Mad Max: Fury Road meets

Frozen in this striking YA fantasy about a rig driver's journey to save her friend Twice-orphaned Sylvi has chipped out a niche for herself on Layce, an island cursed by eternal winter. Alone in her truck, she takes comfort in two things: the solitude of the roads and the favor of Winter, an icy spirit who has protected her since she was a child. Sylvi likes the road, where no one asks who her parents were or what she thinks of the rebels in the north. But when her best friend, Lenore, runs off with the rebels, Sylvi must make a haul too late in the season for a smuggler she wouldn't normally work with, the infamous Mars Dresden. Alongside his team—Hyla, a giant warrior woman and Kyn, a boy with skin like stone—Sylvi will do whatever it takes to save her friend.

But when the time comes, she'll have to choose: safety, anonymity, and the favor of Winter—or the future of the island that she calls home.

This report show, most of the destruction in Rafah occurred along the Israel-controlled border between the Gaza Strip and Egypt. During regular nighttime raids and with little or no warning, Israel forces used armored caterpillar D9 bulldozers to raze blocks of homes at the edge of the camp, incrementally expanding a

"buffer zone" that is currently up to three hundred meters wide. The pattern of destruction strongly suggests that Israeli forces demolished homes wholesale, regardless of whether they posed a specific threat, in violation of international law. In most cases Human Rights Watch found the destruction carried out in the absence of military necessity.
