The Global Theological Ethics book series focuses on works that feature authors from around the world, draw on resources from the traditions of Catholic Theological Ethics, and attend to concrete issues facing the world today.

Rough Stock Valetti This unconventional and lighthearted introduction to the ideas of the major Western philosophers examines *The Simpsons* – TV's favorite animated family. The authors look beyond the jokes, the crudeness, the attacks on society – and see a clever

display of irony, social criticism, and philosophical thought. The writers begin with an examination of the characters. Does Homer actually display Aristotle's virtues of character? In what way does Bart exemplify American pragmatism? The book also examines the ethics and themes of the show, and concludes with discussions of how the series reflects the work of Aristotle, Marx, Camus, Sartre, and other thinkers. *The Lineman's and Cableman's Field Manual* Tex The latest "entertaining," "tangy," and "hilarious" Jack Daniels mystery from Anthony, Macavity, and Gumshoe Award finalist J.A. Konrath In *Whiskey Sour*, Chicago police Lieutenant

Jacqueline "Jack" Daniels hunted down a killer dubbed "The Gingerbread Man." In *Bloody Mary*, she busted a psychopath with a penchant for dismemberment. In *Rusty Nail*, it was a serial killer with a doozy of a family tree. And now, in *Dirty Martini*, Jack faces her toughest adversary yet: a sicko who's poisoning the city's food supply. Can she catch him -- and decide whether to accept boyfriend Latham's surprise proposal -- without destroying both her reputation and her sanity

Jack "Preacher" Prior is at a crossroads -- literally. Left for dead in the Badlands, he's managed to survive. He's stolen a truck, but where can he go? Body broken, mind reeling from betrayal from his own MC brothers, he knows he won't last a day back in Rapid City in his current condition. Two roads stretch out in front of him. One leads to the city and one deep into the black hills where no one knows him as the former President of the Badlands Buzzards. Revenge is not a question; it's an absolute. Preacher will get his due soon enough or die trying. Erin Walker is at a crossroads of her own. Dealt a bad hand by being the daughter of Buck Walker, ex-Rodeo Champ, she's made her own way in the world without his help. She owns Thunder Ridge Ranch outright, and she's carved out a piece of paradise for herself with her own two hands. She's not giving it up without a fight, but she's alone in the world with no one to trust. In Erin, Preacher finds something that doesn't exist in his own world: a smart, fierce independent woman who sets his blood on fire. For Erin, the mysterious man who threatens her life

might very well be the only one who can save it. Can Preacher put aside his desire for revenge against his old MC and accept what's in front of him: a woman who needs him and a future worth having? Erin knows in her heart that Preacher is a bad, dangerous man, but can she trust him anyway? Not every choice is theirs to make, though, and in Rapid City the past never stays buried.

Doc Createspace Independent Publishing Platform A string of suspicious deaths near a small Michigan town ends with a fall that claims the life of Emma Gentry ' s boyfriend, Daniel. Emma is broken, a hollow shell mechanically moving through her

days. She and Daniel had been made for each other, complete only when they were together. Now she restlessly wanders the town in the late Fall gloom, haunting the cemetery and its white-marbled tombs, feeling Daniel everywhere, his spectre in the moonlight and the fog. When she encounters newcomer Alex Franks, only son of a renowned widowed surgeon, she's intrigued despite herself. He's an enigma, melting into shadows, preferring to keep to himself. But he is as drawn to her as she is to him. He is strangely...familiar. From the way he knows how to open her locker when it sticks, to the nickname she shared only with Daniel, even his hazel eyes with brown flecks are just like Daniel's. The closer they become, though, the more something inside her screams there's something very wrong with Alex Franks. From the Trade Paperback edition.

Love is like an avalanche. It hits hard, fast and without mercy. At least it did for me when Sculpt, the lead singer of the rock band Tear Asunder knocked me off my feet.

Literally, because he's also a fighter, illegally of course, and he taught me how to fight. He also taught me how to love and I fell hard for him. I mean the guy could do sweet, when he wasn't doing bossy, and I like sweet. Then it all shattered.

Kidnapped. Starved. Beaten. I was alone and fighting to survive. When I heard Sculpt's voice, I thought he was there to

save me. I was wrong.

This yearbook is a project of the Consortium for Educational Development, Evaluation and Research (CEDER), the research and development arm of the College of Education and Human Development at Texas A&M University-Corpus Christi. With this edition of the CEDER Yearbook, the editors wished to support student researchers as emerging scholars. Participating in research projects entails many benefits for students, including the onboarding of new teaching methods and strategies, becoming a reflective practitioner, engaging in a different model of professional learning, learning how to behave like a researcher, improving writing skills, and pursuing further degrees.
Collaboration between faculty members and students (often teacher or pre-service teacher researchers) is critical (Brew,

2013; Johnson, 2000; Ries, 2018). Strickland (1988) posits that teacher researchers need to be engaged in every step of the research process and allowed to take ownership of the work. It should be thought of as helping to create lifelong researchers, for "if students are properly trained, prepared, and supervised, the student-faculty collaboration can be a memorable and successful experience. It may even inspire the career goal of a future professor or two" (Fenn, 2010, p. 259). The call for proposals asked for empirical, conceptual and theoretical contributions to the area of research conducted by students. Personal Perspectives and Research Focus of students include the following categories: Culture, International Students, Men of Color, Teaching, Doctoral Students, Latino/a Culture, STEM, LBGTQ, Policy and Administration, Student Faculty, and Curriculum. The intended audience for this yearbook includes educators, decision-makers, policymakers, and leaders within faculty and student development programs as well as international student departments. A call for proposals was issued to a variety of universities and professional organizations. Two hundred and sixty-four articles from a total of 217 authors representing 72 universities were submitted. Those blinded articles were distributed to a panel of reviewers. Each article was seen by two reviewers and the editors of the yearbook. The editorial team selected 21 articles for inclusion in this yearbook. Austin Barlow took a chance on a tapped out mine next to his family's ranch and now he's reaping the rewards in ways no one predicted. Austin's Folly is the talk of the state and he's pleased his brothers are being forced to eat crow. He's accepting an award at a swanky hotel in the Grand Tetons for his efforts. The alcohol and accolades are flowing freely when a frisky filly with a ridiculously dirty mouth offers to throw a saddle on him and ride him hard. She's obviously in over her head and it's adorable. Of course he'll take her up on her offer. You only live once, right? In the morning he'll be back at the Folly, and away from civilization for a while, so getting tangled in the hotel sheets with a pretty girl is just what he needs. Leah Pierce has a new lease on life and she's grabbing the bull by the... horns. In town for a friend's wedding and spurred by bachelorette party hijinks, she stumbles into the hotel bar on uncomfortably high heels, looking for a set of cowboy boots. The pair she spots are on the sexiest man she's ever laid eyes on. With a little boost from her friend "Jack" she works up the courage to ask him to come up to her room. The sex is incredible, the night unforgettable, even through the whiskey-soaked haze. In the morning Leah's crossed off another item on her Reverse Bucket List--and gotten a souvenir to boot--which is cause for concern. She needs to find her dreamy dude--and fast--even though she only got a first name. Austin is stunned when his green broke little filly shows up at Snake River looking for him. She's got a newspaper tucked under her arm

sporting his photo with a headline that reads "Wyoming Wild Man Works Wonders," but if she thinks she can snag herself a piece of the empire he and his brothers are rebuilding, she's got another thing coming.

"Undergraduate research is often conflated with standard end-of-semester research papers, featuring APA style bibliographies and a certain number of sources. But in fact, undergraduate research is one of several high-impact educational practices identified by George Kuh and the Association of American Colleges & Universities, and is increasingly seen as a vital part of the undergraduate experience. Research helps students connect the dots between their interests, general education courses, writing requirements, and major coursework, and increases learning, retention, enrollment in graduate education, and engagement in future work. In 25 chapters featuring 60 expert contributors, *Undergraduate Research and the Academic Librarian* examines how the structures that undergird undergraduate research, such as the library, can become part of the core infrastructure of the undergraduate experience. It explores the strategic new services and cross-departmental collaborations academic libraries are creating to support research: publishing

services, such as institutional repositories and undergraduate research journals; data services; copyright services; poster printing and design; specialized space; digital scholarship services; awards; and much more. These programs can be from any discipline, can be interdisciplinary, can be any high-impact format, and can reflect upon an institution's own history, traditions, and tensions. As higher education becomes more competitive--for dollars, for students, for grant money, for resources in general--institutions will need to increase their development of programs that provide the experiential and deep learning, and increased engagement, that research provides. The scholarly and extracurricular experiences of college are increasingly becoming a major part of marketing college education. Beyond the one-shot, beyond course-integrated instruction, *Undergraduate Research and the Academic Librarian* is a detailed guide to how librarians can help students go beyond a foundation of information literacy toward advanced research and information management skills"--provided by publisher.
