The Coastal Zone Life

Among the Edge Steck-

Vaughn

The city of Terra Nova
was founded on a lie:
that the spirits who
cross over from the

spirit world are evil
and must be captured
for the safety of
humanity. But Molly
Stout and her family
have learned that the
spirits are thinking,
feeling beings,
enslaved to enrich the
wealthy, especially the
spirit-harvesting
company Haviland
Industries and its
founder, Charles
Arkwright. With the
help of her family and
the aetheric spirits
Ariel and Legerdemain,
Molly has been fighting
to free the spirits.
But Terra Nova runs on

spiritual machinery,
and for each factory
they shut down, another
takes its place. As
Haviland Industries and
the authorities of
Terra Nova tighten
their nets around
Molly, she begins to
question whether she is
really making any
difference or if her
rebellion puts people
and spirits at risk.
Terra Nova is the
sequel to Dominion.

This popular book
shows students how to
increase their power
to analyze problems
and comprehend what
they read using the
Think Aloud Pair
Problem Solving
[TAPPS] method. First

it outlines and
illustrates the method
that good problem
solvers use in
attacking complex
ideas. Then it provides
practice in applying
this method to a
variety of
comprehension and
reasoning questions,
presented in easy-to-
follow steps. As
students work through
the book they will see
a steady improvement in
their analytical
thinking skills and
become smarter, more
effective, and more
confident problem

solvers. Not only can
using the TAPPS method
assist students in
achieving higher scores
on tests commonly used
for college and job
selection, it teaches
that problem solving
can be fun and social,
and that intelligence
can be taught. Changes
in the Seventh Edition:
New chapter on "open-
ended" problem solving
that includes inductive
and deductive
reasoning; extended
recommendations to
teachers, parents, and
