Feminist Biblical Interpretation Schocken

Reading the Women of the Bible takes up two of the most significant intellectual and religious issues of our day: the experiences of women in a patriarchal society and the relevance of the Bible to modern life.

1 Samuel NYU Press

This book offers a transnational feminist response to the gender politics of torture and terror from the viewpoint of populations of color who have come to be associated with acts of terror. Using the War on Terror in Afghanistan and Iraq, this book revisits other such racialized wars in Palestine, Guatemala, India, Algeria, and South Africa. It draws widely on postcolonial literature, photography, films, music, interdisciplinary arts, media/new media, and activism, joining the larger conversation about human rights by addressing the problem of a pervasive public misunderstanding of terrorism conditioned by a foreign and domestic policy perspective. Deb provides an alternative understanding of terrorism as revolutionary dissent against injustice through a postcolonial/transnational lens. The volume brings counter-terror narratives into dialogue with ideologies of gender, race, ethnicity, nationality, class, and religion, addressing the situation of women as both perpetrators and targets of torture, and the possibilities of a dialogue between feminist and queer politics to confront securitized regimes of torture. This book explores the relationship in which social and cultural texts stand with respect to legacies of colonialism and neo-imperialism in a world of transnational feminist solidarities against postcolonial wars on terror.

To Liberate and Redeem Hebrew Bible Monographs

The second series of Feminist Companions moves beyond the confines of sex- and gender-specific issues and studies of biblical women. Biblical feminist critics now address contemporary life situations, marginalization and a range of questions once not thought accessible to such critique. Feminist theory has also continued a rapid evolution. Among the topics included in this volume are composition, Torah, Ruth-the-Cat, female networking-together with much else to inform and stimulate female (and male) biblical scholars and non-scholars.

The Transgender Studies Reader Fortress Press

Reveals the troubling intimacy between Black women and the making of US global power The year 1968 marked both the height of the worldwide Black liberation struggle and a turning point for the global reach of American power, which was built on the counterinsurgency honed on Black and other oppressed populations at home. The next five decades saw the consolidation of the culture of the American empire through what Erica R. Edwards calls the "imperial grammars of blackness." This is a story of state power at its most devious and most absurd, and, at the same time, a literary history of Black feminist radicalism at its most trenchant. Edwards reveals how the long war on terror, beginning with the late – Cold War campaign against organizations like the Black Panther Party for Self-Defense and the Black Liberation Army, has relied on the labor and the fantasies of Black women to justify the imperial spread of capitalism. Black feminist writers not only understood that this would demand a shift in racial gendered power, but crafted ways of surviving it. The Other Side of Terror offers an interdisciplinary Black feminist analysis of militarism, security, policing, diversity, representation, intersectionality, and resistance, while discussing a wide array of literary and cultural texts, from the unpublished work of Black radical feminist June Jordan to the memoirs of Condoleezza Rice to the television series Scandal. With clear, moving prose, Edwards chronicles Black feminist organizing and writing on "the other side of terror", which tracked changes in racial power, transformed African American literature and Black studies, and predicted the crises of our current era with unsettling accuracy.

Feminist Approaches to the Bible AAR Academy

"It is widely recognized that the Hebrew Bible is filled with rape and sexual violence. However, feminist approaches to the topic remain dominated by Phyllis Trible's 1984 *Texts of Terror*, which describes feminist criticism as a practice of "telling sad stories." Pushing beyond Trible, *Texts after Terror* offers a new framework for reading biblical sexual violence, one that draws on recent work in feminist, queer, and affect theory and activism against sexual violence and rape culture. In the Hebrew Bible as in the contemporary world, sexual violence is frequently fuzzy, messy, and icky. Fuzzy names the ambiguity and confusion that often surround experiences of sexual violence. Messy identifies the consequences of rape, while also describing messy sex and bodies. Icky points out the ways that sexual violence fails to fit into neat patterns of evil perpetrators and innocent victims. Building on these concepts, *Texts after Terror* offers a number of new feminist strategies and approaches to sexual violence: critiquing the framework of consent, offering new models of sexual harm, emphasizing the importance of relationships between women (even in the context of stories of heterosexual rape), reading biblical rape texts with and through contemporary texts written by survivors, advocating for "unhappy reading" that makes unhappiness and open-endedness into key feminist sites of possibility. *Texts after Terror* also discusses a wide range of biblical rape stories, including Dinah (Gen. 43), Tamar (2 Sam. 13), Lot's daughters (Gen. 19), Bathsheba (2 Sam. 11), Hagar (Gen. 16 and 21), Daughter Zion (Lam. 1 and 2), and the Levite's concubine (Judg. 19)"--

Countertraditions in the Bible Fortress Press

In this book, Phyllis Trible examines four Old Testament narratives of suffering in ancient Israel: Hagar, Tamar, an unnamed concubine and the daughter of Jephthah. These stories are for Trible the "substance of life", which may inspire new beginnings and by interpreting these stories of outrage and suffering on behalf of their female victims, the author recalls a past that is all to embodied in the present, and prays that these terrors shall not come to pass again. "Texts of Terror" is perhaps Trible's most readable book, that brings biblical scholarship within the grasp of the non-specialist. These "sad stories" about women in the Old Testament prompt much reflection on contemporary misuse of the Bible, and therefore have considerable relevance today.

Back to the Well Routledge

One of the world's leading feminist theologians demonstrates how reading the Bible can be spiritually and politically empowering for women.

Women in the Hebrew Bible Routledge

Drawing on conversations with hundreds of women about their genitalia, the author presents a collection of performance pieces from her one-woman show of the same name.

Introducing Feminist Theology Orbis Books

In *Spill*, self-described queer Black troublemaker and Black feminist love evangelist Alexis Pauline Gumbs presents a commanding collection of scenes depicting fugitive Black women and girls seeking freedom from gendered violence and racism. In this poetic work inspired by Hortense Spillers, Gumbs offers an alternative approach to Black feminist literary criticism, historiography, and the interactive practice of relating to the words of Black feminist thinkers. Gumbs not only speaks to the spiritual, bodily, and otherworldly experience of Black women but also allows readers to imagine new possibilities for poetry as a portal for understanding and deepening feminist theory.

Discovering Eve Jewish Publication Society

Giving astute attention to social worlds of women of both ancient and modern times, Katharine Sakenfeld explores the stories of eleven women in the Old Testament. In clear and engaging fashion, she reveals the complexity of these women's lives, drawing out the issues they faced and relating their struggles to those women around the world face today. By encouraging women from across the world, in various

cultures, to bring their own experiences to the biblical texts, and sharing the interpretation of some who already have, Sakenfeld allows her readers to see new possibilities for meaning in the Scriptures. Issues discussed include violence, sexual allure, personal betrayal, marginalization, power, and economic survival. Includes study questions for group discussion.

Studies in Bible and Feminist Criticism (JPS Scholar of Distinction Series) Westminster John Knox Press

Transgender studies is the latest area of academic inquiry to grow out of the exciting nexus of queer theory, feminist studies, and the history of sexuality. Because transpeople challenge our most fundamental assumptions about the relationship between bodies, desire, and identity, the field is both fascinating and contentious. The Transgender Studies Reader puts between two covers fifty influential texts with new introductions by the editors that, taken together, document the evolution of transgender studies in the English-speaking world. By bringing together the voices and experience of transgender individuals, doctors, psychologists and academically-based theorists, this volume will be a foundational text for the transgender community, transgender studies, and related queer theory.

Hagar, Sarah, and Their Children Wm. B. Eerdmans Publishing

The writers of the New Testament were largely Jewish and laying the blame for the Holocaust at their feet would be absurd. However, the later cultural origins of anti-semitism means that reading the New Testament after the event calls for a new ethics of interpretation. These essays address this grave issue in detail.

Texts of Terror (40th Anniversary Edition) A&C Black

Gudmundsdottir argues that a feminist theology of the cross serves a dual purpose in feminist hristology: it discloses the patriarchal distortion of traditional christology, and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ.

Texts of Terror Fortress Press

Each of the 30 essays here delves into a topic that gives us much food for thought: the Bible as interpreted through ancient Near-Eastern creation myths, flood myths, and goddess myths; gender in the Bible; the feminist approach to Jewish law; comparative Jewish and Christian perspectives on the Hebrew Bible; biblical perspectives on ecology; creating a theology of healing; feminine God-talk. The volume concludes with the author's own original prayers in the form of poetic meditations on pregnancy and birthing. This book is unique, not only because it is the only volume in the JPS Scholar of Distinction series written by a woman, but also because Frymer-Kensky's personal and forthright voice resonates so clearly throughout each piece. Scholars and students of Bible, Jewish studies, and women's studies will surely find this to be a one-of-a kind collection.

Text in Context Orbis Books

The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns. In the last two decades, an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community, while the reconstruction of the history of the people from whom it derived has been transformed by new methods. This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments, and has a particular concentration on literary and historical study. Thus, it not only clearly recognizes the diversity now inherent in 'Old Testament study', but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation. The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship. Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former. So, essays on the text and its reception discuss primary issues which arise in Old Testament study, while those on background and authorship reflect the continued vitality of, and the fresh perspective possible in, more traditional scholarly concerns.

The Sublime, Terror and Human Difference Longman Publishing Group

AN INSTANT #1 NEW YORK TIMES BESTSELLER? Named one of the most anticipated novels of the season by People, Associated Press, Time, Los Angeles Times, Parade, St. Louis Post-Dispatch, The Guardian, Publishers Weekly, and more. From the #1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise—State of Terror. After a tumultuous period in American politics, a new administration has just been sworn in, and to everyone's surprise the president chooses a political enemy for the vital

position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment, he silences one of his harshest critics, since taking the job means Adams must step down as head of her multinational media conglomerate. As the new president addresses Congress for the first time, with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer (FSO) on the Pakistan desk at the State Department, receives a baffling text from an anonymous source. Too late, she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan, and Iran; the race to develop nuclear weapons in the region; the Russian mob; a burgeoning rogue terrorist organization; and an American government set back on its heels in the international arena. As the horrifying scale of the threat becomes clear, Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an American government out of touch with international affairs, out of practice with diplomacy, and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO; a dedicated journalist; and a smart, determined, but as yet untested new secretary of state. *State of Terror* is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist.

Reading Women Cengage Learning

This landmark work first published 20 years ago helped establish the field of African-American womanist theology. It is widely regarded as a classic text in the field.

Drawing on the biblical figure of Hagar mother of Ishmael, cast into the desert by Abraham and Sarah, but protected by God Williams finds a protype for the struggle of African-American women. African slave, homeless exile, surrogate mother, Hagar's story provides an image of survival and defiance appropriate to black women today. Exploring the themes implicit in Hagar's story poverty and slavery, ethnicity and sexual exploitation, exile and encounter with God Williams traces parallels in the history of African-American women from slavery to the present day. A new womanist theology emerges from this shared experience, from the interplay of oppressions on account of race, sex and class. *Sisters in the Wilderness* offers a telling critique of theologies that promote "liberation" but ignore women of color. This is a book that defined a new theological project and charted a path that others continue to explore.

Income Tax Fundamentals 2022 Harvard University Press

Master the most important areas of today's tax law with Whittenburg/Altus-Buller/Gill's best-selling INCOME TAX FUNDAMENTALS 2022. This concise, practical introduction to tax preparation uses a unique, step-by-step workbook format that integrates actual tax forms. You learn the complexities of the U.S. income tax code as this edition's clear, up-to-date presentation walks you through real, current examples using the most recent tax forms. A variety of end-of-chapter problems and online exercises offers hands-on practice with tax return problems that use source documents identical to those of real clients. Professional Intuit ProConnect™ tax preparation software also accompanies each new book. In addition, numerous study tools and powerful online resources, including the CNOWv2 online homework tool, help you further refine your knowledge and practical skills to become a successful tax preparer today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Just Wives? PublicAffairs

This substantial commentary presents 1 Samuel as a sophisticated work of literature, where the reader is challenged with a narrative that is fraught with interpretative possibilities. In his distinctive literary reading Bodner lays special emphasis on the intriguing array of characters that populate the narrative, and on the plot, in its design and its configurations. Thus, a host of intriguing episodes and personalities are passed in review: from the symbolically charged closed womb of Hannah to the backwards fall and the broken neck of Eli, to the strange tour of the Ark of God through the menacing Philistine pentapolis, wreaking havoc. Then there is the complex portrayal of Samuel the prophet, the emergence of the fugitive David as a leader, and the eventual decline, madness, and necromancy of King Saul. Only through a literary study of its many ironies and ambiguities, Bodner amply shows, can the richness of this classic royal drama be fully appreciated.
