The material in the book is designed to be of help to several groups: the experienced native speaker seeking a possible new approach to add to his armoury, the novice teacher, who speaks English with native speaker intuition, but has not yet fully analysed what it is that she does know, or why she says what she says, and also the non-native EFL teacher abroad, who speaks English excellently, and yet wishes to understand the subtler differences in usage and idiom which the native speaker takes for granted.
