"I was the Miracle Boy, once upon a time. Later on, the Milford Mute. The Golden Boy. The Young Ghost. The Kid. The Boxman. The Lock Artist. That was all me. But you can call me Mike." Marked by tragedy, traumatized at the age of eight, Michael, now eighteen, is no ordinary young man. Besides not uttering a single word in ten years, he discovers the one thing he can somehow do better than anyone else. Whether it's a locked door without a key, a padlock with no combination, or even an eight-hundred pound safe ... he can open them all. It's an unforgivable talent. A talent that will make young Michael a hot commodity with the wrong people and, whether he likes it or not, push him ever close to a life of crime. Until he finally sees his chance to escape, and with one desperate gamble risks everything to come back home to the only person he ever loved, and to unlock the secret that has kept him silent for so long. Steve Hamilton steps away from his Edgar Award-winning Alex McKnight series to introduce a unique new character, unlike anyone you've ever seen in the world of crime fiction. The Lock Artist is the winner of the 2011 Edgar Award for Best Novel.

A spectacularly dark and electrifying novel about addiction, religion, music and what might exist on the other side of life. In a small New England town, in the early 60s, a shadow falls over a small boy playing with his toy soldiers. Jamie Morton looks up to see a striking man, the new minister, Charles Jacobs. Soon they forge a deep bond, based on their fascination with simple experiments in electricity. Decades later, Jamie is living a nomadic lifestyle of bar-band rock and roll. Now an addict, he sees Jacobs again - a showman on stage, creating dazzling 'portraits in lightning' - and their meeting has profound consequences for both men. Their bond becomes a pact beyond even the Devil's devising, and Jamie discovers that revival has many meanings. This rich and disturbing novel spans five decades on its way to the most terrifying conclusion Stephen King has ever written. It's a masterpiece from King, in the great American tradition of Nathaniel Hawthorne and Edgar Allan Poe.

Suddenly projected to Mars, John Carter found himself captive of the savage green men of Thark. With him was Dejah Thoris, lovely Princess of Helium. And between them and rescue lay a thousand miles of deadly enemies and unknown dangers. The green warrior decided to close in and end the battle; just as he rushed me, a blinding light struck full in my eyes, so that I could not see Zad's approach and could only leap blindly to one side to avoid his mighty blade. It caught me in

the left shoulder; but as my vision cleared a sight met my astonished gaze that almost made me forget the fight. Standing on her chariot with Sola and Sarkoja, my beloved Dejah Thoris turned on Sarkoja with the fury of a tigress and struck something that flashed in the sunlight from her upraised hand. Then I knew what had blinded me at that crucial moment, and how Sarkoja had found a way to kill me without herself delivering the final thrust! Sarkoja, her face livid with baffled rage, whipped out her dagger and aimed a terrific blow at Dejah Thoris—and Zad was once more advancing on me with reddened blade. I felt the steel tear into my chest and all went black before me. . . .

At the end of that novel Tarzan learns that her death was a ruse, that she had not been killed at all.In attempting to track Jane, Tarzan has come to a hidden valley called Pal-ul-don filled with dinosaurs, notably the savage Triceratops-like Gryfs, which, unlike their prehistoric counterparts, are omnivorous and stand 20 feet tall at the shoulder. The lost valley is also home to two different adversarial races of tailed human-looking creatures: the hairless and white skinned, city-dwelling Ho-don and the hairy and black-skinned, hill-dwelling Waz-don. Tarzan befriends a Ho-don warrior, and the Waz-don chief, actuating some uncustomary relations. In this new world Tarzan becomes a captive but so impresses his captors with his accomplishments and skills that they name him "Tarzan-Jad-Guru" (Tarzan the Terrible).Having been brought there by her German captor, it turns out Jane is also being held captive in Pal-ul-don. She becomes a center-piecer in a religious power struggle that consumes much of the novel until she escapes, after which her German captor becomes dependent on her due to his own lack of jungle survival skills.With the aid of his native allies, Tarzan continues to pursue his beloved, going through an extended series of fights and escapes to do so. In the end success seems beyond even his ability to achieve, until in the final chapter he and Jane are saved by their son Korak, who has been searching for Tarzan just as Tarzan has been searching for Jane.

Master of Horror Stephen King's terrifying sequel to *The Shining*—an instant #1New York Times bestseller about the now middle-aged Dan Torrance (the boy protagonist of*The Shining*) and the very special twelve-year-old girl whom he must save from a tribe of murderous paranormals. On highways across America, a tribe of people called the True Knot travel in search of sustenance. They look harmless—mostly old, lots of polyester, and married to their RVs. But as Dan Torrance knows, and spunky twelve-year-old Abra Stone learns, the True Knot are quasi-immortal, living off the steam that children with the shining produce when they are slowly tortured to death. Haunted by the inhabitants of the Overlook Hotel, where he spent one horrific childhood year, Dan has been drifting for decades, desperate to shed his father's legacy of despair, alcoholism, and violence. Finally, he settles in a New Hampshire town, an AA community that sustains him, and a job at a nursing home where his remnant shining power provides the crucial final comfort to the dying. Aided by a prescient cat, he becomes “ Doctor Sleep. ” Then Dan meets the evanescent Abra Stone, and it is her spectacular gift, the brightest shining ever seen, that reignites Dan's own demons and summons him to a battle for Abra's soul and survival. This is an epic war between good and evil, a gory, glorious story that will thrill the millions of devoted readers of *The Shining* and satisfy anyone new to this icon in the King canon.

Into this broken city steps Shara Thivani. Officially, the unassuming young woman is just another junior diplomat sent by Bulikov's oppressors. Unofficially, she is one of her country's most accomplished spies, dispatched to catch a murderer. But as Shara pursues the killer, she starts to suspect that the beings who ruled this terrible place may not be as dead as they seem—and that Bulikov's cruel reign may not yet be over.
