-based professional development program that helps teachers individualize instruction  
Kodaly in the Kindergarten Classroom National Academies Press  
Since the mid-twentieth century, Zoltán Kodály's child-developmental philosophy for teaching music has had significant positive impact on music education around the world, and is now at the core of music teaching in the United States and other English speaking countries. Kodály in the Kindergarten Classroom is the first

comprehensive handbook to update and apply the Kodály concepts to teaching music in early childhood classrooms. Kodály in the Kindergarten Classroom provides teachers with a step-by-step road map for developing children's performance, creative movement, and literacy skills in an organic and thoughtful manner. Through six years of field-testing with music kindergarten teachers in the United States, Great Britain, and Hungary (the home country of Zoltán Kodály), authors Míchél Houlahan and Philip Tacka have developed a methodology specifically for 21st century classrooms. Houlahan and Tacka use the latest research

findings in cognition and perception to create a system not only appropriate for kindergarteners' particular developmental stages but also one which integrates vertically between kindergarten and elementary music classes. The methods outlined in this volume encourage greater musical ability and creativity in children by teaching kindergarteners to sing, move, play instruments, and develop music literacy skills. In addition, Kodály in the Kindergarten Classroom promotes critical thinking, problem solving, and collaboration skills. Although the book uses the Kodály philosophy, its methodology has

---

also been tested by teachers certified in Orff and Dalcroze, and has proven an essential guide for teachers no matter what their personal philosophy and specific training might be. Over 100 children's books are incorporated into Kodály in the Kindergarten Classroom, as well as 35 detailed lesson plans that demonstrate how music and literacy curriculum goals are transformed into tangible musical objectives. Scholarly yet practical and accessible, this volume is sure to be an essential guide for kindergarten and early childhood music teachers everywhere.

In a Fresh Look at Phonics,

Wiley Blevins, author of the blockbuster Phonics from A-Z, explains the 7 ingredients of phonics instruction that lead to the greatest student gains, based on two decades of research in classrooms. For each of these seven must-haves, Wiley shares lessons, routines, word lists, tips for ELL and advanced learners, and advice on pitfalls to avoid regarding pacing, decodable texts, transition time, and more. A Fresh Look at Phonics is the evidence-based solution you have been seeking that ensures all students develop a solid foundation for reading.

Understanding by Design ASCD  
This State-specific summary report serves as an assessment of Tennessee's Year 1 Race to the Top implementation, highlighting successes and accomplishments, identifying challenges, and providing lessons learned from implementation to date. Tennessee received its Race to the Top grant in July 2010 as part of the first round of the competition. Since receiving the award, the State has made progress implementing several initiatives, including integrating the First to the Top (FTTT) Act goals and objectives into daily operations, aiding the LEAs' transition to new Common Core State Standards (CCSS), and

---

designing and implementing a new educator evaluation system. The State is supporting LEAs in their transition to the CCSS by providing trainings, a crosswalk between the existing State standards and the CCSS, and pacing guides to help connect the new standards to professional growth. Over the past year, TDOE provided introductory training to more than 4,000 educators statewide on the CCSS. Additionally, most of the State's LEAs are voluntarily implementing the CCSS standards in kindergarten through second grade in school year (SY) 2011-2012. Tennessee encountered some impediments to the implementation of its Race to

the Top plan during the first year of the grant. After winning its Race to the Top award, Tennessee elected a new Governor who then appointed a new Commissioner of Education. Although the new Governor collaborated with TDOE staff prior to taking office, and both he and his new Commissioner are committed to education reform, the transition to new leadership was not seamless. The time required to fill key leadership positions impacted both TDOE's project timelines and its capacity to support LEAs. TDOE also experienced turnover within the assessment, data systems, and educator evaluation offices. During the summer of 2011, the

Commissioner engaged in a strategic planning process and is considering how to fill vacancies and hire additional staff at TDOE in alignment with the agency's key priorities needed to drive student achievement at the classroom level. Tennessee learned valuable lessons during the first year of Race to the Top that will inform TDOE as it continues to foster supportive relationships with LEAs and schools. In Year 1, the State offered guidance, trainings, and in-person support to LEAs and schools on several Race to the Top initiatives, including TVAAS, the CCSS, and the TAP observation rubric. The guidance and resources provided by the State built stronger relationships

---

with LEAs to ensure successful implementation of many foundational Race to the Top initiatives in Year 1. A Glossary is included. (Contains 13 footnotes.) [For the parent report, "Race to the Top Annual Performance Report," see ED529267. For the full report, "Race to the Top. Tennessee. State-Reported APR: Year One", see ED529329].

### Answer Keys Multilingual Matters

In this hilarious children's book, a cat who refuses to take a bath learns important lessons about personal responsibility. Pippin the cat won't take a bath. And

since he refuses to wash himself, all kinds of funny (and stinky!) things start happening to him. In fun and lighthearted situations, Pippin learns that his actions not only affect himself, but others, too. Will his parents and classmates get him to change his mind? Pippin No Lickin' teaches children lessons about personal responsibility and the importance of listening to parents for their own health and safety. Pippin's adventures even teach colors to very young readers along

the way! Parents and children alike will enjoy this tale featuring the charming and memorable cat, Pippin. Early Childhood Environment Rating Scale (ECERS-3) Kagan Cooperative Learning Answer Keys is a practical and authentic guide to parenting that was born out of the authors' love of parenting and their passion for teaching. This book offers parents something that is missing from other parenting books: honest, insightful, and informative parenting techniques offered through the diverse voices of four mothers who were

---

teachers too. Answer Keys cuts to the chase, consolidates the research, and gives parents the tools to put the joy back into parenting

### An Instructional Plan for Kindergarten Through Grade 6 Penguin

The long-anticipated new version of the internationally recognized Early Childhood Environment Rating Scale®, ECERS-3, focuses on the full range of needs of preschool- and kindergarten-aged children. This widely used, comprehensive assessment tool measures

both environmental provisions and teacher-child interactions that affect the broad developmental needs of young children, including: Cognitive Social-emotional Physical Health and safety ECERS-3 also includes additional Items assessing developmentally appropriate literacy and math activities. Designed for preschool, kindergarten, and child care classrooms serving children 3 through 5 years of age, ECERS-3: Provides a smooth transition for those already using ECERS-R. Emphasizes

the role of the teacher in creating an environment conducive to developmental gains. Is designed to predict child outcomes more accurately and with greater precision. Provides a stronger method of distinguishing between good and truly excellent programs. Offers a complete training program with ongoing support available at the Environment Rating Scales Institute (ERSI) website ([www.ersi.info](http://www.ersi.info)). ECERS-3 is appropriate for state and district-wide QRIS and

---

continuous improvement; program evaluation by directors and supervisors; teacher self-evaluation; monitoring by agency staff; and teacher education. The established reliability and long term evidence of validity of the ERS family of instruments make this new version of ECERS particularly useful for RTTT-ELC accountability and research. Suitable for use in inclusive and culturally diverse programs, ECERS-3 subscales evaluate: Space and Furnishings Personal Care

This thesis describes a standards-based pre-kindergarten mathematics curriculum. The purpose of this thesis was to create a series of original lesson plans for the pre-kindergarten classroom that would address defined standards with instructional and other materials appropriate for teaching and assessing student understanding of the concepts.

The curriculum is based on standards set forth by the National Council of Teachers of Mathematics and the Virginia Department of Education's Foundation Blocks for Early Learning. The body of the work introduces the foundation for the thesis with theoretical underpinning, defines the content strands and learning objectives, establishes a pacing schedule for meeting the objectives, and includes lessons for thirty weeks of instruction. Included in the appendices are parental newsletters, black line masters, literature and technology resources, and a

---

student assessment.

Self-Determination Pearson  
College Division

Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning.

Despite the fact that they share the same objective - to nurture young children and secure their future success - the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a

workforce unified by the common knowledge and competencies needed to do their jobs well.

*Transforming the Workforce for Children Birth Through Age 8* explores the science of child development, particularly looking at implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional

practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress. *Transforming the Workforce for Children Birth Through Age 8* offers guidance on

---

system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive, and ultimately improve outcomes for children.

Big Ideas Math Corwin Press  
OVER HALF A MILLION  
COPIES SOLD! Winner of the  
E.B. White Read Aloud Award It  
started the summer of 2002, when  
the Springfield librarian, Molly

McGrew, by mistake drove her bookmobile into the zoo. In this rollicking rhymed story, Molly introduces birds and beasts to this new something called reading. She finds the perfect book for every animal—tall books for giraffes, tiny ones for crickets. “ She even found waterproof books for the otter, who never went swimming without Harry Potter. ” In no time at all, Molly has them “ forsaking their niches, their nests, and their nooks, ” going “ wild, simply wild, about wonderful books. ” Judy Sierra ’ s funny animal tale coupled with Marc Brown ’ s lush, fanciful paintings will have the same effect on young Homo sapiens. Altogether, it ’ s more fun

than a barrel of monkeys!  
Instructional and Assessment Strategies Prentice Hall  
Dual language education is a program that combines language minority and language majority students for instruction through two languages. This book provides the conceptual background for the program and discusses major implementation issues. Research findings summarize language proficiency and achievement outcomes from 8000 students at 20 schools, along with teacher and parent attitudes.

## James Publishing

At first, Trisha loves school, but her difficulty learning to read makes her feel dumb, until, in the fifth grade, a new teacher helps her understand and overcome her problem.

Thank You, Mr. Falker National Academies Press

Here are 51 easy-to-use, classroom-tested alternatives to the "stand and deliver" teaching techniques that cause so many students to tune out or drop out. Teachers report that these techniques motivate students to participate in learning, as they build confidence and are supported by compelling and safe ways to demonstrate their

knowledge and understanding of lessons. Refined through years of classroom experiences and supported by updated research, this 2nd edition delivers a dozen new techniques to engage K – 12 students in active learning. The authors provide detailed descriptions of the Total Participation Techniques (TPTs) with step-by-step instructions--plus reproducible blackline masters for student response cards as well as posters to remind you to use the techniques. They also suggest how you can adapt and personalize the techniques to fit your context and content. Packed with examples from authentic classrooms, Total Participation Techniques is an essential toolkit for teachers who

want to present lessons that are relevant, engaging, and cognitively challenging. P é rsida Himmele and William Himmele are professors who regularly work with preservice teachers and consult with educators in U.S. and international schools. They are also the authors of Total Literacy Techniques.

Teachers' Lesson Plans for Successful Parenting Teachers College Press

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

Responding to the Needs of All Learners John Wiley & Sons  
United States History & Geography explores the history of our nation and brings the past to life for today's high school students. The program's robust, interactive rigor includes a strong emphasis on biographies and primary sources, document-based questions, critical thinking and building historical understanding, as well as developing close reading skills. ISBN Copy Trusted, renowned authorship

presents the history of the United States in a streamlined print Student Edition built around Essential Questions developed using the Understanding by Design® instructional approach. Includes Print Student Edition SCS-CI. Human Kinetics Abstract: Divided into sections by grade level, the instructional guide lists nutrition topics related to Tennessee's nutrition education goals, cognitive, affective, and behavioral objectives needed to achieve the goals, subject matter into which goals may be integrated and a priority rating for inclusion of the topic in the curriculum. Pre-instruction

assessment activities help the teacher determine the food- and nutrition-related knowledge, attitudes and behavior the children already possess. Lesson plans for each topic include background content information for the teacher, activities which can be integrated into traditional subject matter areas, evaluation techniques and additional resources available. The appendices include an annotated resource guide and an educational materials evaluation instrument. (js).
