[Better Food for Dogs](#) Harlequin

Hugo Pratt, hailed as the "inventor of the literary comic strip," offers an provocative story whose protagonist is a seemingly wanton murderer, driven by a religious obsession with the absolute. First English language edition. Set in Canada around 1920 this provocative story deals with complex moral choices. Jesuit Joe, the protagonist, is of French-Canadian and Mohawk origin and is engaged in an obsessive religious search for the absolute, as he moves through the snowy wastelands of the region. He wears the red jacket of the Canadian Mounties that he found in a hut--which gives rise to a series of misunderstandings when he is mistaken for a member of the Canadian Mounted Police. His actions highlight his unusual ethical code and his disturbing and complex personality. He kills with terrible ease and shows an unmatched cruelty and ferocity, yet his mood suddenly shifts and he performs unexpected acts of kindness and compassion. All the while, he is tracked by his nemesis, Sergeant Fox, whose mission is to capture Jesuit Joe and bring him to justice. This is the first English language edition of Pratt's 1980 classic, and includes an incomplete second story of Jesuit Joe, plus Pratt's storyboards drawn for the movie version.

[Konflikt '47: Resurgence](#) Penguin

A richly illustrated celebration of the best in traditional American cookery presents a host of favorite recipes for such classic dishes as Maryland Crab Dip, Southern Fried Chicken, New England Clam Chowder, Bear Mountain Butternut Soup, Boston Creme Pie, Barbecued Pulled Pork, Huevos Rancheros, and Egg Foo Yong, accompanied by historical sidebars on the history of American cuisine.

[An Anthology](#) Open Road Media

A history of the Korean War with soldier's-eye views from both sides, by the Pulitzer Prize-winning author of *The Rising Sun and Infamy*. Pulitzer Prize-winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao's direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. In *Mortal Combat* is comprehensive in its discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao's prediction of

MacArthur's Inchon invasion. Toland's account of the "forgotten war" is a must-read for any history aficionado.

[A History of Terrorism](#) Independently Published
Vertical Readings in Dante's Comedy is a reappraisal of the poem by an international team of thirty-four scholars. Each vertical reading analyses three same-numbered cantos from the three canticles: Inferno i, Purgatorio i and Paradiso i; Inferno ii, Purgatorio ii and Paradiso ii; etc. Although scholars have suggested before that there are correspondences between same-numbered cantos that beg to be explored, this is the first time that the approach has been pursued in a systematic fashion across the poem. This collection – to be issued in three volumes – offers an unprecedented repertoire of vertical readings for the whole poem. As the first volume exemplifies, vertical reading not only articulates unexamined connections between the three canticles but also unlocks engaging new ways to enter into core concerns of the poem. The three volumes thereby provide an indispensable resource for scholars, students and enthusiasts of Dante. The volume has its origin in a series of thirty-three public lectures held in Trinity College, the University of Cambridge (2012-2016) which can be accessed at the 'Cambridge Vertical Readings in Dante's Comedy' website.

[Il Bimestre Amagi](#)

Las Vegas...it's the town that lives up to the promise of its nickname, Sin City. A gamblers' paradise for innocent tourists, it conceals a darker, sexual world where the ethereal and wraithlike meet to play a different game... If there's one thing succubus Deitre understands it's revenge. That, and enticing men into arousing, exciting and, okay, perilous sex (for him). Beautiful on the outside, demon on the inside, she's going to get back at the naughty firefighter in Darkness...unless he plays his cards right... Bounty hunter Nell is a hell of a tracker. Now she's in Vegas on the tail of the witch who dared to steal from her clan. She's going to get to the unsavory harlot through the woman's ex-fiancé, and nothing about their charged encounters will be shallow, quick or friendly. When the half-blood fae male comes to club Darkness, Elena can't resist acting on the mind-blowing heat coursing between them. She might be betrothed to another, but fae culture says sex with other men until marriage is most definitely foretold. Tattoo artist Devi is the latent vampire the warlocks need to heal all wounds. But taking her power is a sexually exhausting and dangerous task requiring dark deception...and gambling on her life.

[Earth Bound](#) Rizzoli Publications

"1857. Texas. A group of death row criminals is recruited by a priest for a suicide mission into Comancheria. Led by an outlaw with a bloody past, this deadly crew embarks on an action-packed adventure in this bold new vision of the American West." --back cover.

Volume 1 Bloomsbury Publishing

France's leading nutritionist Dr. Jean-Michel Cohen pinpoints why you struggle with weight loss diets and offers a plan for achieving your ideal weight while embracing life's pleasures. Dr. Jean-Michel Cohen, France's most popular dietician, has helped over two million patients worldwide reach their ideal weight and stabilize long term, all while savoring healthy, balanced meals. His progressive three-step weight loss plan includes 325 easy-to-prepare recipes, helpful hints, and practical checklists to get the weight off and keep it off. Strongly opposed to "extreme" diets and the inevitable weight gain that ensues, Dr. Cohen proposes a holistic approach that addresses the physical, psychological, and cultural factors that impact our ability to control our relationship with food. Once we understand our behavior, it's easy and rewarding to see the pounds melt away. His diet proposes food substitutions to adapt recipes to your personal preferences and allows you to indulge in the occasional craving as long as you compensate beforehand and afterwards. With Dr. Cohen's foolproof supermarket tactics and the diet's inherent flexibility, you'll find it easy to continue until you reach your goal weight, losing up to 30 pounds in three months. The simple, delicious, and satisfying menus offer a wide variety of choice, and emphasize the

best-practices of the French way of eating, from using fresh produce, to balancing your intake throughout the day, to the pacing of mealtimes. The Parisian Diet is not a flash-in-the-pan diet, it's a new approach to food and a way to celebrate life, helping you look and feel your best.

"A can't-put-it-down modern Western." —Kirk Siegler, NPR
Longlisted for the PEN/ESPN Award for Literary Sports Writing
The Last Cowboys is Pulitzer Prize-winning reporter John Branch's epic tale of one American family struggling to hold on to the fading vestiges of the Old West. For generations, the Wrights of southern Utah have raised cattle and world-champion saddle-bronc riders—many call them the most successful rodeo family in history. Now they find themselves fighting to save their land and livelihood as the West is transformed by urbanization, battered by drought, and rearranged by public-land disputes. Could rodeo, of all things, be the answer? Written with great lyricism and filled with vivid scenes of heartache and broken bones, *The Last Cowboys* is a powerful testament to the grit and integrity that fuel the American Dream.

[In Mortal Combat](#) Transaction Publishers

Assassinations, bombings, hijackings, diplomatic kidnappings-terrorism is the most publicized form of political violence. The history of terrorism goes back a very long time, but the very fact that there is such a history has frequently been ignored, even suppressed. This may be because terrorism has not appeared with equal intensity at all times. When terrorism reappeared in the late twentieth century after a period of relative calm, there was the tendency to regard it as a new phenomenon, without precedent. The psychological study of terrorism has never been much in fashion. But this neglect has left a number of crucial questions unanswered. Among these are why some people who share the same convictions turn to terrorism and others do not. What is terrorism's true impact on international politics? What influence might it exert in the future? *A History of Terrorism* completes Walter Laqueur's pioneering and authoritative study of guerilla warfare and terrorist activity. He charts the history of political terror from nineteenth-century Europe, through the anarchists of the 1880s and 1890s, the left- and right-wing clashes during the twentieth century, and the multinational operations of Arab and other groups today. Laqueur examines the sociology of terrorism: funding, intelligence gathering, weapons and tactics, informers and countermeasures, and the crucial role of the media. He probes the "terrorist personality" and how terrorists have been depicted in literature and films. The doctrine of systematic terrorism and current interpretations of terrorism, its common patterns, motives, and aims, are unflinchingly faced and clearly explicated. Finally, Laqueur considers the effectiveness of terrorism and examines the ominous possibility of nuclear blackmail. Challenging accepted assumptions, forecasting the changes in terrorist activity that will affect tomorrow's headlines, Walter Laqueur demystifies terrorism without belittling its importance. Together with its companion volume, *Guerrilla Warfare*, also available from Transaction, *A History of Terrorism* is an essential tool for assessing and understanding this all-too-often sensationalized modern expression of extreme political action.

Machinima For Dummies Dakota of the White Flats

Are morals always relative? Are private actions--among consenting adults--always beyond the law? Or are there some behaviors which so weaken a society that common beliefs about right and wrong must be enforced to protect the common good? In opposing the decriminalization of private acts of homosexuality in Britain, Patrick Devlin maintained that not only is it reasonable to allow popular morality to influence lawmaking, it is imperative: ". . . For a society is not something that is kept together physically; it is held by the invisible bonds of common thought." Some sidestep this controversial issue by asserting that the law should not be used to enforce any morality. Others invoke John Stuart Mill's doctrine that the only purpose for laws governing any member of society is to prevent harm to others, chiefly physical harm. But, Devlin argued, while breaches of shared morality do not cause harm to other individuals in the way that murder and assault do, they do harm society by undermining its moral structure. Patrick Devlin (1905-1992) studied history and law at Cambridge University and became a successful lawyer.

The Man from the Great North Simon and Schuster

The follow-up to the hugely popular All the Buildings in New York, this is a charmingly illustrated journey through London, one building at a time. All the Buildings in London is a love letter to London, told through James Gulliver Hancock 's unique and charming drawings of the city 's diverse architectural styles and streetscapes. Hancock 's offbeat drawing style gives a sense of whimsical and delightful fun to his illustrations, while perfectly capturing each building 's architectural details. This unusual combination of the artistic and the technical presents London 's cityscape like never before. The book includes such beloved iconic buildings as St. Paul 's Cathedral and Buckingham Palace; the latest modern landmarks, such as the Shard and the London Eye; celebrated cultural institutions, such as the British Museum and Tate Modern; and other notable attractions, such as Piccadilly Circus and Trafalgar Square, as well as the bridges and docks along the river Thames. Also featured are the everyday buildings that may not be famous but whose stylishness or eccentricity make up an important part of London and its architectural landscape. Londoners and tourists alike will savor this volume that uniquely celebrates the energy, spirit, and history of one of the greatest cities in the world.
